We solicit orders for
cut flowers for all oc-
casions which will be
promptly and cheer-
fully filled.

**Save yourself
at our expense**

Don't try to do the heavy parts of the fam-
ily wash. Let us help you. This new plant
was designed and equipped for that very
purpose and can give you as much or little
help as you desire by means of five differ-
ent kinds of laundry service—all moder-
ately priced. We use only soft water and pure
soaps, etc. No marking, no starching, and
each wash done separately.

We Call In Richmond Hill District
TUESDAYS and FRIDAYS

If you will have laundry ready when driver calls, you will assist us in
giving good service. If you only have driver call when phoned for,
Call up as early as convenient to insure prompt attention.
Phone Orders for Our Driver, Parcels may be left at Liberal
Office, Telephone 9, Richmond Hill

MAPLE

A pleasant time was spent at the
home of Mrs. J. A. McMurachy last
Wednesday evening. Miss E. B. Car-
ey, late Principal of the Public school
was the guest of honour and during
the evening, the presentation of a
travelling case and a writing case was
made by Miss Johnson and the follow-
ing address was read by Mrs. A. C.
Robinson.

Dear Miss Carey,
We, a number of your Maple friends
are assembled here this evening to ex-
press to you our deep regret in the
fact that you are severing your con-
nection with us and to express our ap-
preciation of the work that you have
done while with us. During the al-
most twelve years that you have been
in our midst you have always been
ready to assist in every good work and
to take an active part in every social
event. By your kindness and
thoughtfulness you have endeared your
yourself to all and we feel that your
going will be a loss which will be dif-
ficult to replace.

We would especially refer to the
part you have taken as a member of
the choir of St. Andrew's Church, and
wish to thank you for all your work
while a member of that organization
both in the Sunday services and on so-
cial occasions. When called upon you
always responded cheerfully, which
made it a pleasure to ask your assist-
ance.

We cannot think of letting you leave
us without showing in some other
way besides in mere words our appre-
ciation of all the many acts of unself-
ishness, and our esteem for you, so
therefore ask you to accept this travel-
ling case and this writing case, with
the hope that you may find them use-
ful, and when using, they may bring
back happy memories of the many
friends you leave behind, signed Mrs.
McMurachy, Mrs. Lawrie, Miss John-
son. Miss Carey was taken by sur-
prise and replied in a few words
thanking the donors for their gift.
Dainty refreshments were then served
by the ladies.

The officers and members of the
C.G.I.T. wish to thank their friends
for their patronage at the sale of
home-baking on Friday afternoon.
The proceeds of the sale were \$21.00.

The second team of the Women's
Association of the United Church will
hold a sale of home baking at Mr.
Bailey's store on Saturday, August 3,
at 3 o'clock.

In the standing field crop competi-
tion, the first prize was won by Mr.
Thomas Cousins for Fall Wheat, Daw-
son's G. Chaff variety, by 92 points.
The second prize by 91½ points was
won by Wesley Clarkson. There were
eighteen competitors.

A number of men have been at work
putting up cables for the telephone
and the old wires are to be removed.
The telephone central office is now
located in the Company's building on
Maple Avenue.

Mr. Glasser, of Pittsburg, Pa., is
spending a few days at Mr. E. Godd-
en's.

Mrs. P. Crooks and daughter, of De-
troit, spent several days last week at
the home of Mrs. McMurachy.

Rev. Mr. Cole, a retired Baptist
Minister, of Woodbridge, occupied the

pulpit of St. Andrew's Church on Sun-
day.

The name of James McCluskey, a
pupil of Hope school, was omitted last
week from the list of successful candi-
dates in the recent entrance examina-
tion.

Mr. James Martin, of Toronto, has
rented Mr. G. Jarrett's barber shop,
and has commenced work there.

Mr. and Mrs. D. Green, and Mr. and
Mrs. Edmonds, of New Hampshire,
have motored over and are spending a
few days with Mr. Green's sister, Mrs.
Murray Woods.

**MAPLE FIELD DAY ON SATUR-
DAY, AUGUST 31st**

Maple Annual Field Day and Reun-
ion will be held on Saturday, August
31st. A general community meeting
to make plans for the event will be
held on Wednesday, August 7th and
everybody interested in helping make
the day a success are urged to attend.

A hick town is a place where the
traffic cop calls you Billy instead of
Hey-you.

The highbrow is one who thinks "the
immortal Bobby" refers to Burns
instead of Jones.

FALL FAIR DATES

Dates of the Ontario fall fairs have
been issued by J. Lockie Wilson, of the
Department of Agriculture, and the
following list of dates is of particular
interest to the district:

- Alliston — October 3 and 4.
- Barrie — September 23 and 25.
- Beaverton — September 26 and 27.
- Beeton — October 1 and 2.
- Bracebridge — September 25 and 27
- Bradford — October 8 and 9.
- Burk's Falls — September 19—20.
- Coldwater — September 17 and 18.
- Collingwood — September 25—26.
- Cookstown — October 10 and 11.
- Elmvalle — September 30, Oct 1 & 2
- Gravenhurst — September 19 and 20
- Huntsville — September 12 and 13.
- Lindsay — September 18 — 21.
- Meaford — September 18 — 20.
- Midland — September 19 — 21.
- Orillia — September 12 — 14.
- Oro — September 11.
- Port Perry — September 16 — 17.
- Port Carling — September 10 — 11.
- Rama — September 17 — 18.
- Rosseau — September 12 — 13.
- Severn Bridge — September 27.
- Shelburne — September 26 — 27.
- Sunderland — September 24 — 25.
- Sundridge — October 1 — 3.
- Sutton — August 8 — 10.
- Utterson — September 18 — 19.

**24 BALL and
ROLLER Bearings**

Reduces Friction
and Makes for
Ease of Operation

LAVISH use of ball and roller bearings in the Ford car greatly
reduce friction and contribute to easier operation and
longer life of the car. Note the coasting ability of the Ford car
as compared to any other automobile in its weight class.

Examination of the chassis will at once show the advantages of
these bearings. On the rear axle pinion and differential all the
taper roller bearings are held to such close limits that adjustment
is unnecessary, pinion and ring gear always being held in proper
mesh.

Spiral roller bearings are used in the rear hub because of their
large bearing surface and ability to carry heavy loads. One is
also used on the drive shaft at the universal joint end, to assure
perfect alignment.

Taper roller bearings in the front wheels have a simple adjust-
ment. Roller thrust bearings on the spindle bolts make for easy
steering. Two bearings, one above and one below, take up
the thrust on the steering worm.

The fan shaft operates on a roller bearing. The generator, the
transmission, the connection between the spline and drive
shafts, the clutch, the flywheel—all these important parts are
made more efficient and enduring through the use of ball and
roller bearings.

These bearings form a striking illustration of the engineering
skill and care used in building the Ford car.

Drive it

there is no
Better Test

**Ford Car
Features**

- Choice of colours
- 55 to 65 miles an hour
- 40-horse power engine
- Full balloon tires
- Fully enclosed six-brake system
- 4 Houdaille hydraulic shock absorbers
- 20 to 30 miles per gallon of gasoline
- Shatterproof glass windshield
- Theft proof ignition lock
- Reliability and low upkeep
