**CARRVILLE**

Sunday School anniversary service will be held Sunday, June 22nd at 2.30 p. m. (daylight saving time.) Rev. Fulton Vanderburgh, of New York, who is visiting his parents here, will be the speaker. The children of the Sunday school will lead in the service of song.

Friday evening of this week the Y. P. S. are having a social evening as the culmination of their recent contest. All those who in any way took part in the contest are cordially invited.

The Young People also purpose holding a picnic, Saturday, June 28th.

**Thornhill**

**SOCIAL and PERSONAL**  
Mrs. Ireland and son-in-law and daughter, Mr. and Mrs. E. Corless, of Bolton, visited with the former's sister, Mrs. Wells on Sunday evening.

Misses Florence Wells and Mabel Watson left to-day for Marion, New York, to visit with their uncle and aunt, Mr. and Mrs. Clark.

Miss P. McCannel, of Collingwood, visited over the week-end with Mr. and Mrs. Sinclair.

Mr. and Mrs. Robt. Woods, of Toronto, visited this week with Mr. and Mrs. A. R. Woods.

Mr. and Mrs. P. Teare, of Haileybury, who is staying in Toronto during the Shriners convention, called this week on Mr. and Mrs. Wm. Ness. Mr. and Mrs. Edward Irish, Mr. and Mrs. Norman Porter and Mr. and Mrs. Musselwhite attended the Holstein Breeders picnic at Guelph on Tuesday.

Little Miss Loraine Sinclair, spent the week-end with her grandparents at Stayner.

A successful bridge was held in the Memorial Hall last Saturday afternoon by the Anglican Association, when eleven tables were in play. A roll tray as first prize was won by Mrs. Jackes, while Mrs. Osmond Drake won a candy jar as second prize.

Don't forget the Ladies Softball game on Friday evening, when our home team will meet Unionville on the local diamond. This is our first home game so be on hand to support the girls.

A number of women and girls from here assisted to-day with the tagging in aid of Christie St. Hospital. Mrs. (Major) Morrison was responsible for two sections.

Mrs. Wiley Carleton, of Toronto, visited on Saturday with Miss Agnes Cooper.

Mrs. Adams and Miss Adams, of Thornbury, visited on Sunday with Dr. and Mrs. Sparling.

Mr. A. M. Rice, of Auburn, visited here on Tuesday, the guest of Mr. S. Findlay.

Mr. and Mrs. Westwood (Sr.), of Toronto, Mrs. Kennedy and daughter, visited over the week-end with Mr. and Mrs. C. H. Westwood.

Miss Florence Wells and Miss Mabel Watson left to-day to visit friends in United States.

Mr. Wm. H. Harris and Mrs. Harris and Mr. and Mrs. George Carley, of Toronto, were guests on Sunday of Miss Rosa Harris.

On Sunday next June 15th, a Centennial Service will be held in Trinity Church, Thornhill at 11 o'clock. Special preacher the Venerable Archdeacon of York. All are cordially invited.

**CHEERIO CLUB HELD SURPRISE PARTY**

On Thursday afternoon the Langstaff Cheerio Club held a surprise party in the Public School for their former president, Miss Caroline Peters who is soon to reside at Cochrane. Betty Jones made the presentation of a beautiful fountain pen while Helen Woods read the address. Miss Peters thanked her chums for their kindness and expressed the hope that though she could not be among them, their friendship would still continue, games followed after which a social time was spent.

**KITCHEN SHOWER FOR MISS MARJORIE WEBBER**

A lovely kitchen shower of green enamelware was held Thursday evening, June 5th at the home of Miss Evelyn Greer, when about forty young people gathered to pay honor to their friend Miss Marjorie Webber. A chair was beautifully decorated for the bride-to-be. Miss Webber in a few words thanked her friends for the lovely gifts and also for their kindness in remembering her. Games were played on the lawn after which all gathered in the living room where a social time was spent.

**THORNHILL UNITED CHURCH**

Rev. J. J. Sparling, D. D.  
11 a. m.—Dethronement by means of Inthronement.  
2.30 p. m.—Sunday School. Mr. A. W. Galbraith, Superintendent.  
7 p. m.—Rev. George Waugh, of Willowdale.

**DIED**

McKEAN—On Friday, June 6th, infant daughter of Mr. and Mrs. Evan McKean.

**WATCH EFFECTS OF FERTILIZER NOW!**

If you have applied any fertilizer to your lands this spring, much can be learned by watching their effect on the growing crops during the next few weeks.

