CO-OPERATION IS ESSENTIAL TO COMMUNITY PROGRESS

Every community, large or small, is a living example of the spirit of co-operation or a dead example of the lack of co-operation.

Your home community with its streets, schools, lighting system, water system, churches, fire protection and all form of municipal administration is proof that we can do much by co-operation, but that individually we are almost helpless.

A common purpose, the education of our children is the reason for our public schools, our high schools and our universities, and only by co-operation can these institutions be carried on.

The citizens of Richmond Hill and district have a common purpose. The advancement of the district.

Individual advancement cannot be separated from community advancement. The individual can only hope to keep pace with the district. The betterment of the community is in the individual interests of everyone. That which benefits the district benefits the individual and likewise individual prosperity benefits the district.

Success, progress and prosperity will only come to the community if we as citizens keep in mind that common purpose. THE BEST FOR RICHMOND HILL AND DISTRICT IN 1934 should be our common purpose. By a united effort there is no doubt we will be able to achieve a common good which will mean a personal and individual good to all of us. Yes, by all means, let's get goin' now. LET'S GO FORWARD IN 1934.

Let's Go Forward

We take pride in the ROSES we grow, and we take pride also in the COMMUNITY of which we form a part.

As ROSE growers in this the Rose Growing Centre of Canada we are ambitious not only for our own products but also have a deep interest in the welfare of the entire community. We are happy at this time to endorse the GO FORWARD WITH RICHMOND HILL AND DISTRICT crusade and we trust that the year 1934 will be one of progress and prosperity for the district.
