A RECORD COLD SNAP

The district has been in the grip of one of the coldest spells on record for this time of year. Tuesday night the thermometer at Dunlop's greenhouses registered as low as five below zero and Wednesday night as low as four below. There was a considerable snowfall last Saturday and it has remained ever since. Old timers and various weather prophets prophecy that this snow and winter weather will remain with us. Wednesday was the coldest November 15th on record for the past 93 years.

STRIKE, STRIKE, big news. The Ladies Aid goes on Strike. See this play at Masonic Hall, Richmond Hill next Saturday evening.

DOZEN GOALS DOWN YOUNG CANADIANS DETERMINED TO OVERCOME FERGUS IN SERIES

Defeated But Not Downhearted -- Young Canadians Last Chance To Stay in Championship Race— A Great Game in Store for Fans.

Fergus Thistles come to Richmond Hill Friday night for the final and deciding game of the Tri-County championship play-off series with the Richmond Hill Young Canadians. They will come with a twelve goal lead as a result of their 17-5 victory in Fergus Wednesday night. Young Canadians will step on the home field determined to overcome this big handicap and win the series and the right to continue in the final series for the league championship and the coveted McCarthy Cup. It's a big lead, but those who say it can't be done underestimate the ability of the Young Canadians. With their backs to the wall, on their home field and with a couple of thousand loyal fans to cheer them in their fight, Young Canadians can do it and many of their supporters think they will. Wednesday night, playing in frigid atmosphere, in a strange rink on a board floor, Young Canadians gave anything but their best demonstration of lacrosse. They were just not clicking, the breaks and luck seemed against them. Even at that they gave Fergus a real battle and the critics at the game unanimously agreed that the score was no indication of the play. With these conditions changed, with their old time speed and combination working, a little of the luck and a few of the breaks of the game a twelve goal lead is not an insurmountable obstacle.

Anyway, the fans of this district are going to see the lacrosse game of the century as Young Canadians go out and try to overcome this lead. Fergus fans said that for action and speed, Wednesday night's game was the best, most thrilling and exciting seen in that great lacrosse town for many years. Friday's battle here will be even better.

Ollie Barret, one of the Young Canadian's star performers, was unable to make the trip to Fergus Wednesday night, but he will be on the line-up Friday night.

Just by way of comparison it is interesting to recall the recent Camp Borden series. Up at Alliston in the first game of the series Young Canadians had to put up a hard battle to come out with a victory by a narrow margin of one goal. On the home rink they easily defeated the Flyers by a margin of fourteen goals. It was a nip-and-tuck game at Allandale and the outcome was in doubt until the final bell. In the second game at Richmond Hill the Flyers looked easy for the Young Canadians. The same reversal of form may happen in this series with equally satisfying results. The point is that in this great game of Box Lacrosse nothing is very sure. Fergus Thistles are undoubtedly coming to Richmond Hill to-morrow night cock-sure of the victory—and they may get fooled. Remember once a team gets away, hit their stride and get a scoring combination working even a twelve goal lead soon melts.

Anyway, every man, woman and child in this district who enjoys the thrills and excitement of Canada's national game should let nothing less than twenty foot snow drifts prevent their attendance at this game of games. It will be worth driving miles to see, and it promises to be the lacrosse classic which will be the topic of conversation for months and years to come. Can they do it? Well, we'll see Friday night.

You will be comfortable at the rink Friday night. The weather promises to be warmer, the windows and openings of the arena have been carefully checked and gone over and there will be no bothersome drafts to worry about. The ladies dressing room will be heated for the convenience of ladies at the game.

Commenting on the game Wednesday night The Toronto Mail and Empire says: "After playing three periods of

lightning lacrosse Richmond Hill Young Canadians went down to defeat before the onslaught of the speedy Fergus Thistles, emerging from the first game of the semi-final Tri-County lacrosse play-offs on the short end of the 17 to 5 score.

The first 45 minutes of play was about the fastest seen this season, and the lopsided score is certainly no indication of the play. The teams were very evenly matched, and as a result close checking was one of the features of the tussle which at times became quite rough as the teams battled it into opposing territory.

The Thistles opened the scoring, getting three before the Hill got on the score board. "Chuck" Weese and Harold Weese each got one before the end of the period to close the initial stanza 3-2.

In the second the Thistles got four to the Young Canadians two, Jack Hart and Beekie Jacks getting the counters. The period ended 7-4.

In the third Fergus scored three while the Young Canadians were held scoreless the period ending Thistles 10, Young Canadians 4. In this period "Rusty" White was knocked out and had to be carried to the dressing room. "Rusty" returned to the game during the last period.

In the final period the Thistles got 7 to a single counter for Young Canadians by "Chuck" Weese.

EXPECT CUT IN ELECTRIC LIGHT RATES

A reduction in electric light rates in Richmond Hill Village is likely to come about in the near future according to an announcement by Reeve J. A. Greene at the regular meeting of the municipal council held Monday evening. The reeve reported to the council that along with councillor James McLean he had interviewed the Hydro authorities and that a reduction of between five and ten per cent in local rates would likely be made. He pointed out that each year approximately \$1,000.00 was added to the surplus in the electric light account and that now there was a substantial sum in this account. It was felt that with this amount on hand a reduction in rates could safely be made. All members of the council concurred in the suggestion and unanimously agreed that a reduction in rates would be very welcome and should be brought about.

The Hydro refused to make any reduction in the charges for street lighting, which members of council stated closed the discussion of recent months concerning a new lighting system for Yonge Street in the village. The cost of the installation could be taken care of out of the electric light account surplus but the increased maintenance charges would be a direct levy on the people and would mean about another half mill on the taxes. The reeve and members of council agreed that under those conditions and the Hydro unwilling to make any concessions the project should be dropped for the present.

ICE AT THE CURLING RINK

"Bunny" White, ice-maker for the Richmond Hill Curling Club announces that ice will be ready for curling to-night (Thursday). There is approximately two inches of ice on the rink and the rings and markings are being put on to-day. Curling to-night will, we believe, establish an all time record for early curling in this district and the devotees of this great winter game would seem to be in for a fine winter's sport.

Mr. J. Lockie Wilson of Toronto, Reeve George Kellam of Vaughan, Reeve Norman McMurchy of King, Councillor Ratcliffe of Whitechurch Township and Councillor W. L. Clark of Markham Township were present and spoke words of commendation and encouragement for the young plowmen. Musical numbers were given by Mr. Moscow of Agincourt, violinist; Miss Agnes McLean and Miss Margaret Watson, piano numbers. Mr. Clarence Graham, honorary president of the York County Junior Farmers, moved a vote of thanks to Vellore Women's Institute, the township council and to all individual donors who contributed to the success of the annual plowing competition and banquet. This motion was seconded by Mr. Bill Hodgson, president of the Nobleton Junior Farmers, and heartily endorsed by all present.

DIAMOND JUBILEE
Richmond Hill Village will celebrate the sixtieth anniversary of incorporation as a village at a great community banquet early in December. This was decided at the regular council meeting Monday night when councillor James McLean was appointed as chairman of a special committee to arrange the event.
The members of council felt that the Diamond Jubilee should not pass unmarked and it is hoped that this great community banquet will fittingly mark this important milestone in the history of the village.
