The annual Bazaar and Supper held under the auspices of St. Philip's Anglican Church, was as usual a decided success, when the proceeds were approximately \$90.00. Mrs. W. Hawkins and Miss Nellie Bond held the lucky tickets in the draw for the quilt and pair of ducks. The articles for sale were of high quality, suitable to meet the Christmas need, the children's attraction, the Fish Pond, was well patronized. The delicious supper met the need of hungry folk and was indeed a credit to the ladies in charge. So, everybody that attended came away happy.

Twenty-four tables of players met once again under the auspices of the Veteran's Association for a friendly game of euchre in the Township Hall on Thursday evening. Oh, listen folks, and did you hear the news that's going round, that on Dec. 21st, an entertainment will be held, the best that ever yet has been. So, wend your way right smart to the Township Hall on Main Street, the concert starts at 8 p.m. sharp. The boys and girls have told me old Santa will be there, with a train of games and fairies, to be sure, it's quite an affair. The invitation is for you, so be there on the dot. The children all expect you. You'll be sorry if you're not. The holiday promises to be as usual, quite busy, with the different events of entertainment that are

scheduled to take place. The dates of the various concerts are, Central United S.S., Dec. 19th; Brown's Corners, Dec. 19th; Unionville Public School, Dec. 21st; St. Philip's Anglican, Dec. 27th. We recommend attendance to all, Christmas only comes once a year.

Mr. A. J. Camplin dealt with the timely topic "Peace and Good Will" at the meeting of the Central United Y.P.S. on Monday evening and brought an inspirational message to the young folk on the eve of the old year. The devotional period included scripture readings by Christine Warne and May Thurston, and prayer by Bob Hiltz. Attendance of all members is requested for the next meeting when reports for the year will be heard and the election of officers will be held.

An impressive event will be the Confirmation Service, that will be held in Grace Anglican Church on Friday evening next, commencing at 8 o'clock. Bishop Owen of Toronto will conduct the service. The music will be in charge of the St. Philip's choir and candidates from the Unionville Church will also be received into membership. Holy Communion will be dispensed in St. Philip's Anglican Church on next Sabbath morning.

White Gift Sunday was observed at Central United Church last Sunday, when Sunday School scholars, young and old, laid their gifts on the altar of love for others. The contributions exceeded previous years and were sent to Saskatchewan where they will be distributed amongst the needy. "The world seemed empty, and black and cold, and wretched and helpless and very old, A thought for 'others;' a new world grew, That thought created a world anew."

During the service Rev. A. E. Owen gave an interesting talk to the children and told the ever delightful story of "The Other Wise Man." This service was indeed a fine beginning for the celebration of the birthday of him who gave freely of his life that we might enjoy Peace and Good Will on earth and everlasting joy in Heaven.

MCCARTHY CUP WILL BE PRESENTED TO TEAM AT JUBILEE BANQUET TO-NIGHT

Richmond Hill Young Canadians won for the second time the Tri-County League Championship and the McCarthy Cup when they defeated the Huntsville Black Hawks here last Thursday night by a score of 14-7. It was a hard fought game with the Young Canadians making an uphill fight all the time to overcome the Black Hawk's two goal lead gained in the game at Huntsville. The Hawks are an aggressive hard checking team and played excellent lacrosse for the first three periods, the score at the end of the third period being Richmond Hill 7, Huntsville 6.

In the final period Young Canadians put forth a winning effort and ended the game seven goals up on the northern contenders. A record crowd for the season attended the game and the fans were delighted with the efforts of the Young Canadians and at the same time give much credit to the Huntsville team for the splendid game.

In the first period Richmond Hill gained a one goal lead, the period ending 3-2 in their favor. In the second the Hawks outscored the Young Canadians 2 to 1 and the stanza ended four all. In the third period the hard saw game continued and the best of the fighting Young Canadians could do was to out score the visitors 3-2 to end the period 7-6. In the last period Young Canadians turned on the steam and went on a scoring rampage to drive in seven goals while the best the Hawks could do was outguess Alf Stong in Richmond Hill nets for a single counter.

It was one of the best games of lacrosse ever seen here. The score is no indication of the game as right until the last part of the last period the play was close and the teams very evenly matched.

