TERRIBLE CONDITIONS IN BRITISH GUIANA DESCRIBED BY REV. DAVID MARSHALL

A letter received this week from Rev. David Marshall of British Guiana, former minister here of the Presbyterian Church, tells of the terrible conditions existing in that part of the world to-day. The country was swept by a terrific storm and lightning and rain spread desolation throughout the land. For nearly two hundred miles the water stretches some places four, five and six feet in depth. The only mode of travel in many places is by boat. The crops have been destroyed and thousands of sheep, cattle and other animals have been drowned.

There will be an all-star hockey game at the Richmond Hill arena next Tuesday evening as a feature of the Old Timers Skating Party. The members of the teams are recruited from the ranks of local ice celebrities and the single men are signed with the Amazing Americans and the married men with the Canadians.

What a game this is going to be. It is understood both teams will have the most modern of outfits and it is unofficially stated that the losers have to buy an oyster supper for the winners. With this at stake it is sure to be a battle royal and the busiest men on the ice will probably be the club physicians.

You are cordially invited to come to the rink next Tuesday night and enjoy the skating party and this all star hockey game. There will be skating both before and after the game. The proceeds are in aid of relief.

HEARD AT THE COUNCIL MEETING MONDAY NIGHT

Reeve Greene announced that he had taken up with the T.T.C. the matter of better heating of radial cars, and he hoped passengers were now able to ride with more comfort. There were a number of complaints about the poor heating of the cars.

Councillor Wes Middleton, chairman of the Relief Committee, complained that the members were not very faithful in attendance. He suggested that the committee be made smaller if the members did not take more interest. At the last meeting only two members and the chairman showed up. The Reeve suggested that post card notices be sent to the members.

The members discussed the improvement of the clerk's office. The plaster on the west wall is badly cracked and does not present a very inviting appearance. It was thought for a small cost it could be greatly improved. Councillor Middleton will secure prices for replastering the wall.

Council declined membership in the Ontario Municipal Association.

In answer to a question by councillor Neal, clerk A. J. Hume stated that only commercial users of water were permitted to buy their own meters. Councillor Neal said he asked the question because he had heard that some were permitted to buy their own meters and thus avoid the service charge. The clerk explained that there were no domestic users allowed to do this.

The usual annual additions to the fire equipment of 100 feet of hose and two pair rubber boots were made by the council.

The photograph of the 1933 council of Richmond Hill's Diamond Jubilee year now adorns the walls of the council chamber.

The relief problem is still a major one for the council and there was considerable discussion of the subject by the members. Through the efforts of the council a number of men have been given employment on the different highway jobs but there are still many men who need work.

The attention of the M.O.H. was directed to the case of a party selling milk in the village contrary to the village regulations.

Reeve Greene expressed his appreciation of the co-operation of the Board of Education in reducing expenditures last year and stated he looked forward to a continuance of that fine co-operation in 1934.

THAT CITY ADVICE

Acton Free Press:—A city paper gave an article the other day, headed, "What Our Farmers Must Do To Prosper." No editor of a weekly newspaper who meets the farmers daily would attempt any such article. The average farmer has tried most every method known to exist, and is in rather a poor frame of mind for city advice on running his business.

RAISE More PULLETS From Every 10 Chicks Bray Chicks are Safe Chicks In a chick-rearing contest last year, with total of 50,000 chicks from 45 different hatcheries, more than HALF the prize money went to Bray chicks—1st, 3rd, 5th and several other prizes. That's a pretty good indication that Bray chicks are SAFE chicks to buy. Fewer losses. More pullets in the Fall. See the manager of our nearest branch hatchery. Ask him to show you how THIS year's Bray chicks are STILL FURTHER safeguarded against losses. By reducing your losses, you increase your profits.
