I pray Almighty God that the words I write in this house may be pure and honest-that they be dictated by no personal spite, unworthy motive or unjust greed for gain; that they may tell the truth as far as I know it- and tend to promote love and peace- amongst men.

THURSDAY, SEPTEMBER 25, 1930

SCHOOL FAIRS

School Fairs since their inception a comparatively few years ago have made wonderful progress and to-day are important events in the various communities as evidenced by the many exhibits and large attendances at Unionville and Vellore this week. In the face of the general decreasing interest in the Fall Fairs of the Agricultural Societies the keen competition in all classes at the School Fairs is reassuring, and in a short time by fostering the "show spirit," and the idea of friendly competition should inspire new life in the larger shows.

School Fairs are doing much to create among the rising generation an interest and a pride in the basis industry of Agriculture. Boys and girls are encouraged to breed better live stock, grow better and cleaner grain, produce higher class dairy products, or make a better cake through friendly competition with boys and girls of their own and other schools. School Fairs are institutions worthy of the splendid support which is given them by the parents and citizens of this district. Long may they continue to flourish and may they grow in usefulness from year to year.

SIDEWALKS FOR YONGE STREET

Municipal men interested in North Yonge Street should see to it that a share of the twenty million voted by Parliament to expedite public works and thus help relieve unemployment is used for the construction of sidewalks along Yonge Street. It has long been apparent to all who use Yonge Street that SIDEWALKS ARE A NECESSITY IN THE INTERESTS OF PUBLIC SAFETY. Sidewalks are necessary for the safety of the motorist as well as for the safety of the pedestrian. The fatalities, near fatalities and serious accidents should be enough to ensure that this much needed work will not longer be delayed. The hundreds of narrow escapes, miraculous happenings in the fractions of seconds which have averted serious accidents are part of the testimony and experience of everyone who has driven a car on Yonge Street. In the interests of the preservation of life and limb and the safety of all who use Yonge Street adequate sidewalks should be built.

DAYLIGHT SAVING

Daylight Saving time ends for the year next Sunday, September 28th. A great many towns reverted to standard time some weeks ago and the opinion is general throughout Ontario that the date of the change of time should be uniform. Daylight Saving has many advantages but it is somewhat confusing at the best of times. There seems little excuse for increasing the confusion by such haphazard arrangement of dates for its duration as exists throughout this province. There are so many difficulties in the way of having the province adopt Daylight Saving for the summer that it would appear the most we can hope for is that all municipalities desiring daylight saving time adhere to it during the same period.

WOMEN ON PUBLIC BODIES

Public attention has been drawn throughout the world in recent years to the tremendous strides that have been made by women in various branches of human activity—in sport, in aviation, in business and in almost every field that calls for endurance, courage, careful judgment and self control. The extent to which women, in this country at least, are making headway in the political arena is not attracting so much attention. The municipal field which should be particularly attractive to women has not yet seen much of feminine conquest. January 1st is not far distant and the fair sex might now be turning over in their minds the possibility of women representatives on the Council, and the School Board.

CURFEW BELL IS GOOD INSTITUTION

Bothwell has revived the old-fashioned 9 o'clock curfew bell. The children are reported as "sizzling" and the parents as delighted. The law applies to boys and girls of 14 and younger. Parents may ask the town authorities to extend the age limit to 16.

There is no good excuse for children to be roaming the streets of any town or city after 9 p. m. In this day and age unfortunately, there is altogether too much prowling about by boys and girls of tender years. Children are walking the streets till all hours of the night, when they should be at home and safely in their beds.—Border Cities Star.

MOTORISTS ATTENTION

The Safety Responsibility Law Becomes Effective Sept. 1st next Monday

Why take the risk of having your license and drivers permit cancelled, when you can obtain protection through an insurance policy. Rates and information on application to

Township of Vaughan Local Improvement Notice

TAKE NOTICE THAT :-

1. The Council of the Corporation of the Township of Vaughan intends to construct as a local improvement a Gravel Roadway on May Avenue, plan 1987, from the easterly limit of Yonge St. to the westerly limit of Lot 31, and intends to specially assess a part of the cost upon the land abutting directly on the work.

2. The estimated cost of the work is \$1575.00, of which \$227.00 is to be paid by the Corporation. The estimated cost per foot frontage is 28c. The special assessment is to be paid in five annual instalments.

2. A petition to the said Council will not pravail to prevent its construction, but a petition against the work or the manner in which it has been undertaken, may be made pursuant to section 8 of The Local Improvement Act, to the Railway and Municipal Board, by a majority of the owners representing at least one half of the whole of the lots which are to be specially assessed therefor.

4. A By-law for undertaking the work will be considered by the Council at a meeting thereof to be held on the 6th day of October, 1930, or at a regular or special meeting thereof to be held thereafter.

Dated at Maple this 11th day of September 1930.

J. B. McLEAN, Clerk of Vaughan