The victory rang down the curtain on the 1933 lacrosse season and the Young Canadians are for the second time holders of the McCarthy Cup. This handsome trophy will be presented to the team at the Jubilee banquet in the Masonic Hall to-night.

School Board Refuses Use of High School for Jubilee Purposes

The Richmond Hill Board of Education in regular session Tuesday evening confirmed the action of the Chairman of the Board in refusing to grant the use of the High School Gymnasium for Community Diamond Jubilee Banquet which will be held to-night.

In introducing the question Chairman A. A. Eden explained that he had received a request from the Village Council for the use of the High School for the Community Banquet and after consulting the members of the Board he had given a refusal. Since then he stated there has been a good deal of criticism of the Board's action and he felt that much of that criticism was unfairly directed on one or two members and more particularly himself as chairman. He felt this was unfair and he asked that the Board go on record on the matter.

Trustees Bert Cook said that as other arrangements had been made he doesn't think any action was necessary. No more need be said about it, he said.

Trustee Buchanan suggested that a motion of confidence in the chairman might be passed, but as far as going on record that the school should not be used by some organization to which the Board might want to give the school he would not favor it. One of the churches might want it some time and we might want to let them have it, he said.

Trustee Trench—It's not too late to take action one way or the other now. It is really a community event and the council thinks they should have the use of the school.

Trustee Angle stated that when he was first approached he was inclined to be favorable. It was a public affair, so why not use the school. However, the more I thought it over the more I was against it, he said. I gave the chairman my opinion that there were more things against using the school for the banquet than in favor of it.

Trustee Hopper stated that when first approached he said that if the others were agreeable he was agreeable, and he still took that stand.

Trustee Secrett suggested that the entire discussion was out of order as no written application was made to the Board. The application has never come before us as a Board, so how can we deal with it. It was an informal application and before our meeting other arrangements have been made, so I see no reason why we should take definite action.

Trustee Angle—That's just passing the buck.

Trustee Secrett—Not passing the buck, just keeping a point of order.

Trustee Buchanan—I still favor passing a resolution of confidence in the chairman, but I do not favor passing any motion saying no-one can have the use of the High School.

Trustee Trench—This is a community affair and they want to use the school. Our duty is to determine whether or not it will interfere or whether or not it is in the best interests of the school.

Trustee Angle—For expediency probably the best course is the one suggested to forget it if we can. If the chairman's acts are corroborated that might be sufficient.

Chairman Eden said that when he gave the answer to the council stating the school could not be used for the banquet he was giving the answer of the Board in accordance with the opinions of the members expressed to him. He then proceeded to poll the members as to the answers they had given him previous to his advising the council of the decision.

Trustee Mrs. Wright—I felt I would like to have the Board given the opportunity of discussing the question. I appreciate there are some things to be said against it as well as for it.

Chairman Eden—I understood you to say that there was more to be said against it than for it.

Trustee Mrs. Wright—I don't think I gave that impression, but I did want to see the Board have the opportunity of discussing it.

Trustee Cook—I don't think we should let them have it.

Trustee Trench—When first ap-

proached I thought we should have time to consider it and when you asked me I gave the opinion that it probably wasn't in the best interests of the school to have the banquet there.

Trustee Hopper—I favored it when first approached, but after talking to others who thought it would be a detriment to the school I thought we would be better without it.

Trustee Angle—I have already expressed my opinion.

Trustee Sanderson—I have already expressed my opinion as unfavorable.

Trustee J. F. Atkinson—I am opposed to it, because who would pay for the damage that would be done.

Trustee Buchanan—When I was asked about it I said that whatever the chairman decided I was behind him one hundred per cent. However, I suggested that if the banquet were held there it would be a good idea to have officers to direct traffic to prevent any damage to the lawns.

Trustee Secrett—When the request was first made I thought it would be a splendid idea, but then when suggestions were made that it would interfere with the school routine, damage the hardwood floors, etc., I hoped that other arrangements would be made and we would not have to say no. I certainly did not want to say no to another body of public men in this community trying hard to serve the public, but if the interests of the school were to be hindered then of course no must be the answer.

Chairman Eden said that in view of the expression of those opinions he had conveyed to the council the Board's refusal to the request for the use of the school for the community banquet. What else could I do, he said.

The resolution confirming the action of the chairman was unanimously passed by the meeting.
