Young Canadians, Orillia Peterboro and Toronto May Form Lacrosse Grouping

Malvern Grads Play Here Friday
Night—Junior Series Starts With
Double Header Saturday
Night

At the time of going to press the lacrosse moguls of the Tri-County and the O.A.L.A. are negotiating for the formation of a senior group made up of Orillia, Richmond Hill Young Canadians, Peterboro and Toronto. This step was necessary as a result of the withdrawal of Bradford and Camp Borden from the Tri-County senior series, leaving only two teams, Orillia and Richmond Hill. A two team league did not appeal to either club and every effort has been made during the week to hook up with some good senior group. The proposed four team group will mean a lot of expensive travelling for the teams, but if it materializes the fans will be assured of some top-notch lacrosse.

Malvern Grads, the fastest senior outfit which defeated the Young Canadians here last Saturday evening by a score of 9-7, will play a return visit Friday (to-morrow) evening. The two teams play another exhibition game at the local arena commencing at 8:30 D.S.T.

Saturday night the junior elimination series opens here with a double-header and a full house is expected to greet the boys. Keen interest is shown throughout the entire district in this series and the fans are assured of some bang-up, keenly contested lacrosse. Allendale and Mt. Dennis meet in the first game which is scheduled to start at 7:30 p.m. and at nine o'clock Oshawa and Richmond Hill come together. These will be games worth seeing and the arena should be packed to the roof. If you haven't seen these juniors go, you've really missed something good. There will be thrills and excitement galore at the rink Saturday night. Don't miss it.

In an exhibition game here Wednesday night Native Sons of Toronto defeated the Young Canadians by a score of 13-12. It was a see-saw struggle and it was either team's game right to the final bell. Several times the locals were in the lead, only to have it overcome and the visitors go out in front once more. The Young Canadians are showing something of their old time stride, but are not yet in the best of condition. Last night's game was hard fought and the spectators enjoyed it to the limit.

The lacrosse season was ushered in last Saturday night when the Young Canadians crossed sticks with the Malvern Grads of Toronto in an exhibition fixture. Over two hundred fans took in the game and enjoyed a real good game. The Malvern Grads are one of the smart teams representing Toronto in the senior O.A.L.A. race and on the pre-season dope should be among the leading contenders for senior honors. They looked good in their game here. They had some nice combination plays and individually as a team give promise of developing into a very formidable aggregation. They recently were defeated by Orillia Terriers, but have had a number of games since that encounter in the northern town and have much improved.

Saturday night they defeated the Young Canadians by a score of 9-7.

It was the first game of the season for the locals, in fact was the first real good work out the players here have had this spring. They were far from form and lacked the team play which carried them to the championship last year. However, the fans were well satisfied with the initial center of their Cup hopes for this year. Alf Stone in the nets, Jack Johnson and Charlie Rowntree on the defence, Dempsey Armstrong rover, Rusty White, centre, Beckie Jacks and Cal Miller forwards, was the first line sent out by coach Kenny Kingdon. Al White, Chuck Weese, Harold Weese, Jack Miller, Kenny Blanchard all members of last year's team also took part in the game and the two new faces were W. Patrick formerly of Aurora and Vic Orr of Maple.

Young Canadians opened the scoring, the first goal being netted by Patrick. The Grads came back with two counters and then the old combination "Cal" Miller to Beckie Jacks accounted for an evener and the first period ended 2 to 2. In the second the Grads had the best of the play and added two more counters making the score at the end of the period 4 to 2 in their favor. In a rally at the commencement of the fourth Young Canadians tied up the count, Cal Miller scoring on a pass from Rusty White, and then Rusty scoring on a pass from Beckie Jacks. Malvern went into the lead again by two goals. Rusty White delighted the crowd with one of his sensational rushes and Cal Miller took a perfect pass and scored. The Grads got another and were two in the lead when Chuck Weese got away from his check, took a nice long pass from Charlie Rowntree and scored to end the period 7-6. This was the best stanza of the game and the spectators had plenty of thrilling excitement and there was plenty of exciting fast play. In the final period both teams were tiring and each netted one counter, W. Patrick scoring for the Hill on a pass from Al White.

Bert Cook officiated as referee for the game.

Among the spectators at the game was Fred Wagborne Jr., president of the O.A.L.A.

Orillia Terriers must have the Mann Cup, emblematic of Canadian amateur lacrosse championship, as their objective this season. No fewer than six new players have taken up residence there this spring.

This year's edition of the Orillia team is one of the smoothest ever gathered together in that district, and they served notice of their potential power recently by beating an all-star senior team from Toronto by 13-5, and also in defeating Mount Dennis seniors.

The newcomers are: Tommy Scott, Mimico; Max Lister, Toronto; Howard Clarke, Brampton; Gordon Boettger, Hanover; Harrison Eaton, Thornhill; Bill Wilkes, Mount Dennis. The first three named are defence players, the others forwards. Scott played for the Mimico Canadian champion team last year, and Clarke was with the Brampton team that won the honors in 1931. Lister, Wilkes, and Eaton played junior lacrosse last season. Boettger is a veteran with many years' experience.

In addition the Curran brothers, William G. and Ernie (Raisins) have decided to play senior instead of intermediate and most of last year's good team is also available including the starchy Pethick and Arisenault.
