THE CAMPAIGN PROGRESSES

The election campaign throughout Ontario and in the York County ridings is commencing to warm up and representatives of both parties are busy drumming up political enthusiasm among party workers and doing missionary work on the hustlings. There are very definite issues to be decided by the people and the contest is featured through out the province by the fine type of candidates who are offering themselves for election or rejection at the hands of the voters.

In York County the people have splendid candidates running for the respective parties and the campaign promises to be fought fair and square on the issues of the day and free from the objectionable features which sometimes mar elections.

As the campaign progresses the liquor issue continues to keep in the foreground despite the attempt of government candidates to make the people believe otherwise. Rising expenditure and increased public debt are also arguments which the government candidates are called upon to face and the educational policy of the administration is under fire from every direction. Premier Ferguson is notably silent on the matter of township school boards but the people are mindful of his many public utterances on this subject and are suspicious of his silence. The Premier should let the people of Ontario know exactly where he stands on this important question which if put into practice will undoubtedly add to the burden of the rural tax-payer.

In the local ridings the people are interested in the policy of the government as it applies to the construction of sidewalks along provincial highways and the operation of City of Toronto busses over roads built by the people of the province of Ontario. The people of the York ridings will be interested to hear Hon. G.S. Henry discuss these subjects of such vital concern to the people.

The large number of accidents on local roads and highways has created interest in Hon. W. E. N. Sinclair's manifesto which makes provision for government aid in the promotion of safety measures. The loss of human life and property on the highways of Ontario is of such appalling proportions to demand the attention of the Government and the candidates in this election.

Generally speaking the campaign is certainly warming up and the introduction of so many local issues adds to the interest and public meetings throughout the ridings promise to be largely attended. A great majority of the electorate are doing their own thinking on these local matters and will be interested in hearing the candidates who seek their support discuss them on the public platform.

LIFE INSURANCE

Payments to the extent of over ninety-nine millions were made to Canadian policyholders during 1928, almost half of that sum having been paid to living policyholders in matured endowments, disability claims, life annuities, etc.

While figures are not available for the number of persons directly benefitting by these disbursements, it is not difficult to imagine the amount of suffering and want which was alleviated by such a colossal sum, the largest paid out by insurance companies in any one year in the history of Canadian insurance.

The possession of any form of insurance reassures men and relieves them of worry. No one can estimate the value of the mental, nervous and physical health retained, nor the value of the increased efficiency of mental and manual workers who have lifted their cares by means of life insurance.

Life insurance has passed from the category of what may be deemed an expense to be shunned wherever possible, to where the vast majority of people now consider it among the necessities of life and business. It has taken a strong grip on the people. The great effect upon the economic life of the nation can hardly be measured because of the diversity of uses to which such vast sums of money are put.

Those who feel that the administration of the liquor Control Act and the declaration of Premier Ferguson that there shall be no plebiscite will support the Ferguson Government candidates in the present election. All who are opposed to the manner in which the Liquor Control Act has been administered and all who favor the principle that the people should be given an opportunity to decide the question should support the Liberal candidates.

Plan now to cast your vote in the coming elections. There were thousands of uncast votes in the York ridings in the last provincial elections which does not reflect credit on the electorate. Plan to vote on October thirtieth and make sure every member of your household votes.

Harold A. Sanders, Liberal candidate in East York and G. W. P. Hood, Liberal candidate in South York, leave no doubt as to where they stand on the question of radials on Yonge Street. They have voiced opposition to the policy of Hon. G. S. Henry who granted a permit to the T. T. C. to operate busses on Yonge Street which still threaten the continuance of the radial service.

Hon. G. S. Henry and the Ferguson Government are responsible for the inadequate Highways Policy which makes no provision for sidewalks for pedestrians.

A vote against the Ferguson candidates is a vote to give the people an opportunity of deciding for themselves how liquor shall be handled in the province of Ontario.

Activities In The Political Field

HON. W. E. N. SINCLAIR

Five radio stations will carry to all parts of the Province the address of the Honourable W. E. N. Sinclair, the Ontario Liberal Leader, which will be delivered at the great Liberal rally in the Armouries at Oshawa on the evening of Wednesday, October 16th.

