SMALL GRAIN ANTHRACITE FREE AIR & \$800 A TON

A GILSON FORCED DRAFT SYSTEM WILL SAVE YOU 40 to 60% on FUEL COSTS

A SILENT, efficient automatic equipment easily and quickly attached to any style of furnace. Not only supplies sufficient draft to burn Buckwheat Anthracite and other small grained coal, but gives you 100% service in economy and heating value.

You get 2,000 lbs. in a ton of buckwheat anthracite—identically the same coal as the larger sizes, equal in every way in heating qualities, and at about \$8 a ton, compared to \$15.50 for the larger sizes.

Automatic control of heat and regulation of draft. The automatic Thermostat located in the hall, dining-room or kitchen permits you to regulate your heat supply with the minimum of attention to the furnace.
