FIRE PREVENTION WEEK

This week, October fifth to eleventh has been declared FIRE PREVENTION WEEK. Throughout Canada a campaign is waged during this week to emphasize on the public mind the great annual waste through fire, which by the exercise of care and caution could be largely eliminated.

During the past decade considerable improvement in the way of fire prevention has been manifested but the universal desire is to advance further in this regard.

The FIRE PREVENTION WEEK naturally leads us to look to fire fighting equipment because we know that all the campaigns imaginable will not prevent fires which at times menace every community. Next to fire prevention the best thing is adequate protection in the way of fire fighting equipment to meet the danger of fire when it has broken out.

In the surrounding communities the appreciation of fire protection is taking form in the acquiring of new and adequate equipment. Maple Fire Brigade is now equipped with a modern outfit and during the past year has done very valuable work in saving property throughout Vaughan township.

The annual Fire Prevention Week is commendable in that it arouses an appreciation of the appalling annual loss through fire, and a consequent desire to prevent it, and also awakens a consciousness of the danger of fire which is reflected in the increased activity in all communities in the matter of fire fighting equipment.

THE ATTRactions OF THE FALL TIME

These glorious days of autumn should not be referred to as the melancholy days, as has been the custom for long years by the poets. To-day a wider knowledge of nature, more camping, more tramping, more outdoor sports are manifest.

Ontario Municipalities are becoming concerned with the constantly increasing demands of taxation, and with the apparent desire of the provincial government to keep unto itself all means of revenue raising with the exception of direct taxation.

Ontario Municipalities are becoming concerned with the constantly increasing demands of taxation, and with the apparent desire of the provincial government to keep unto itself all means of revenue raising with the exception of direct taxation. Municipalities which are assessed for the construction of provincial highways and for county highways construction and maintenance look longingly at the immense revenue rolling into the provincial treasury every year from licenses, permits, gas tax and what not.

Woodbridge

Mr. F. J. Suhr, Brompton Farms, Kleinburg, was a big exhibitor at Bolton Fair.

Rowntree's "Peter Patch" of Weston, broke the Bolton track record on Saturday last at the fair. He stepped off the mile 2.13 minutes.

While rain is badly needed most people are hoping for a clear, dry Saturday for Woodbridge Fair.

The man who never told a lie is well bred, no matter if he grew up on an onion bed.

Miss Agnes Nattress, daughter of Mr. and Mrs. William Nattress, 9th Concession, who will become the bride of Mr. William Agar, son of Mr. Richard Agar, Nashville was tendered a shower by her many friends of Knox Presbyterian Church, Vaughan. She was the recipient of numerous useful and ornamental gifts.

Men in love invariably act like fools or lunatics according to the amount of brains they possess.

Mrs. C. Bagg and family motored to Flint, Mich., last week where they spent several days with Mrs. Bagg's brother Mr. Albert Smithers.

Harvest Home Services were held last Sunday in Emery United Church at which the pastor Rev. J. E. Anderson was in charge. The church was artistically decorated with fruit, vegetables and grain, and the choir rendered a suitable musical service.

Similar services were held in Elia and Humber Summit Churches. The latter in charge of Mr. Ernest Root. As a man becomes pure, he becomes humble.

At the last meeting of the Women's Missionary Society of the Presbyterian Church Mrs. James Brown was presented with a life membership certificate.

Miss Marie Allen presided at the meeting of the Young People's Society of the United Church on Monday night last. Miss Allen also explained the Scripture lesson. The pastor Rev. J. E. Anderson gave an interesting talk on the Passion Play. A reading by Miss Bessie Nattress, a guitar selection by Miss Norma Ostrander, and a trio by Mrs. S. Jones and her daughters Mary and Evelyn, completed the programme.

There is likely to be some real racing at the fair on Saturday as the track has been brought up to standard condition which will be appreciated by racing men and spectators alike. Substantial prizes are offered for the three races which include the 2.15, 2.22, and 2.27 classes.

Some folks spend most of their time watching their symptoms. There are dogs who act just as sensible. A rat terrier has been known to watch the symptoms of a knot hole in a board fence for a rat to come out, but no rat ever came.

Mr. D. G. Longhouse, this year's President of Woodbridge Agricultural Society, is celebrating the half century mark as a member of the Board of Directors. He also is sporting a gold mounted ebonny cane presented to him by the Society at its annual meeting held in January last in honour of his long and faithful service.

The line-up of Woodbridge softball team, who won the championship of Vaughan and a silver cup in competition with the Coleraine Royals, is as follows: Lorne Bagg, Art Dove, Lindy Glass, Bill Hollingshead, D. Wilcox, Gordon Bagg, Ed. Castator, Norman Jackman and Walker Cole.

The car stolen from Mr. T. C. Earl 56 Westmount Avenue, Toronto, on Saturday night, October 4th, was found on Sunday where the thieves had left it by Chief Woollard, and was returned to its owner considerably damaged.

Mr. and Mrs. Ernie Brock, of Toronto, were visitors of Mrs. Arthur McNeil and Miss Lilly McNeil during a part of last week.

Mr. Harry Scott having disposed of his Electrical Business has moved to an apartment in the Rogers Block, corner Pine Street and 8th Avenue.

Woodbridge and District were well represented at Bolton Fair. Following the Harvest Home Services in Emery United Church last Sunday the fruit and vegetables decorations were distributed liberally among the folk of the congregation.

TIME TO PLOW

The best time to plow depends largely upon the kind of soil, the extent and kind of weeds, and the amount of time available at different seasons of the year. Field Husbandmen of the Dominion Department of Agriculture offer the following suggestions:—

Sod land that is weedy should be plowed as early as possible in the summer, disked three times at intervals of one week to break up the sod, and the cultivator should be used thereafter when weeds such as couch grass are present.

Thorough working at frequent intervals is necessary if weeds are to be eliminated.

In the preparation of sod land for spring sown grain crops the summer plowing and thorough working of the land is particularly desirable.

Fall plowing is always desirable for spring sown crops in both light and heavy soils. Spring plowing is likely to delay seeding and adversely affect the yield, particularly of grain crops. But it is particularly important that clay land used for grain, corn, roots, or other spring sown crops be plowed in the summer or fall.

CHAMPIONSHIP FAIR AT SHARON BRINGS OUT FINE LIVESTOCK ENTRIES

The 1930 series of School Fairs for York County concluded on October 1st with the East Gwillimbury School Fair at Sharon.

In addition to the usual School Fair prize list, championship prizes, open to winners at all fairs held in the County, were given in the livestock classes. Some fine animals were on exhibition and kept the judges busy from two till five o'clock. Prize money donated by the local livestock breeders' club was paid in cash the day of the fair.
