**THE AIR IS DIFFERENT**

Lake of Bays is one thousand or more feet above sea level, and the altitude of this sequestered group of lakes combines with the fragrance of the pines to give the visitor a new vigour in life. You have real enjoyment—golf or paddling all day long without tiring. You eat heartily and sleep like a log.

Select your own type of accommodation, for here you have them all from rustic cottage to the most pretentious of hotels. Canadian National Railways' comfortable trains connect at Huntsville with the steamer for all points on the lakes.

Ask any Canadian National Agent for information and literature on this attractive country.

**SECOND ANNUAL FIELD DAY AND CONCERT, EAST VAUGHAN RATEPAYERS ASSOCIATION, WILL BE HELD AT RICHVALE NEXT SATURDAY AFTERNOON AND EVENING. SOFTBALL, SPORTS, SUPPER AND CONCERT.**

**GENERAL NEWS AND VIEWS**

Civic holiday has been proclaimed for Richmond Hill on Monday, August 5th. This is in accordance with the custom of the majority of Ontario towns in adopting this date.

Mr. T. A. Lamon, of Toronto, formerly of Richmond Hill, figured in a motor accident last Friday when motoring from Ottawa, where he attended the meeting of Grand Lodge A.F. & A.M. Although the cars were badly damaged the occupants of the car fortunately escaped injury.

We are pleased to report that Mr. P.W. Pearson, M.P.P., for North York, is improving, though slowly.

Mayor A. J. Davis, of Newmarket, recently entertained the members of the council of the northern town to a week-end party at his summer home in Muskoka.

At the last meeting of Markdale Council the Clerk was instructed to draft a by-law exempting from taxation for three years any person building a house in Markdale. House must be approved by the council. A similar move in Richmond Hill might encourage building here.

Deer hunters in Ontario in the future are to be numbered and badged, according to a new regulation of the Department of Game and Fisheries. When receiving a deer license hunters are to be given a badge about the size of a half dollar upon which is also stamped the number of the deer license. This is to prevent any dispute as to hunters carrying another person's license.

The ass that spoke in Bible times would now have a wonderful time over the radio, Brandon Sun thinks.

When Mr. R. B. Bennett says the Dominion government is like Micawber, "waiting for something to turn up," he ought to know what he is talking about. Nobody in Canada is waiting more anxiously for "something to turn up" than is Mr. Bennett himself.—Manitoba Free Press.

Of the 75 Newmarket pupils who tried their entrance, 100 per cent. passed, not one single failure, forty five of the pupils passing with honors.

Thornhill, Lansing, Aurora and Newmarket Girls Softball teams will compete at the Richvale Field Day next Saturday.

**THE FORD CAR STEEL SPOKE WHEELS**

Close up view showing how Ford Specified Tire fits into drop centre rim.

**Greater Strength and Durability**

**THE** Ford Steel Spoke (Drop Centre) wheel is an advanced step in engineering and the result of exhaustive experimental tests. It is smart in appearance, extra strong, having a lasting finish, easy to clean and provides a simple method for mounting and demounting the tire without tools and in a fraction of the time previously required.

The steel rods or spokes, 1/4" in diameter, are electrically welded to rim and hub shell. The finish is enamel baked on steel. Possessing great resiliency and being one solid piece, these wheels have a sturdiness not approached by any other type.

The Ford wheel eliminates loose, squeaking spokes and rims, pinched tubes, chipped or peeling finish, necessity of tire flap, misalignment of tires due to carelessly mounted rims, and a host of other wheel and tire ills formerly encountered. It permits of easy steering and no drumming sound is created by the wind.

There is an enormous amount of careful work necessary to build strength and service into the Ford Steel Spoke wheel, and the results justify the engineering study and skill devoted to this feature of the Ford car.
