**Life's Changing Outlook**

Have you ever thought how insecure are the hopes and plans of the poor, who, dependent upon their daily earnings, find life's outlook so greatly changed when sickness comes? They bear a double cross, for in addition to physical suffering, poverty stares them in the face. There is one disease most dreaded by this class. It is consumption, which, fostered by their mode of life, prevails upon them. Nourishing food, fresh air, rest, the only known cure, is beyond their means. What then is to be done? There is no alternative. They must be helped. The Toronto and Muskoka Hospitals for Consumptives with their new buildings, can give better service now than ever before, their only handicap being lack of sufficient funds. There are but few patients who can pay anything towards their keep. There is NOT ONE for whom the whole cost of maintenance is received. For the difference, amounting to many thousands of dollars in the year, these institutions must look to you and to other warm hearted friends. Will you please send what you can to George A. Reid, Treasurer, 223 College Street, Toronto 2.
