**FARMERS' WEEK AT ONTARIO AGRICULTURAL COLLEGE**

June 16th, 17th, 18th and 19th have been set aside by the staff of the Ontario Agricultural College for the annual farmers' excursions. Wednesday, the 18th, is the day allotted to York County.

This is an excellent opportunity for a short motor trip of great educational value. The experimental plots are then at their best. On account of the proximity to the College, no scheduled tour has been arranged, but many York farmers will motor to O. A. C. on the 18th where they will have an opportunity to meet there and see the splendid exhibits of live stock, field crops, as well as the Agricultural Institution. Many new buildings have been erected in the past few years, not the least of which is the new Administration and Dormitory building at present in the course of construction. There are many things of interest to visitors who may find it possible to enjoy this excursion.

Four new game refuges adding 600 square miles to the existing 640 square miles of game sanctuaries in New Brunswick are to be established in that province for the purpose of preservation of the game supply, according to information given out by Hon. Charles D. Richards, Minister of Lands and Mines.

Fish caught by commercial fishermen in Canadian waters last year had a value of about \$55,000,000. Over 100 countries bought fish and fish products from the Dominion in 1929, valued at \$38,000,000. More than 80,000 persons find employment in Canada in the fishing industry.

The wild rose is now the floral emblem of the province of Alberta. The provincial parliament has enacted the legislation making this flower which grows so profusely all over Alberta, the provincial symbol. Choice of the emblem was put up to the school children of Alberta and the wild rose captured most votes, with the tiger lily next in favor.

**She almost trembled at the thought**

Mrs. Kane was a timid soul—no doubt about it! Modern efficiency rather terrified her.

She wanted so much to talk to her sister in a town 80 miles away because a friend had told her how she enjoyed weekly long distance chats with her home. But she didn't know how to go about it.

"There's nothing to it," her friend told her. "Just ask the operator for 'Long Distance' and when she answers tell her the number you want. If you don't know your sister's number, ask 'Information'—it's so very simple."

Mrs. Kane felt encouraged. She tried it out one evening; found the operator helpful; and in two minutes was talking to her sister and enjoying herself thoroughly.

And the call cost her only 40 cents—the evening station-to-station rate (after 7 p.m.).

The Friday night 3-minute talk to her sister is now an institution. It has made such a difference to know she is so near! And Mrs. Kane calls after 8.30 p.m. now, at a cost of only 25 cents—the night rate.

Evening rates on "Any-one" (station-to-station) calls now begin at 7 p.m. Night rates begin at 8.30 p.m. Just give "Long Distance" the number you want—it speeds up the service. If you don't know the distant number, "Information" will look it up for you.