General experience has shown that properly chosen fertilizers produce six important results:

1. They increase the stalk or straw growth.
2. They strengthen the crop to resist disease.
3. They hasten the growth of the crop so that it ripens several days earlier.
4. They increase yield.
5. They improve quality of product.
6. They improve the catch of grasses and clovers.

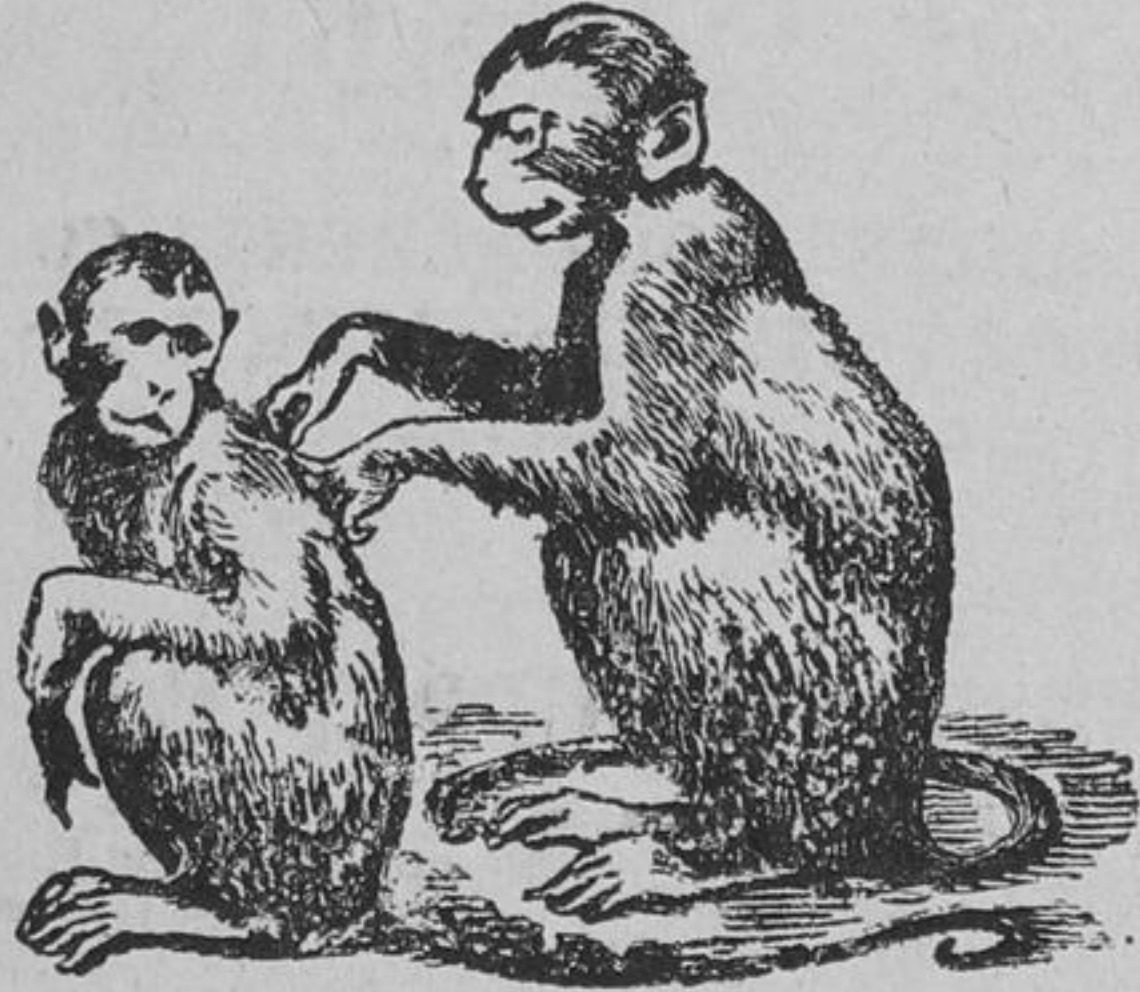

Whether the fertilizers you have used will bring about these results will depend upon the condition of the soil as to drainage, soil reaction, and supply of organic matter, and upon the wisdom of your choice of fertilizers. We have known farmers to use a fertilizer high in nitrogen and potash on heavy clay loam soil for a crop of oats. The result was, as might be expected, to produce a rank straw growth and late ripening of the crop. We have seen the same result from the application of straight nitrogen fertilizer on well manured land. Other users of fertilizers have obtained highly satisfactory results because the composition of the fertilizer was chosen with the purpose of suiting the special needs of the crop and making up for the deficiencies of the soil. How nearly have you applied this principle to your farm? Now is the time to study effects. Of course, one cannot learn everything now, one must follow the crop through to the harvest to get final results.

