Appearance alone has sold Rib-Roll roofing to thousands of farmers . . . but it is economy, fire protection and permanence that keeps it sold. Wherever you go in Ontario these handsome roofs are familiar landmarks . . . protecting millions of dollars worth of crops, stock and property. RIB-ROLL's success has caused it to be widely imitated—but Rib-Roll alone has the rigidity, ease of erection, durability, low cost and absolute fire protection which make it the foremost roofing value in Canada today.

An Unbeatable Combination
RIB-ROLL Roofing and Preston LED-HED nails make a roofing combination impossible to beat. The cost of laying RIB-ROLL is lower than nearly all other types of roofing. When you use LED-HED nails you get a rigid, handsome, tight-jointed roof that defies fire and weather. The nails are specially designed with lead heads which completely seal the nail hole. There are no awkward washers . . . no threading or punching. Write for samples of RIB-ROLL and Preston LED-HED nails.

Preston Metal Ceilings
The enduring quality and beauty of Preston metal ceilings have made them one of the most popular types of ceilings for stores, homes and offices. Preston METAL CEILINGS are permanent. They retain their good looks indefinitely.

Economy Metal Lath
At left is shown close-up of the famous Economy Herringbone (double-mesh) Metal Lath—a metal lath that can be supplied, erected and plastered as cheaply as No. 1 Wood Lath. It gives 100% perfect key as against 15% key of wood lath . . . eliminating streaks, cracks, falling plaster, and providing great fire protection. SPECIAL—We offer attractive terms to responsible farmers on roofing and siding for needed repairs to their buildings. Write for full particulars.

Mulock at Richvale Appeals On Policy of Empire Trade

Conservative Candidate Scored For Unhappy Part In Radial Abandonment "Were Ever People So Betrayed?" Asks Former County Councillor.

Richvale Church was filled to capacity on Tuesday evening to hear W. P. Mulock the people's candidate in North York and other speakers discuss the issues of the day. It was probably the largest political meeting ever held in Richvale and a very enthusiastic reception was tendered to the candidate when he entered the hall. Mr. Mulock dwelt mainly on the big issue of the campaign Empire Trade which he emphasized as the major question of the coming election. He felt that as Canadians in the face of present day economic conditions we must look to the MOTHERLAND and the other parts of the BRITISH EMPIRE for our markets. In the past we have been selling a great deal more to the British people than we have been buying from them. The war had left Europe in such a state that Britain was being more and more cramped for markets and thus her buying power was impaired. The logical step for Canada was to buy MORE BRITISH GOODS so BRITAIN could be in a position in turn to buy more from us. The BRITISH PREFERENCE which is the basis of the May Day DUNNING BUDGET pointed the way to a wider market for Canadian wheat. Those who treat the Dunning Budget, the EMPIRE TRADE policy of the present government lightly, those who may say it is of little account should heed the words of leading British statesmen of all political faiths who have hailed the Dunning Budget as a momentous step towards strengthening the bonds of Empire and the fostering the economic progress of all countries under the UNION JACK. "Minor issues may be talked to you" said W. P. Mulock, "but remember the great issue of this election is EMPIRE TRADE."

A number of written questions which were handed to Mr. Mulock when he was entering the hall were given answers by the candidate in a clear cut thoughtful and satisfactory manner. Col. A. E. Kirkpatrick held his audience in close attention as he told of his recent visit to the British Isles and the effort that is everywhere evident in the MOTHERLAND to push EMPIRE PRODUCTS. Everywhere were signs he said which read, "Buy Canadian Cheese," "Buy Canadian Apples" etc. The EMPIRE BUDGET of the present government was the answer to that EMPIRE SPIRIT in Britain he said and he was sure the Canadian people on July 28th would vote by an overwhelming majority in favor of that budget and in favor of EMPIRE TRADE.

TRADE. The speaker said that only the evening before he was talking to a titled conservative who not long ago held a high and important administrative post in the government of Canada who stated in confidence to him that the EMPIRE TRADE ISSUE of the present election was the greatest issue on which any political party had ever appealed to the people of Canada. The gentleman referred to and thousands of other conservatives recognized in the present issue of EMPIRE TRADE something of vital importance to Canada and to the British Empire, something far above the importance of party gain or political advantage and on July 28th would support the government candidates.

Unemployment conditions existing throughout the world to-day could not be attributed to President Hoover of the United States, said Col. Kirkpatrick. No more he said could those conditions be attributed to Rt. Hon. Ramsay MacDonald, premier of Britain, or to Stanley Baldwin or Lloyd George, and surely no more to the government of Canada. World economic conditions were strained "as an aftermath of the war, the buying power of the nations of the world has been impaired. In comparison to other nations of the world Canada occupies an enviable position in regards to unemployment. Conditions in United States are much worse in this regard than in Canada he said.

Morgan Baker ex-reeve of Whitchurch township paid tribute to the candidate W. P. Mulock who is a candidate in this election and who he said would be the member of parliament for the riding after July 28th. "In Mr. Mulock" said the speaker "we have a man who will give North York a real service as our representative in the House of Commons, and that will be a welcome change for North York." Dealing with the Radial Abandonment Mr. Baker who is a former member of the York County Council termed the action of Col. Lennox as a betrayal of the people of York County. "When the City purchased the Metropolitan as a member of the County Council, I with other members asked Col. Lennox as County Solicitor to see that the rights of the people of York County in the Metropolitan were protected," said Mr. Baker, "and our answer was 'all is alright don't worry until 1930.'" Col. Lennox was at that time associated with the T.T.C. and now that 1930 has come we see how far the people of York County were protected. "Were ever people so betrayed?" asked Mr. Baker in reviewing the record of Col. Lennox in relation to the Metropolitan Abandonment.

SOFTBALL NOTES

Games in the Suburban Yonge Ladies Softball League to be played during the coming week are, July 18—Elgin Mills at Unionville and Wednesday, July 23rd, Lansing at Elgin Mills.

In an exhibition game Lansing Ladies defeated the Cee Bees of Toronto on the Lansing diamond.

Lansing Ladies won the first series of the Suburban Yonge Ladies Softball League. Now who will win the second series? Come on Thornhill bring the cup here this time.

WHO WON THE GAME?
One of the most interesting games of the season was played in the ladies Suburban Yonge League Wednesday evening between Lansing and Thornhill. The game was close and exciting. Disputes arose in regard to a number of runs that the locals still think they deserve credit for. The Lansing diamond has a splendid infield but owing to a ravine passing along the back of the outfield it is practically impossible to obtain a home-run. As a number of our hits landed in the long grass the umpires decisions in regard to the runs from them were disputed. Although Lansing claims the game by a score of 12-15 our girls still think that their's is the victory by a score of 15-17.
