GENERAL NEWS AND VIEWS

An appropriate valentine for tomorrow—for General Manager Harvey, of the T. T. C.—a bus with engine trouble and stuck in a snow-drift.

Another one somewhat similar for Hon. G. S. Henry only a note on the bottom that in a straw vote in this district there were 803 votes for a Radial Service and NONE for a Bus Service.

Speaking of valentines, a good one for Mr. William Davies would be a life sized portrait of "Morning Work."

Reeve A. H. McKenzie, of Woodbridge, and Reeve W. Holborn, Sutton presented a by-law requesting the legislative committee of the County Council to interview the Provincial Government, asking it to grant villages and small municipalities the right to license peddlers and hawkers.

If the additional license fee and insurance rates proposed by the Department of Highways, are passed, a considerable hardship will be put upon county milk haulers was the contention of a deputation that addressed York County Council in the interests of some 135 truck drivers. Members of Council were unanimous in sanctioning a resolution to be presented to the Department of Highways, stating that such levies were unjust.

Inspector A. L. Campbell presented the report of the public schools in the county, at the County Council last week. At present there are 199 public schools employing 910 teachers, composed of 164 males and 746 females. No teachers have a third-class certificate, while 172 have first-class, 725 second-class and 13 special kindergarten. There are 41,270 pupils attending the schools, with classes divided as follows: Primary 21 1-2 per cent., first class 15 per cent., second class 18 per cent., third class 23 per cent., and fourth class 22 1-2 per cent.

Simcoe County Council went on record as favoring the government assuming ninety per cent. instead of eighty per cent. of the cost of provincial highways.

The town of Barrie is seriously considering an increased tax on dogs, especially large dogs, or else the passing of a by-law prohibiting the running at large of dogs during certain months.

Simcoe County Council recommends to the municipalities the granting of a reward of \$10. for killing of dog or dogs in the act of worrying sheep.

The annual loss due to sheep killed by dogs is a large amount. Not only does it represent a large loss but it is also a hindrance to the sheep breeding industry.

Orillia merchants have established a credit bureau.
Don't overlook the opportunity to win five dollars cash prize by sending in a suggestion how to improve the Richmond Hill annual Spring Fair which will be held on May 24th.

One week was the duration of the January session of the Ontario County Council this year. That would be a good example for the York County Council whose January session stretched into February and lasted three weeks.

A Scotchman wrote to eleven tailors asking for their pattern books. He now has a beautiful new rag rug.

Sixteen public spirited citizens of Stouffville acted as a guarantee to secure for that town a four day Chataqua. The proceeds were \$150, short of the required amount and the said sixteen public spirited citizens had to dig down in their jeans for the deficit. That's a good test of public spirit.

HUDSON 1504-F

Already weather prophets are predicting an early spring.

There are many cases of long service records among municipal employees of this country and municipal servants, by and large, have a reputation for meticulous fidelity. It would be hard to beat this record, however: John R. Dargavel of Elgin, former member in the Legislature for North Leeds, has been clerk of the township of South Crosby for fifty-five years, during which time he has never missed a meeting of the township council.

A certain Missouri editor refuses to publish obituary notices of people who, while living, failed to subscribe to his newspaper, and gives this pointed reason: "People who do not take the home town paper are dead anyway, and their passing has no news value."

Readers of The Globe were startled Wednesday by a headline: "Mayflower in Bloom." Perusal of the article showed the Mayflower was blooming in a house. In a house is right.

Owen Sound has an "odd job" register at the city-clerk's office where men out of work register their names and get work as opportunity offers.

Arrangements have been made to furnish milk to pupils in Orillia schools during morning recess. It is pointed out by those who favor the scheme that young children are most fatigued by morning recess and that the milk will sustain them until lunch time.

A Texas newspaper records that Alex Shott and John Nott fought a pistol duel, in which, curiously enough Nott was shot and Shott was not. In other words, the shot Shott shot shot Nott.

For those who desire quality clothing at a moderate cost

Richmond Tailors have established a creditable reputation throughout York County and Neighbouring districts for Quality Tailored Garments for Men and Women.

The pleasing feature to all is that we have placed finest quality hand-tailored clothes within the reach of all as our prices are most reasonable.

