GLIMPSSES OF THE PAST

Victoria Square S. S. from 1832; 1897 The W. M. S. 1933

Thirty-six years ago there was organized the W.M.S. and such an important band of workers must not be left out of the picture of this church activities. Theirs has been a field of great privilege and well have the ladies of Victoria Square fulfilled their Mission. Bales of clothing, bedding, fruit and flowers have been sent out to gladden the hearts of recipients in far-off fields as well as at home. To-day they are "still on the job" doing a larger and more extensive work than ever before. Here is the report of organization of the W.M.S.:

"An Auxiliary of the Toronto Branch of the Women's Missionary Society of the Methodist Church was organized at Victoria Square on the 6th day of June 1897 with the following officers: President, Mrs. R. L. Nichols; Vice-President, Mrs. Mary Cook; Corresponding Secretary, Miss Hannah Hopper; Recording Secretary, Mrs. T. N. Frisby; Treasurer, Mrs. S. M. Brown. The number of members 7. Minister at that time Rev. A. R. Sanderson. Mrs. R. L. Nichols was president for eleven years, Mrs. Mary Cook for four years, Miss H. Hopper for seventeen years Mrs. (Rev.) Haig for three years and is the president for this term 1933-34. Mrs.

Ross Klinck held the office for two years. And here are the first members: Mrs. R. L. Nichols, Mrs. Cook, Mrs. S. M. Brown, Miss Hopper, Mrs. T. Frisby, Alice Hopper. Before the end of the first year there were added Mrs. Tom Read, Mrs. C. Read and Mrs. Hickson. The present membership is forty-five or more. Two of the former presidents, Mrs. Cook and Mrs. S. M. Brown, have passed away. into the heavenly abode and to the reward of those who served the master."

Just before passing this on to you there is one or two names to be mentioned. I believe the name of Annie Collard was left out of the list of organists and one of the oldest members, Marshal Forsyth, who now lives in Aurora. His brother Wes, who is mentioned as organist, won distinction in the Toronto Conservatory of Music being at one time the Professor in charge. Another member of the choir and Sunday school was Miss M. McCague, who has been successful as a soloist and appeared for a season with Duncan Cowan the famous Scotch Comedian, has a place in the choir records.

Next instalment will deal with the sports of the summer parties. (To be continued)

Way Back in the Liberal Files

THIRTY-FIVE YEARS AGO
From Our Issue of March 3rd, 1898
Messrs. Richardson, Hill and Davis, all Liberals, were elected in East York, West York and North York respectively in the election of March 1st, 1898, for the Provincial House.

Mr. R. Elliott, who filled the position of Chief Ranger in Court Richmond No. 7046, A.O.F., during 1897, was on Friday evening last presented by his brethren with a Past Chief Ranger's certificate neatly framed in oak. Brother Councillor Wright made the presentation on behalf of the Court in a neat speech, and the recipient replied in appropriate terms. Brother Elliott now fills the position of P.C.R.

The East York Plowmen's Association held their annual meeting at Markham a few days ago. The Secretary-Treasurer read the report for the past year, showing the society to be in a prosperous condition and having a good surplus on hand. The following officers were elected for the ensuing year: President, John Lawrie; Vice-President, William Miliken; Secretary-Treasurer, Thomas Hood; Directors, J. Little, S. Rennie, A. Weir, J. Morgan, R. Stiver, W. McDonald, G. Gormley, R. Petch, A. Dougharty.

The return match between Richmond Hill and Thornhill curlers was played on Monday afternoon in the rink of the latter club, when the home team was victorious by five shots. After the match the visitors were banquetted by their conquerors at Hughes' hotel. After supper compliments were exchanged between the two clubs, and the hope was expressed that as each club had won a match from the other by an equal number of points, that another match be played during the present season. The following are the scores:

Table with 2 columns: Team and Score. Thornhill: H. W. Harper, J. Wilson, R. Clark, Dr. Gallanough, H. Ward, T. Hughes, Rev. J. Morgan, John Morgan. Richmond Hill: T. F. McMahon, A. Moodie, W. H. The secretary reported that Mr. W. A. Sanderson had been re-appointed by the village council a member of the Library Board for the ensuing year. Among other items of business a communication was read from Mr. George Cowie tendering his resignation as Librarian and it was with regret that the resignation was accepted as Mr. Cowie had given excellent satisfaction in the discharge of his duties as Librarian. It was decided to advertise for a Librarian.

About 600 people were crowded in the Thornhill rink Tuesday evening to witness a hockey match between the Conductors and the Road Gang on the Metropolitan Railway. There was a special car from Sutton, one from Newmarket and another from Toronto. The Road Gang seven won by a score of 10-5.

Court Richmond No. 7046, A.O.F. held their monthly meeting Friday evening, when they received a fraternal visit from Court 9224, Davisville. NEWS AND INFORMATION FOR THE BUSY FARMER

Best Cash Crop
According to T. A. Benson of the Federal Poultry Branch at Toronto, prospects indicate that once again poultry and eggs will prove the best cash crop.

Unreasonable weather has done much towards a dropping off in egg prices, not only because of increased production, but in facilitating transportation. Egg prices, however, have become slightly firmer, recently and given normal March weather, the outlook for steady fair prices is encouraging.

Public Stock Yards in 1932
During the twelve months of 1932, fewer cattle were marketed at public stock yards by approximately 76,000 head, as compared with the previous year. The curtailment in the movement to market, should not, however, be considered as an indication of a relative decline in production. Prices were a ruling influence and were consistently responsible for a commendable caution in respect to loadings. It was pointed out most frequently during the year that the condition of the market was such that even a normal run would develop almost un-saleable carryovers.

Cattle for British Market Must be Carefully Selected
"Is our export of beef and stocker cattle being jeopardized by the methods of a certain number of producers?" This is the question of Garnet H. Duncan, livestock investigator, Ontario Marketing Board. Mr. Duncan pointed to the fact that a high percentage of Canadian heifers arriving in Great Britain, have proved to be with calf. It is his thought that, since there is no market for that class of livestock in the Old Country at present, the continuing of this practice will work to the disadvantage of all producers. Great Britain has the potentialities of becoming our

greatest market, and therefore, is worthy of our best products. Carelessness in the class of stock shipped to that country, must result in the destruction of a most valuable outlet.

Use More Red Clover This Year
With the judicious purchasing of small seeds, paying attention to price in accordance with quality, there will be sufficient home-grown seeds with the exception of timothy to meet normal demands, states Arthur H. Martin, Assistant Director, Crops and Markets Branch. Good alfalfa seed will be somewhat scarce and is likely to be slightly higher in price. As there was no export trade for Red Clover this year there will be ample supplies of clover seed and at the extremely reasonable prices at which the seed will sell, many farmers will no doubt increase the clover seedings this year.

We still import 50% of the timothy seed used in Ontario. The demand for timothy hay is diminishing, and as legume crops yield on an average of a ton more to the acre than timothy it is quite possible that much of the straight timothy acreage will eventually be seeded to one of the legume crops such as clover, alfalfa or alsike or a mixture of these and timothy. Beware of ungraded seed. In the first place it is unlawful for anyone to offer seed for sale ungraded, and, secondly, ungraded seed is of very doubtful quality and often is a source of severe contamination. Any farmer, by forwarding representative samples of the Dominion Seed Branch at Toronto or Ottawa may have three samples graded free of charge. Finally, Mr. Martin said, "One prominent farmer summed up the legume situation very aptly when he remarked, 'as far as my own farm is concerned, I intend to buy early, seed down everything and slap it on thick.'
