LITTLE GIRL, 10, EATS SO MUCH MOTHER AMAZED

"My 10-year old daughter had no appetite. Then we gave her Vinol, and now she eats so much we are amazed."—Mrs. W. Joosten.

Vinol supplies the body important mineral elements of iron, calcium with cod liver peptone. This is just what thin, nervous children or adults need, and the QUICK results are surprising. The very FIRST bottle brings sound sleep and a BIG appetite. Vinol tastes delicious!

He Might Caw

Mr. Crowe was a devout church-goer. The young minister of his church was also devout, but easily embarrassed. Imagine the consternation of Mr. Crowe and the delight of the congregation when the young divine solemnly said at a prayer meeting: "And now, will Brother Pray please crow for us."

Makes His Last Run

Richard Christopher, for 50 years a mechanic, fireman and locomotive engineer on the Canadian Pacific Railway, opened a throttle for the last time recently when he took his train on the run from London to Windsor, Ontario. He has been selected on various occasions to handle special trains for distinguished Canadian visitors, including the Prince of Wales, Governors-General of Canada, the Duke of Connaught, and many others. It is his boast that in all these years he has never had a single accident. A touching feature of his last run was the fact that his son, Thomas, although also a locomotive engineer, acted as his father's fireman.
