### THE G. A. M. DAVISON CHALLENGE CUP REMAINS IN THORNHILL

Is the G.A.M. Davison challenge cup due to grace a Thornhill window for another year? Every one says "Yes." It stayed in Thornhill last year and S.S. Findlay with his three broom handlers says it will remain here for another year. Richmond Hill said they wanted it, so came down with their four choicest stone handlers and with the cup nicely tucked under his arm, Mr. Yerex went home smiles and chuckles. But our quartette are a determined lot so they challenged Richmond Hill, played on their ice and came back with the desired trophy. But longing eyes were cast in this direction from another place, that is noted for its expert curlers, so G.A.M. Davison with his well trained three from Unionville challenged our boys, but they also went down to defeat. The cup can be seen in the hotel window. Will it stay there? We are not just exactly sure, for Richmond Hill has challenged again with two rinks and if ice is in condition the game will be played on Monday evening. Thornhill Rink—S. S. Findlay, skip; R. Wice, vice-skip; C. Ball, second; J. Oliver, lead.

Eggs, meats, vegetables, home cooking and flowers formed the large part of the offerings at the North York market on Tuesday. The eggs were weighed and sold according to weight and quality. Fresh specials at 26 to 30 ounces to the dozen commanded 40 to 45 cents a dozen. One of the best displays was of a dozen eggs that tipped the scales at 35 oz., for which 60 cents was asked. Duck eggs brought 6 cents each.

Fresh greenhouse produce was much in demand by the patrons, although the prices remained the same as last week. Rhubarb, radishes, watercress leaf lettuce, parsley and mint were all displayed on several stands.

Ontario Spy apples continue to bring the highest apple prices on the market at 40 to 60 cents for a six-quart basket. They are still firm and of good quality, kept in cellars for storage.

Roses and tulips were the main varieties of flowers. They sold at low prices, 75 cents to \$1.50 a dozen.

## From Message Boy to President

The career of Lewis B. McFarlane, whose retirement as Chairman of the Board of the Bell Telephone Company of Canada has just been announced, is one of the romances of Canadian industry.

Starting as messenger boy with the Montreal Telegraph Company in 1865 Mr. McFarlane worked nights and spare hours to qualify as a telegraph operator. As an operator he saw service during the Fenian Raid of 1869 and the Yellow Fever outbreak in New Orleans in 1870.

Always dependable and capable, his abilities were recognized in his appointment as Superintendent of Telephones for the Telephone Company in Toronto in 1879. When the Bell Telephone Company was formed in 1880 Mr. McFarlane was made Superintendent. In 1904 he became General Manager, President in 1915 and Chairman of the Board of Directors in 1925.

The scope of his experience can best be visualized when it is recalled that his telephone career began in a one-room office on St. Francois Xavier Street, Montreal and ended in the stately Beaver Hall Headquarters Building recently occupied.

## The Only Larks in America

Fifteen minutes car drive from the Empress Hotel, Victoria, is the only colony of skylarks on the continent of North America. This sweetest of all songsters, of whom Canadian children read in all anthologies of British poetry, but which they have never seen or heard in actual life in their own country, save in this one section of the Dominion, has been acclimatized at Victoria successfully. They are

to be found in considerable numbers among the oaks to the north of the city, on the slopes of Mt. Tolmie, at the Colwood Golf course, among the orchards of Gordon Head, in the deep meadows near Elk Lake, and from the flower-scented grounds of Butchart's Gardens. Photographs show the Gardens with inset of the English skylark.
