CAR SERVICE TO RICHMOND HILL MAY START NEXT MONDAY

County At Last Withdraws Court Action

LOCAL REPRESENTATIVES AFT-
ER LONG DEBATE WON
NOTABLE VICTORY

The by-law which will enable the municipalities of North York, Markham, Vaughan and Richmond Hill to purchase the Metropolitan Radial line from the city limits to Richmond Hill was finally passed by the County Council this morning. The appeal on the unfavorable decision on the County's Court case will be withdrawn and any legal entanglements in the way of the immediate carrying out of the expressed will of the people who voted to take over this section of the line will be removed.

The solicitors for the municipalities concerned in the purchase have the agreements ready and authoritative information give The Liberal this morning is that at the time of going to press there appears no reason to doubt that the STREET CARS WILL BE RUNNING ON YONGE STREET TO RICHMOND HILL NEXT WEEK.

The representatives of these municipalities in the County Council have won a notable victory for the district, a victory which is all the more notable on account of the formidable opposition which they had to overcome. After failing to reach a decision on Monday the first day of the session, the members last Friday after a heated debate on a division of the council a vote of 28-18 decided to withdraw the ap-

peal and clear the way for the purchase of the south end of the line by the municipalities concerned. On Wednesday when the by-law to this effect was introduced it met with unexpected opposition and was not finally passed until Thursday morning.

On Friday the City council take up the matter of the sale of this portion of the line but no difficulties are expected from that quarter. There will no doubt be a little work to be done on the line but it is understood that the T.T.C. is ready to commence operations on a few days notice. STREET CARS for Dominion day is a possibility which delight the hearts of people in the North Yonge Street district.

The operation of the first car over the new line owned by the people of these municipalities will mark the end of a long period of uncertainty concerning transportation on North Yonge Street. It has been a long fight but victory is in sight.

Deputy-Reeve George Elliot and his associates in North York, Reeve Gohn in Markham, Reeve Robson, of Vaughan and their deputies who supported them and Reeve Lunau, of Richmond Hill who have carried on the fight of the people in County Council for a street car service are deservant of the sincere thanks of the people of this district. "Only those familiar with the negotiations appreciate the obstacles which they had to surmount" said a prominent North Yonge Street resident this morning.
