

Hockey Notes

RICHMOND HILL "KIDS" LOSE TO THE BUTTENVILLE "ALL-STARS" — DICK LEWIS, GOALIE FOR THE WINNERS, SAVED THEM FROM A BAD BEATING

Unionville Arena was the scene of another hectic battle on Friday night, when the "Smiling Richmond Hill Kids" played a postponed scheduled game with the Buttonville "All Stars" and after playing sixty minutes of real fast, clean hockey, with only four minor penalties handed out by referee Robb, the Buttonville aggregation pulled out on top with a 4 to 1 victory.

There was a large crowd of fans from all over Markham Township and a large number from Richmond Hill on hand to witness this game, and all were well satisfied. This game did not mean anything to Richmond Hill, whether they won or lost as their position in the league was secured.

Buttonville had the edge on Richmond Hill in the first period and played some very clever combination to score their first goal, which was scored by Martin, and in the second stanza for the first ten minutes scored three more goals on combination. In the last ten minutes of this period the Richmond Hill "kids" came back to their old form and they bored right in on the Buttonville aggregation, but their goalie saved them from getting a bad beating, as Richmond Hill had them skated dizzy and there wasn't a man got passed the Hill forwards, who were pressing in hard on this clever aggregation of hockey players, and they peppered shot after shot on "Dick" Lewis who was in the nets for the winners. They had the Buttonville net guardian jumping and bobbing around like a "Jack in the Box," and the period ended with the score 4 to 0 in favor of Buttonville.

The third and final period the Hill "kids" all went up on the attack and again had the winners cooped in past their blue line. There was only five shots on Grainger in this period and they were easily turned aside. After five minutes of play Ken Blanchard slipped the puck passed Lewis for the Hill's first and only counter. Richmond Hill never once gave up trying and went down to defeat a fighting aggregation. The star for Buttonville, was Lewis in goal who was the most sensational player of the evening and who saved the day for his team, while H. McDonald and D. McDonald were the others who showed up well. Blanchard, White and Young with Grainger in the nets were the pick of the losers. The line-up is as follows:

Buttonville—Goal, Lewis; Defence, Stevens and Barber; Forwards, McDonald, Cherry and McDonald; Subs, McMullen and Martin.

Richmond Hill—Goal, Grainger; defence, White and Lynett; Forwards, Mackie, Crean and Blanchard; Subs, Young and McLean.

BUTTONVILLE AGGREGATION

Buttonville is a community situated in the Township of Markham on the fourth concession. Mr. Jack Allen who is a citizen of this village and a real sport and a lover of Canada's National game of hockey, and who is this year managing the Buttonville aggregation in the Markham Township League has gathered together a real combination of hockey players who are picked to win this league.

THE "SMILING RICHMOND HILL KIDS"

The town of Richmond Hill a town of about 1200 citizens and is situated on the Yonge Street Highway No. 11. "Hank" Grainger a Richmond Hill born boy and who has lived here all his life was this year appointed manager of the Richmond Hill Hockey club, and he has gathered together a fast aggregation of young hockey players, who are all home boys and they are a credit to the town. They have made a wonderful showing in the Markham Township Hockey League for their first time. The local aggregation have lost two games all winter and they were played at the Unionville Arena against Agincourt and the Buttonville teams. They have won six and tied two. They have qualified for the finals but were put out by Milliken on Tuesday night.

FINALS WILL BE PLAYED AT UNIONVILLE ARENA — POOR LIGHTING AT RICHMOND HILL ARENA

The officers of the Markham Township Hockey League have decided to have all final games played at the Unionville Arena with the following teams taking part; Richmond Hill, Milliken, Agincourt and Buttonville. All scheduled games for Richmond Hill have been played on the Richmond Hill Arena and have been attended by large crowds from all over Markham, Vaughan and Richmond Hill. But as the other teams have complained of the lighting of the Hill Arena and as they figure it is a difficult matter to play on the poor lighted Arena, Richmond Hill were asked to play their final games at the Unionville Arena. Richmond Hill like a good bunch of sports finally decided to give into the other teams and will play all the final games "over yonder" in the Unionville Arena.

