Let's Go Forward

Be Loyal To Your Community

Development and progress do not come unassisted. Prosperity may be just around the corner but the best way to get it is to skip around the corner and get it. Prosperity is going somewhere so let's bring it to Richmond Hill district.

A community must be attractive both to people and capital before it can be successfully developed. Natural advantages and attractions must be developed and augmented for as long as a community is content to remain idle while far less advantageous places work hard, development and prosperity will always be just around the corner and perhaps a little farther away than ever.

BUSINESS is indispensable to community life. Merchants and business firms advertising in The Liberal contribute much to the well-being of this district and with increased patronage can contribute more to the betterment and upbuilding of the district. If you deal with these firms you are dealing with friends who have a common interest with you, the betterment of the district.

Advertisers in this issue offer you a variety of merchandise and service which is DEPENDABLE. Let's pull together. Before making our purchases let us weigh the question of where our hard earned money is going. Is it going to someone who helps pay the taxes in our town, or who helps with the general advancement of the community? When tempted to send your money to some outside firm, think this over. Be loyal to your own community. Let's get goin' now for 1934. LET'S GO FORWARD, and by all means let's go forward together.

Let's Go Forward

We take pride in the ROSES we grow, and we take pride also in the COMMUNITY of which we form a part.

As ROSE growers in this the Rose Growing Centre of Canada we are ambitious not only for our own products but also have a deep interest in the welfare of the entire community. We are happy at this time to endorse the GO FORWARD WITH RICHMOND HILL AND DISTRICT crusade and we trust that the year 1934 will be one of progress and prosperity for the district.

Help Canadians! Buy our Alberta coal. Great heat and longer burning, it is a jewel. If you would prefer a different kind of coal, and yet wish a British product, try our Welsh Blower or Welsh Cobbles. Still, if you would like to help Uncle Sam, we have the best of American Anthracite and Bituminous coal.

WE HANDLE COKE, HARDWOOD, SOFTWOOD AND SLABS.