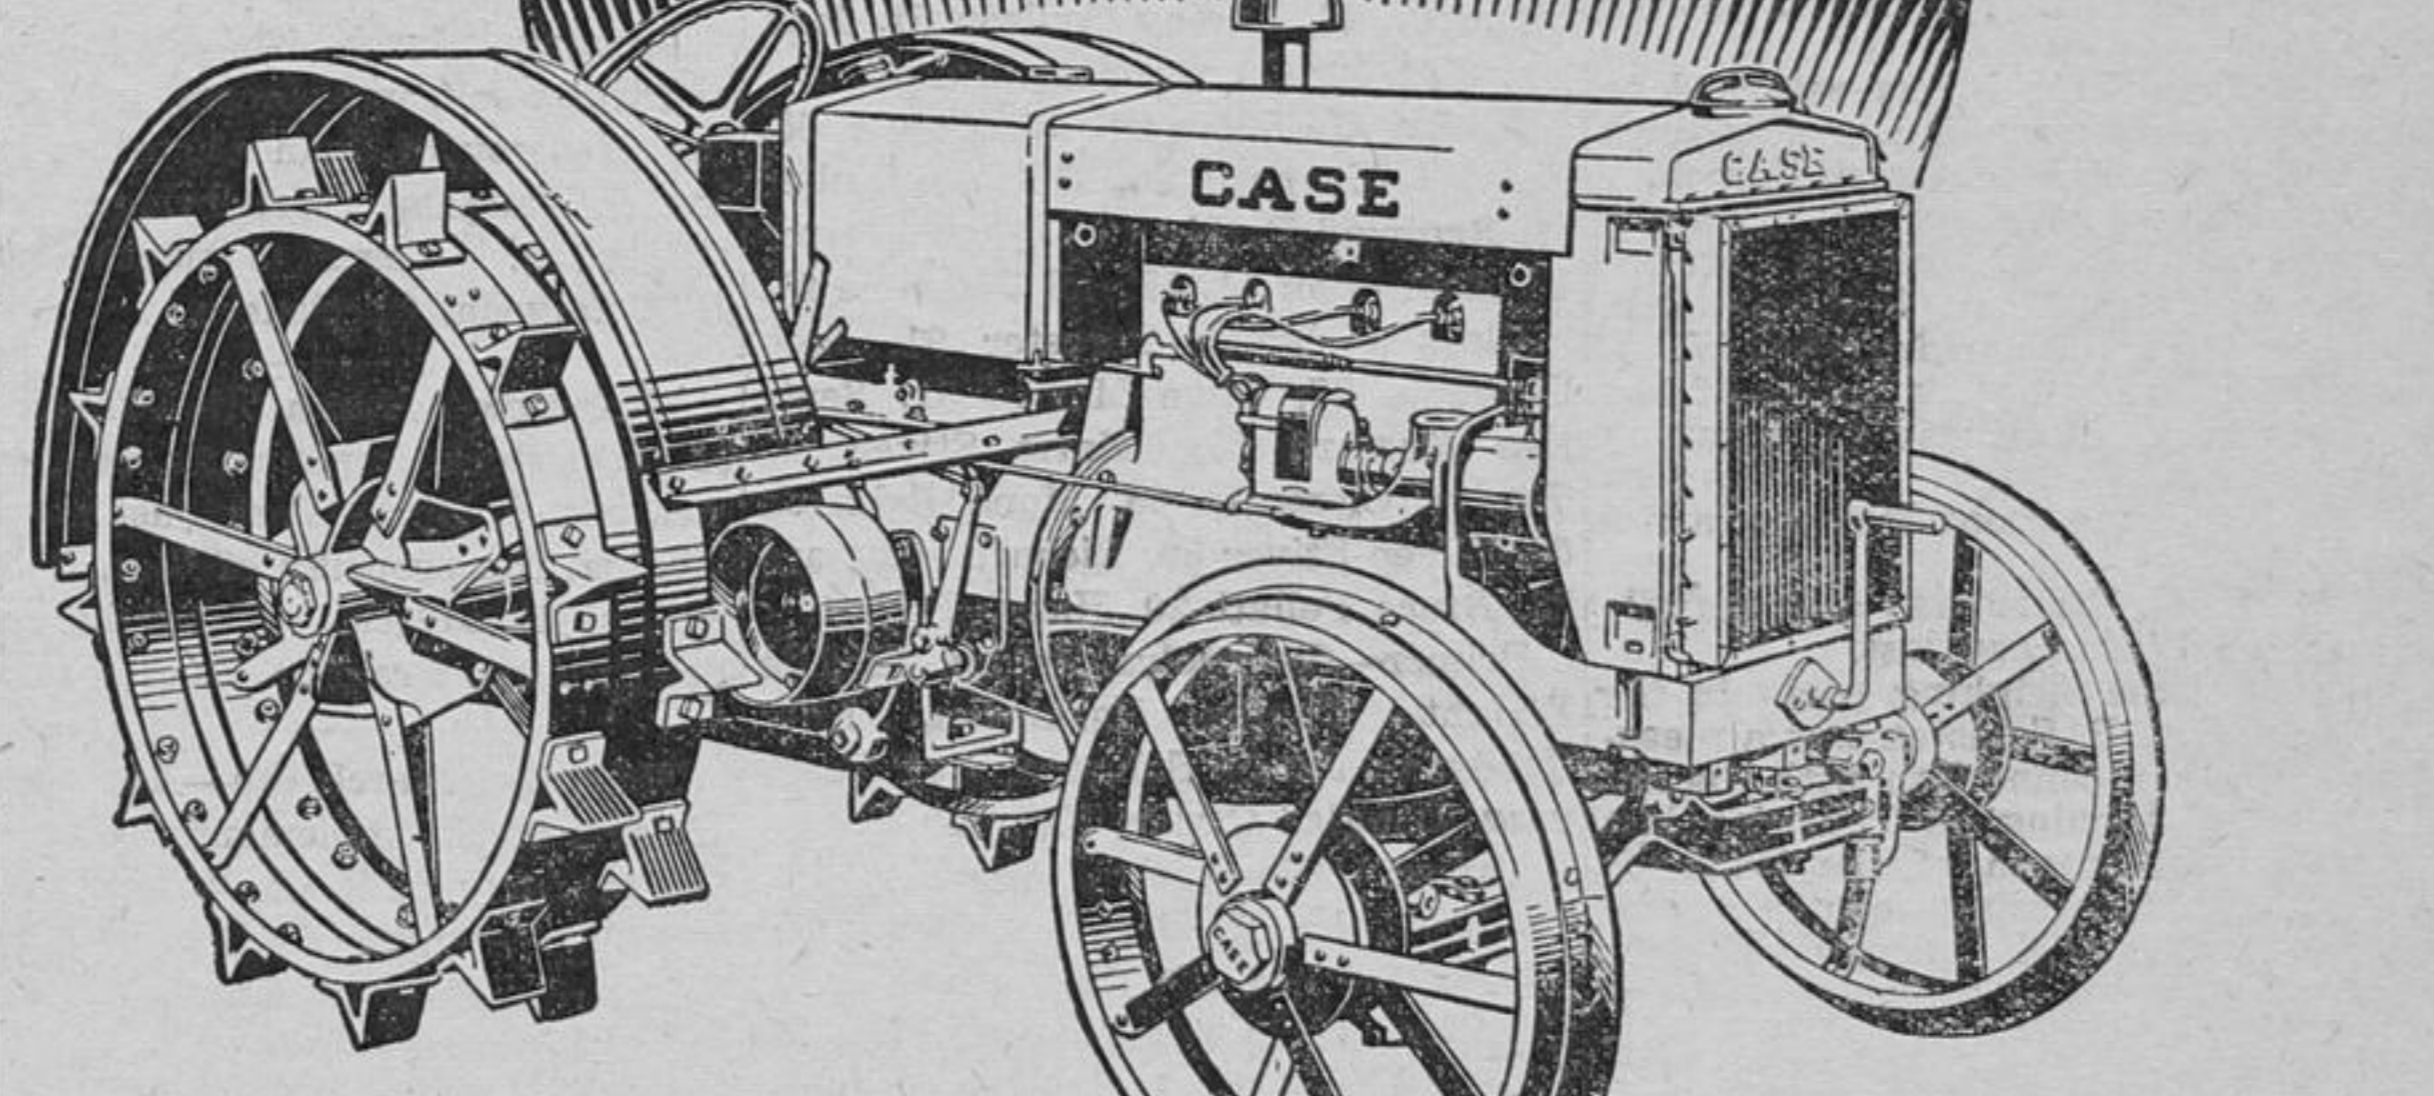

We have always a large stock of choicest materials to choose from and a visit to our store will convince you that our reputation and fast growing business is the result of our policy of giving our customers the maximum value for their money.

Call in and see us or telephone and we will be glad to call on you.

NEW TRACTOR PERFORMANCE

THE important thing to consider in connection with a tractor is the kind of performance you may expect from it.

In the new Model "C" Case Tractor, a new type of construction assures you of better performance. All parts in the valve-in-head engine are sealed against dust. The massive well-balanced crankshaft is machined to the closest limits and drilled for pressure lubrication. Main bearings are of special babbitt alloy, bronze-backed. The cylinder sleeves are removable. The gears are of special steel and heat treated. The clutch is hand operated and can be manipulated from the ground as well as from the tractor seat. All controls are located most conveniently for the operator.

The new type of construction is also shown in the compactness and light weight. Although the tractor pulls 2-3 plows, a small to medium size thresher, or other machines of like capacity, it weighs but a trifle more than two draft horses and it is only 48 inches high. Three forward speeds, 2 1/2, 3 1/2 and 4 1/2 miles an hour, put new speed into every farm job.

Never before have you known or seen a tractor like this. Its faster, better work and easy handling will aid you in securing greater profits from your farm. It won't obligate you to come in and look at it.

JACK GRAY
MAPLE PHONE MAPLE 3065

1. Powerful valve-in-head engine.
2. Removable cylinder sleeves.
3. Heavy 3-bearing crankshaft drilled for pressure lubrication.
4. All parts sealed against dust.
5. Hand operated clutch, easily handled from the ground as well as from the tractor seat.
6. Final drive of strong steel roller chains, enclosed and operating in oil.
7. Three forward speeds, 2 1/2, 3 1/2 and 4 1/2 miles per hour.
8. Irreversible steering gear. Outside turning radius, 10 ft.
