RICHMOND HILL AGRICULTURAL SOCIETY CAMPAIGN NOTES

The active campaign for membership ended on Saturday and we are pleased to announce a total membership of 152. This is a very substantial increase over last year and we now sincerely hope that as many members as possible, both new and old will turn out to our meetings and take an active interest in the work of the Society. Your enthusiasm and interest will be well worth while and we are sure that you will not regret it. We will most heartily appreciate your aid.

The membership committee wishes to thank everyone for their response to this campaign. Courteous treatment was met on every hand and although some people didn't see their way clear to join, we bear them no ill-feeling and hope, that next year after watching the activity of this Society, they will want to be doers and not on lookers. This Society's work in aiding and encouraging juveniles to adopt horticultural habits, by giving prizes to stimulate their interest is enough in itself to secure the backing of everyone.

We wish to thank the editor of the Liberal, who has so generously granted us this space for this campaign. We appreciate the interest of Mr. Smith and wish more people were as optimistic and as generously disposed to the needs of our society as he is.

The following list of members have been recorded since last issue. Mr. A. Wade, Mrs. Haworth, and Miss N. Hawthorn, Mrs. W. Duncan, Mrs. W. Neill, Mrs. C. P. Wiley, Mrs. McGrath, Mrs. J. Beresford, Mrs. J. McGillvary, Mrs. J. Burr, Mr. H. Winch, Mr. A. D. Buchanan, Mrs. E. J. Mitehel.

NOTE—The Society is holding a tulip show on Wednesday, May 28th. This show will be held in the store of Mr. D. Hill. During the afternoon and early evening, the exhibits will be on view in the large front window of the store. All members are asked to have their exhibits of tulips at the store before four o'clock on the day of the show. Cash prizes will be awarded at this exhibition and all exhibits will be judged and points will be allotted, which will stand to the credit of the winners for the Sweepstakes prize which will be awarded to the highest point winner for the year 1930, at the close of the last show in September. A meeting will be held in the evening of the Tulip show, at which a speaker will speak on tulips and other bulbs. Everyone is asked to try and be present. This meeting will be held in Mr. Hill's store and exhibits will still be present.

Membership Committee — Miss O. Burr, Mrs. A. L. Phipps, Miss M. Sangerston, Mrs. A. J. Hume, Miss A. Moyle, Mr. Geo. Gee, Mrs. W. Cook, Mrs. W. D. Atkinson, Mrs. W. A. Trench, Mr. W. A. Wright, Mrs. Geo. Gee, Miss R. Webb.

Will the members call as soon as possible for their shrubs at the home of Mrs. Alice Endean, Centre Street West.

D. FRISBY,
(Membership Committee)

TORONTO EXPECTS 300,000 PEOPLE

That the attendance at the Shrine convention next month, when the members of the organization and their wives and families pour into Toronto, may well reach all of 250,000 or 300,000 people, is borne out by the size of the actual membership as published in "The Crescent," Shriners' magazine.

According to this publication the total membership as of January 1 was 568,386. The number, it is stated, will be considerably increased at spring ceremonies and pre-convention initiations.

U. S. Has 145 Temples
The greater majority of that number are residents of the United States, where 145 temples have a membership of 555,559. The other 12,787 are distributed as follows: Canada, 10,306; Canal Zone, 1,021; Hawaii (Honolulu), 927; and Mexico City and district, 533.

In Canada there are nine temples, of which Ramases of Toronto is the largest with 2,722 members as of Jan. 1. The others are Mecha Temple, of London, Ont., 2,036; Karnak, of Montreal, 1,217; Khartoum of Winnipeg, 894; Gizeh of Victoria, B. C. 845; Wa Wa, of Regina, 802; Al Azhar, of Calgary, 722; Philae of Halifax, 601, and Luxor, of St. John, N. B., 467.

WHEN WILL THE CARS RUN?

The question uppermost in the minds of the residents of North Yonge Street these days is "When will the cars run?" Following the almost unanimous approval given the by-law on Saturday, May 3rd the people are looking for a speedy settlement of any difficulties which may be in the way of the immediate carrying out of the people's wishes.

It was generally understood that in case of a favorable vote the Warden would immediately call a special meeting of the County Council to deal with the matter and clear the way for the operation of the cars. The question in the North Yonge Street district to-day is "What or who is holding up the plans?" The special session of the County Council has not yet been called although it is understood a request signed by the four municipalities has gone forward to the Warden.

There is nothing which will justify the County Council or any action of the County Council in standing in the way of the expressed wishes of a great body of the people most vitally concerned.

The County Council should hold a special session and facilitate in every possible way the carrying out of the expressed will of the people along Yonge Street who voted almost unanimously for a car service. The County Council should not dally along until the summer is nearly over before taking any action.

LAWLESS DRIVERS

Warnings have been issued by the police several times lately that automobile owners would do well to pay heed to the law and see that they obey traffic regulations and also that their car is in proper working order. The unfortunate part about traffic violations is that they are caused in many cases by cars which are not in proper working condition. For example a car running with only one headlight is very apt to cause a smashup and does very frequently. It is not possible to tell when meeting a car with only one light which light is out and when the cars are close enough to show that clearly it is too late to avoid an accident. Then too defective brakes are a very frequent cause of trouble. In these days of heavy traffic it is very necessary that brakes should be working well, in fact they should be pretty well 100 per cent. efficient. Traffic travels fast these days and with four wheel brakes stops fast also so that it behooves the driver to have his car under control. Then, of course, here is the chap who is always in such a hurry that he must cut in and out of fast traffic the fellow who runs past traffic signals and who cannot see stop signs and so on. It is against this whole army of law-breakers that the police must take action if the safety of the average individual on the road is to be considered. They are checking up now more stringently than ever and as a result a lot of drivers are being fined for infractions of the law.

NEW TARIFF HELPS TOMATO GROWERS

Imposition of a minimum tax of two cents per pound on tomatoes, will result in Canadian production of tomatoes all the year round, according to E. T. Miller, of Miller and Son, wholesale florists.

The general tariff remains at 30 per cent, but with the proviso that each pound of tomatoes entering Canada will be taxed at least two cents.

"At present Texas tomatoes come into Canada by the carload and are laid down here at 4 and 5 cents a pound," stated Mr. Miller. "Look at the price paid here, however—about 60 cents at present. Canadian growers could not hope to compete on a straight tariff rate. The retailer charges any price he wants to."

Greenhouse production will thrive under the added protection, Mr. Miller declared. "We wouldn't hesitate to place several acres under glass with reasonable protection, he said."

MILL CLOSED FOR REPAIRS
The Carrville Mill will be closed for a week or ten days during repairs to the dam. R. J. Bowes, Prop.
