## Decoration Day Services Held At Local Cemetery

Decoration services at the Richmond Hill Cemetery were observed last Sunday afternoon. The historic "cemetery which dates back to the early days of this community presented a well kept appearance and the graves of the departed were decorated with a wealth of flowers by friends and relatives.

A crowd of several hundred was in attendance visitors being present from many distant places. The members of the Loyal Orange Lodge and of the Boy Scout troupe marched to the cemetery headed by the local Salvation Army band. Rev. David Marshall of the Presbyterian Church presided at the services and the speakers were Rev. G. S. Coulter of the United Church; Rev. L. C. Secrett, of St. Mary's Anglican Church, and Capt. Lynch of the Salvation Army. Rev. N. Wellwood lead in prayer. Suitable hymns were a part of the program. All the speakers paid tribute to the contribution of those whose lives had been spent in this community and who had found a last resting place in this the "God's Acre" of the district. It was fitting they said that we should pause to honor their memory.

On the march to the cemetery the members of the Boy Scouts paused to decorate the memorial to those who gave their lives in the Great War. The flowers for this decoration were very kindly donated by Mr. George Caldwell of the village.

Visitors from near and far heartily commended the idea of an annual Decoration service and it is hoped that it will be continued in the years that are to come. The arrangements for the service were in the hands of the trustees of the cemetery.

Among those from outside points who attended were:

- Mr. and Mrs. Frank Hopper, Mr. R. G. Tyndall, Mr. and Mrs. Gostling, Miss M. Gale, Miss E. Jefferson, Mr. and Mrs. E. Fisher, Mrs. Wm. Curtis, Mr. and Mrs. H. Forrester, Mr. and Mrs. A. H. ### A PEACH!

We have displayed in our window this week a fine large peach grown by Mr. John Rumble, Arnold Street. It compares favorably with any from Niagara. If you can beat it, bring your sample along.

## Community Mourns Sudden Death of John H. Dunlop

The community was shocked on Tuesday evening by the news of the death of John H. Dunlop, founder of the floral business which bears his name, and a dearly loved and highly respected citizen of Richmond Hill. Although he had been suffering from a heart attack since last Friday his death came as a great surprise to his host of friends here and throughout Canada.

The late Mr. Dunlop was widely known in the florist business and attained an international reputation as a rose grower and particularly for the development of new varieties. He was born in New York City in 1855, spent his boyhood days in Toronto. As a youth he served as a telegraph operator and manager of the newsstand at the old Queen's Hotel.

A natural lover of flowers, his association with the sale of flowers at his newsstand led him to commence growing in a small way for himself, and from this beginning there grew one of the largest floral establishments in Canada.

In 1914 he came to Richmond Hill and since that time has taken an active part in the life of the community. Always willing to lend his support to any good cause he will be missed in many organizations where his counsel and guidance were always sought.

An outstanding member of the Masonic Order, his parent lodge was of St. Andrew's. He was connected with several other lodges by affiliation, including Richmond Hill. He was a Senior Past Potentate of Rameses Temple of the Mystic Shriners, Toronto; a Past Preceptor of Cyrene Preceptory, Knights Templar, and a District Deputy of the Grand Lodge of Canada in Ontario. In the Scottish Rite he had attained the Thirty-third Degree.

Surviving are his widow, one son, Frank M. Dunlop of Toronto, who was associated with his father's business, and seven daughters, Mrs. E. W. Goulding, Mrs. H. D. Graham, Mrs. F. L. Riggs, and Mrs. Irving S. Fairty, in Toronto; Mrs. A. K. Butchart of Detroit; Mrs. G. S. Billerman, of Thornhill, and Mrs. L. E. Atkinson, of Richmond Hill.

The funeral was held this (Thursday) afternoon from the Richmond Hill United Church of which the late Mr. Dunlop was a devoted and active member. The services which were conducted by Rev. G. E. Coulter assisted by Dr. A. MacGillivray, of Toronto, were very largely attended. A wealth of floral tributes testified to the widespread regret and mourning occasioned by the passing of one so universally loved and respected in the business and social world. The funeral was under Masonic auspices, the members of St. Andrew's Lodge having charge of the service at Mount Pleasant Cemetery where interment took place.

### \* \* \* \* \* PRESBYTERIAN ANNIVERSARY SERVICES CONTINUE NEXT SUNDAY \* \* \* \* \*

Anniversary services were observed at the Richmond Hill Presbyterian church on Sunday last. The services marked the fiftieth anniversary of the building of the present church and the one hundred and thirtieth anniversary of the congregation.

Large congregations featured both services many coming long distances to attend. In the morning Rev. A. S. Grant D.D., delivered an impressive and inspirational sermon and in the evening the speaker was Rev. J. Buchanan, B.A., M.D., D.D., ex-moderator of the church in Canada. He is a veteran missionary having served in India for many years and will return there shortly to resume his work. Special music featured both services.

Next Sunday the services will be continued. In the morning there will be Communion Service and in the evening there will be a special service of song. Rev. David Marshall, minister of the congregation will have charge.

On Monday evening, September 22nd a supper will be served in the church hall commencing at 6 o'clock.

### ACTIONS SPEAK LOUDER THAN WORDS

Dr. C. J. Hastings for many years M.H.O. for Toronto, personally supervised, recommended, and approved, the production and sale of millions of gallons of Certified Milk in the City of Toronto.

Certified Milk is sold in every City of importance in Canada and the United States, and approved by the Medical Health Officers of all these cities.

The following is an article on—

### What Is Certified Milk?

As Defined by  
DR. HENRY L. COIT

Founder of the Medical Milk Commission

CERTIFIED MILK is a product of dairies operated under the direction of a Medical Milk Commission, which body is appointed for voluntary service by a medical society. The milk is designed to fulfill standards of quality, purity and safety to insure its adaptability for clinical purposes and the feeding of infants.

The certificate of the Commission constitutes its authorization for the use of the term "Certified." The certification is based upon the fulfillment of prescribed medical requirements for the milk and is the guarantee that it conforms to definite standards and to fixed methods and regulations for its production.

The standards of quality consist of fresh, whole milk, unchanged by heat or cold, less than twenty-four hours old when sold, held between the temperatures of 48 and 50 degrees Fahrenheit, with not less than 12 per cent. of total solids, with fat content between 3.5 and 5.5 per cent. and without the addition of any other substance, material, chemical or preservative.

The standards of purity for the milk consist of the entire absence of particles of foreign matter, of the lowest possible bacterial and dust dropping content consistent with the highest possible practice of dairy hygiene, provided that the numerical bacterial contamination is at all times below an average weekly count of 10,000 per cubic centimeter.

The standards of safety consist in the use of every known means to exclude from the milk pathogenic microorganisms, a medical guarantee that every employee handling the milk is free from disease and is not a disease carrier, and a veterinary guarantee that the cattle are in perfect health and cannot transmit through the milk any bovine affection.

The methods and regulations for the production of Certified milk are based upon the most advanced clinical requirements, prophylactic science and dairy husbandry and are changed as the action of the Commission modifies its technique for the attainment of its standards.
