PLENTY OF BUSINESS FOR THOSE WHO GO AFTER IT

Said the little young red rooster, "Gosh all hemlock! Things are tough. Seems that worms are getting scarcer, and I cannot find enough; What's become of all those fat ones is a mystery to me.

There were thousands through that rainy spell—but now where can they be?"

The old black hen who heard him didn't grumble or complain, She had gone through lots of dry spells, she had lived through floods of rain.

So she flew up on the grindstone, and she gave her claws a whet, As she said, "I've never seen the time there weren't worms to get."

She picked a new and undug spot; the earth was hard and firm, The little rooster jeered, "New ground! That's no place for a worm."

The old black hen just spread her feet, she dug both fast and free, "I must go to the worms," she said; "the worms won't come to me."

The rooster vainly spent his day, through habit, by the ways Where fat, round worms had passed in squads back in the rainy days.

When nightfall found him supperless, he growled in accents rough, "I'm hungry as a fowl can be. Conditions sure are tough."

He turned then to the old black hen and said, "It's worse with you, For you're not only hungry, but you must be tired, too.

I rested while I watched for worms, so I feel fairly perk; But how are you? Without worms, too? And after all that work?"

The old black hen hopped to her perch and dropped her eyes to sleep, And murmured in a drowsy tone: "Young man, hear this and weep; I'm full of worms and happy, for I've dined both long and well; The worms are there as always—but I had to dig like . . .!"

### AURORA GRANTS \$100 TO FAIR

A grant of \$100 was made by the Aurora town council this week to the Aurora horse show for the exhibition to be held on Saturday, June 7th.

W. J. Baldwin, secretary, and A. M. Kirkwood, treasurer of the society, appeared before the council to request the use of the town park for the show. Council also granted permission for a street dance on Wellington Street on the evening of June 7th.

An American visitor was taken to Lord's to see his first cricket match. It happened to be a slow game, or so the tourist thought. His mentor, one of those rabid enthusiasts, piled his guest with numerous historical facts about the game.

"The first cricket match was started about 1550," he said. "Oh, yes," murmured the Yank politely, "and who's winnin'?"