NO SILVERWARE FOR RICHMOND HILL — MILLIKEN SCORE 2 FLUKE GOALS TO QUALIFY FOR FINALS — SCORE 3-2

Well fans there will be no silverware in Richmond Hill this winter. Richmond Hill made a great fight to remain in the running for the Markham Township League Championship, but Milliken were a little bit too good for the Hill "kids". Two fluke goals that went in, one off Grainger's stick and the other that tied up the works went by Grainger off White's skate into the corner of the net. Their third and deciding goal was scored from the left boards on a shot by Mason. Richmond Hill never gave up and tried hard to tie it up, but weakened by the strain. Richmond Hill had the edge in the first period and scored the first goal after five minutes of play, when Morse stick handled his way through the whole Milliken outfit and slipped the rubber by Petch. The first period ended with Richmond Hill leading 1-0. In the second period Morse again showed his hockey ability by working his way through again and scored goal number two. Milliken tied it up in this period by two fluke goals. This defeat puts Richmond Hill out of the finals, but they still have to play to decide who will occupy the second and third positions of the league. Whether the Hill boys will stick with it or not we cannot say but if they do they will meet the losers of the Buttonville—Agincourt game which will be played to-morrow night. The stars for Milliken were, Petch in goal, Solomon and Mason, while Morris, Porter and McLean were the pick of the losers. The line-up is as follows:

Milliken—Goal, Petch; Defence, Boyd and Solomon; Forwards, Sharland, Cosburn and Grant. Subs, Alf Mason, Butch Mason and Loveless.

Richmond Hill—Goal, Grainger; defence, White and Lynett; Forwards, Morris, McLean and Porter. Subs, Mackie, Crean and Blanchard.

Referee — Jack Robb.

Now that the league is finished for Richmond Hill how about playing exhibition games.

There is talk of Richmond Hill "kids" challenging any of the four teams that are in the play-offs of the Markham Township League to come to Richmond Hill and play.

Now that the Hockey Season is about due to "Fall Down and Go Boom" how about baseball.

There is a rumor around that there will be a Softball League in the Markham Township this summer. Do you suppose Richmond Hill would have a chance to enter.

The North German Lloyd Company of Montreal is arranging for a trip of German farmers to Canada next summer with a view to investigating Canadian conditions and agricultural opportunities. The trip will commence with a visit to the Annapolis Valley, stopping at Kentville to view the Experimental Farm and the orchard country of Nova Scotia.

The Department of Lands and Forests reports that 1076 moose and 1,335 deer were killed in Nova Scotia during the hunting season of 1929.

New Brunswick's potato crop for 1929 will have an official valuation of at least \$8,000,000 placed upon it according to intimations of the Provincial Department of Agriculture officials, when the final report of agricultural conditions for the crop season was issued recently.

COAL
We feel annoyed when our cars fail to give us good mileage from a gallon of gas. But as for our furnaces, oh that's different. The average householder does nothing but order more coal. Anthracite supplies the safest, cleanest, most economical heat and we have selected what we believe to be the best Anthracite. Experience has shown that even with the best quality, much more is burned than is necessary. We would like to help every customer get full value from his coal. Keeping a furnace clean—proper draft control—banking a fire—the use of small coal with large—Will account for a large saving on coal and in time. Our coal is clean, well sized and with less impurities.

The Answer to the Burning Question

Every Bell Telephone is a Long Distance Station

Sell this new way—by Code Numbers
Many progressive firms today are using long distance telephone service to get sales at lower costs. They divide their territories into "Key Towns" from which different groups of customers can be called conveniently and economically.
We assist in this by compiling Sequence Lists of calls and giving each call a Code Number. The salesman then just tells the Long Distance operator: "I want numbers 2, 6 and 9 on my Sequence List".
The increased facilities for long distance service make Key-town Selling by Code Numbers more efficient than ever. We shall be glad to explain the details and help you organize your lists.