These stations are as follows:—
C.F.C.A., Toronto, 357 M. 580 Kc.,
C.F.R.B., Toronto, 312 M. 960 Kc.,
C.J.G.C., London, 330 M. 910 Kc.,
C.N.R.O., Ottawa, 500 M. 600 Kc.,
and C.K.P.R., Midland, 268 M. 1120 Kc.

Mr. Sinclair is following the precedent of Canadian and British statesmen in delivering the most important message of the campaign in his own riding, Ontario South, and Liberals from all over the Province are planning to be present. Motor parades and bus parties are being organized in the adjacent ridings and from the City of Toronto, while groups are coming from more distant points. The meeting will start at 8 p. m., under the chairmanship of Mr. W. A. Dryden, President of the South Ontario Liberal Association, while the broadcast of Mr. Sinclair's address will commence promptly at 9 o'clock Eastern Standard Time.

Another feature of the meeting is the installation of amplifiers which will carry the programme and the speeches to all parts of the large hall and also outside the building.

At an enthusiastic convention held at Agincourt last Thursday evening, Harold A. Sanders, of Stouffville, was chosen as the candidate in the present election. The name of Mr. Sanders was expressed by Levi Annie, prohibitionist candidate in the last election and in making the nomination he paid tribute to the ability and character of the candidate.

"Liberalism in East York is not dead," he said as he presented the nomination report, "and Mr. Sanders is the man to carry on the principles for which our forefathers fought. He is of good old Liberal stock and heartily in accord with Liberal principles. He is a young lawyer who knows how to conduct a strong, vigorous and intelligent campaign. He is a man of stern integrity and carries temperance principles down through his life and home."

Allan MacDonald is reported to be still in the field as a candidate of the English Language League in East York.

G. W. P. Hood, barrister-at-law, was unanimously selected as candidate for the forthcoming provincial election by the South York Liberal Association, at a meeting held in Silverthorn Memorial Hall on Saturday evening last. There were four candidates nominated, G. W. P. Hood, Dr. Kelly, Dr. Maclean, and W. J. Noble. The three latter withdrew in favor of Mr. Hood. The speakers of the day in addition to those nominated were Mr. McCreath, vice-president, of the Toronto Men's Liberal Club, Col. A. T. Hunter and Harry H. Johnson, Federal Liberal organizer for Ontario. The candidate Mr. Hood was given an enthusiastic reception. He denounced the Ferguson government for the policy of increased expenditure and greater taxation. He referred to the Liquor policy of the government and characterized the Liquor Control Act as a complete failure.

W.G. Baldock

G. W. P. HOOD

Barrister, of Mount Dennis, who is contesting the riding of South York as the Liberal candidate. Mr. Hood strongly supports the plank of Mr. Sinclair's platform, which provides for a plebiscite on the liquor question.

The conservative organizations in both East and South York are busy and a series of meetings throughout the riding will be announced shortly.

Harold A. Sanders, Liberal candidate has commenced a vigorous campaign and a number of public meetings in all parts of the ridings. The speakers at these meetings will include many of the foremost speakers of the province.

Those opposed to the liquor policy of Hon. G. Howard Ferguson are already very active in the East York riding working in the interests of Harold A. Sanders, the Liberal candidate.

Leopold Macauley was unanimously chosen to carry the Conservative standard in the riding of South York. Mr. Macauley was the former member and in his address he defended the record of the Ferguson Government and appealed for a mandate to continue the expansion program outlined by the premier.

A joint meeting in the interests of Hon. G. S. Henry, conservative candidate in East York and Leopold Macauley, conservative candidate in South York, will be held in Richmond Hill on Thursday evening next, October 17th at 8 p. m. Prominent speakers will address the meeting which will be held in the Masonic Hall and a large crowd is expected.

First Fond Illusions.—The Sister—"Captain Randall proposes in this letter. I wonder if he really loves me—he's only known me a week."
The brother—"Oh, then, perhaps he does!"—Humorist.