Clip this item from your paper. Keep it by you, watch the growth of the crops throughout the season, and get the answers to these questions:

1. Is there a stronger growth of crop on the fertilized than on the unfertilized land?
2. Has the fertilized crop ripened earlier than the unfertilized?
3. Has there been more or less disease in the fertilized crop than in the unfertilized?
4. Has there been more or less insect injury in the fertilized than in the unfertilized?
5. What was the yield per acre from the fertilized? . . . . . from the unfertilized?
6. What difference in quality of product do you note between the fertilized and unfertilized crops?

You will find this a most interesting and valuable study of the effect of fertilizers on your own farm and your own crops. Perhaps some things will puzzle you. If so, get in touch with your agricultural representative, or write the Ontario Agricultural College for assistance or explanations.

Our wild life is disappearing. Even now it is a rare thing to see a female knee except in captivity.

**Careful Inspection!**

... Every carload of Anthracite we get from our producers has been carefully inspected by experts who check upon its cleanness, purity, sizing and appearance.

Our annual spring price reduction on all sizes of Anthracite is now in effect... Fill your bins and save an appreciable amount per ton.

Prepared by a new process, our Anthracite is cleaner and more uniformly sized than most coal. It burns evenly, checks easily and banks well... More smiles per ton was never truer than it is with our coal.

EXHIBITORS FURNISH THEIR OWN CONTAINERS

PRIZES — 1st 50c.; 2nd 25c.

1. Roses—Collection, any variety.
2. Iris—3 spikes, one variety
3. Iris—4 spikes, 2 or more varieties.
4. Iris—Collection, 1 spike each of at least 6 var.
5. Iris—Best individual bloom.
6. Peonies—3 blooms, red.
7. Peonies—3 blooms, pink.
8. Peonies—3 blooms, white.
9. Peonies—Collection, 1 spike each of at least 4 varieties.
10. Peonies—Best individual bloom.
11. Columbine—3 sprays, double
12. Columbine—3 sprays long spur.
13. Columbine—3 sprays, short spur.
14. Columbine—6 spikes different in colour or var.
15. Lilies—2 spikes, umbellatum.
16. Lilies—4 spikes, lemon.
17. Lily-of-the-Valley—25 spikes with foliage.
18. Pansies—24 not fewer than 5 distinct markings
19. Pyrethrum—Collection, single 6 blooms with long stems.
20. Pyrethrum—Collection, double, 6 blooms, with long stems.
21. Poppies—Oriental, 3 blooms.
22. Poppy—Oriental, best individual bloom.
23. Poppies—Iceland, 12 blooms, variety of colour considered.
24. Sweet William—4 spikes, one variety.
25. Sweet William—Collection, 2 spikes each of at least 3 varieties.
26. Bachelors Button—(Perennial) 3 spikes.
27. Bachelor's Button (Cornflowers)—12 spikes

28. English Daisies—12 spikes.
  29. Garden Heliotrope—6 stalks.
  30. Delphinium—3 stalks alike.
  31. Delphinium—3 stalks, different.
  32. Delphinium—Best individual stalk.
  33. Lupin—3 stalks, any variety.
  34. Lupin—Best individual bloom.
  35. Bleeding Heart—4 sprays.
  36. Any variety of Perennial other than above worthy of prize.
  37. Perennials—Collection, 6 varieties, 1 of each
  38. Blooms from a Rock Garden—Collection, 3 of each of at least 4 varieties.
- SHRUBS**
39. Snowball—One branch.
  40. Weigelia—1 branch.
  41. Tartarian Honeysuckle—One branch
  42. Lilac—2 panicles each of 2 or more varieties
  43. Lilac—3 panicles, 1 variety.
  44. Spiraea—Van Houttei—1 branch.
  45. English Honeysuckle—1 branch, about 8 inches
  46. Deutzia—One branch.
  47. Syringa (mock orange)—1 branch
  48. Flowering Almond—1 branch.
  49. Any variety other than above—1 branch
  50. Collection—5 varieties—1 branch (in flower) of each.
- VEGETABLES**
51. Rhubarb—6 stalks.
  52. Cress—Plate.
  53. Mushrooms—Half pound box.
  54. Lettuce—3 heads.
  55. Asparagus—Half pound bunch.
  56. Onions—12
  57. Radishes—12 bunched.
  58. Spinach—3 plants.
  59. Strawberries—18 berries.

**Business is Business, But Courtesy Pays**

OUR Business friends, and yours with whom we make transactions, demand that precision of efficient execution which is a part of the regular service maintained by any bank in its daily affairs. To merit your confidence we must go further.
