Those Old Engines
Did you ever wonder what becomes of all the old steam traction engines when they die? If they're good, they go to Norfolk County and there they stand outside tobacco kilns and pump in steam to cure the bright leaf. Many have been seen at work during the past month doing just this thing and proving conclusively that there is always some way to use even the most apparently outworn agricultural implement.

Harvest Festival Services Held At St. Mary's Church

The Right Reverend O. I. Stringer, D.D., Bishop of the Yukon, preached an excellent sermon at the Harvest Festival Service held last Thursday at St. Mary's Anglican Church, Richmond Hill. The church was lovely with its harvest decorations of fruit, grain and flowers.

The Thanksgiving hymns, together with the visiting clergy of other denominations, as well as church of England, added to the service as one of general Thanksgiving.

The Richmond Hill clergy were Rev. D. Marshall, of the Presbyterian Church; Rev. G. E. Coulter, of the United Church; Rev. N. Wellwood, of the United Church and Rev. Young, former missionary to the Yukon; also Captain Lynch and Lieutenant Cooke of the Salvation Army were present.

The Anglican clergy were—the Rt. Reverend O. I. Stringer, D.D., Bishop of the Yukon; Rural Dean Noble, of Thornhill; Rev. Soans, City Chaplain, Toronto, formerly of Oak Ridges Rev. McCallum, of York Mills; Rev. R. S. Mason, of Richmond Hill and the Rector, Rev. L. C. Secrett.

In his address of welcome to the congregation and in introducing his Lordship the Bishop of Yukon, Rev. L. C. Secrett spoke very fittingly, "We are fortunate indeed to have with us to-night one of the great heroes of the church, the Right Reverend O. I. Stringer, Bishop of Yukon, who has spent thirty-eight years in the Yukon district."

The Bishop's sermon was taken from Ephesians 5:20, "Giving thanks always for all things unto God and the Father in the name of our Lord Jesus Christ."

Regarding this time of Thanksgiving, the Bishop said, "We must cultivate the spirit of appreciation and thankfulness. This is the time to think of the blessings that we enjoy. So we should give thanks to God, the giver of all good things. So often we take things for granted and so often we do not acknowledge the benefits we receive. This season of harvest and Harvest-Thanksgiving comes around once more and we find we have many reasons for gratitude."

In conclusion, the Bishop gave a brief but very interesting account of his work in the Yukon.

Thirty-eight years ago the Bishop was called to begin work among the Eskimos of the Yukon. Conditions then were bad; the Hudson Bay traders said it would be of no use to go among the Eskimos for they were a low, degraded race with no morals.

The work was very discouraging for many years. The evil influence of the whalers upon the Eskimos made the work very slow and hard, but at the end of 17 years, nine were ready for baptism.

Later at Herschel Island, a small school was established where the Eskimos were taught to read and write. To-day, they have books in their own language and some can read and write in English as well as in their own language.

New Interest in Sheep Raising

Marked success is attending the Department's effort to stimulate a greater interest in sheep-raising by the establishment of Sheep Clubs throughout the province. A membership of ten is required before application can be made to start a Sheep Club. The members must be under thirty years of age and reside on farms where sheep are not now kept and where the accommodation for successfully raising sheep is satisfactory. Each member will be supplied with five ewe lambs by the Department and with a purebred ram for a period of two years. The first year one lamb must be returned to the Ontario Livestock Branch and during each of the next succeeding three years two lambs until a total of seven lambs have been returned. Each member must care for his flock in accordance with regulations laid down by the Livestock Branch and must dip his flock for external parasites at least once a year. A considerable number of clubs are already in operation and other applications are being received from time to time.
