RECORD JUDGING COMPETITION HELD IN YORK COUNTY

Fifty-eight boys and forty-three girls competed in the annual County Junior Farmers and Junior Girls' Judging Competitions held in the Richmond Hill district on May 30th. The Boys' Competition was conducted by R. E. White, Agricultural Representative, and J. E. Whitlock, Assistant Director of the Agricultural Representatives' Branch, Toronto. The Girls' Competition was under the direction of Miss Betty Wallace of the Institutes Branch, Toronto, who coached the girls. Miss Helen Baycroft, Aurora, and Miss Duncan and Miss Bambridge of the Institutes Branch, assisted with the judging of the classes.

The following were the judges of the Boys' classes: H. L. Atkinson, Ass't. Representative of York County; Elton Armstrong, Donald Petch, Kenneth Deacon, Richard Baycroft, Fraser Gee, Diarmid McTaggart, Chas. Boynton, Jerry Walker and Lambert Wilson. Splendid classes of live stock for the boys' competition were supplied by John D. Patterson, Frank Graham, E. T. Stephens and Major Basher of the Municipal Farm. The boys, girls and judges to the number of 150, were royally entertained to a picnic dinner through the generosity of Mr. Patterson at Don Head Farm.

The success of the Competition was due largely to the work of the young men and women who coached teams of beginners in their respective townships. The following coached teams: Gladys Harrison, Woodbridge; Laurena Rutherford, Woodbridge; Ruth Jennings, King; Mary Barker, King; Heber Irwin, Kleinburg; Clifford Rumble, King; Bill Hodgson, Lloydtown; Alvin Wideman, Markham; Robt. Chapman, Weston.

Generous prizes of silverware and china for the girls, and trophies and cash prizes for the boys were donated by the Township Councils, Women's Institutes and private individuals.

In the evening a banquet was held in the Presbyterian Church, where the Women's Association catered to 150 competitors and guests. Mr. Murray Macklin, Milliken, President of the County J.F.A., was chairman, and Miss Ethel Chapman of the Farmer, Toronto, was guest speaker.

Challenge Trophies donated to the high standing boy in each class in the Junior Competition were won as follows:
 Horses—donated by E. T. Stephens and Jas. McLean Richmond Hill; won by Wm. Watson, Woodbridge.
 Beef—donated by the late John Gardhouse; won by Earl Gardhouse, Weston.
 Dairy—donated by Gordon Duncan, Todmorden; won by Norman Baggs, Edgely.
 Sheep—donated by D. W. Baxter, Georgetown; won by Howard Codlin, Malton.
 Swine—donated by Boynton Bros., Gormley; won by Leonard Wellman, Gormley.

SLATS' DIARY
 BY ROSS FARQUHAR

Friday—Aleck Bunn got Soar at his wife yesterday and he told her she better be Care full or he might up and leave her. and when he was a telling pa about it pa sed. What did yure wife say to that. and Aleck replied and answered that all she sed was she wanted to no How Mutch.

Saturday — pa went to a speshulst today but after a very very care full Xamina-shun he sed pa diddnt have nothing wrong with him. Pa says he thinks the speshulst meby discovered that the oney thing witch was rong with him was that he was poor.

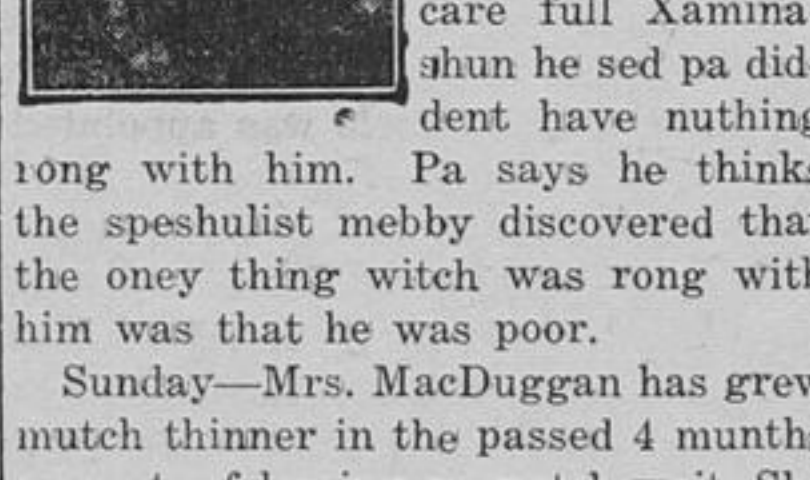

Sunday—Mrs. MacDuggan has grew mutch thinner in the passed 4 months on acct. of loseing so mutch wait. She wanted to by a coarse in Reducing but her husband sed he cudden afford it so he spent his time thinking up ways to worry her and finely she got slim wirrying about not having money to by the coarse in reducing.

Munday—Fannie Eck was here at are house this evning and told ma and Ant Emmy she wood love to get a devorse if it was possible and ma sed. Why Fannie I diddnt no you had a husband even. and Fanny replied and sed. Yes that was a nuther thing that wirryed her to.

Tuesday—I wood of went to the party tonite over to Elsys house oney she told me I wood half to set on Janes rite hand and I backed out be cuz I new them dineing chairs was discombaffle enuff with out that.

Wensday—Ant Emmy says its kind a nice that Gentlemen Prefer Blonds oney it wood be better if they diddnt go and Marry Brunetts 1st.

Thursday—Ike Hix had his pocket picked of 3 \$ and seventy cents as they cum out of the movy theater lass nite. He sed he felt the hand in his pocket but he just that it was his wife witch was to empashunt to wait till she got home.

Still, some boys must drop out at the eighth grade so they can be ready to provide jobs for the valedictorians.

NEWS AND INFORMATION FOR THE BUSY FARMER

An extremely dangerous crop situation faces the farmers. The very dry weather threatens all farm and garden crops and the prospects of a hay crop are extremely doubtful.

The farmers of Ontario have suffered terrific hardships during the past three years. Ridiculously low prices for products and equally ridiculously high taxation. It cannot go on if the farmer is to continue.

Mitchell F. Hepburn, Elgin County farmer who, as leader of the Ontario Liberal party, is likely to be Ontario's next premier, promises a reduction in expenditures, relief from the burden in taxation and says there will be no further additions to the public debt which now totals over \$600,000,000.00.

Vote for the Liberal candidates and help Mitchell F. Hepburn restore responsible government in Ontario.

At this serious time when farmers are trying to maintain their farms and householders trying to maintain their homes, Premier Henry introduces legislation to provide for more free distribution of BEER. The people of Ontario are not as gullable as Premier Henry apparently thinks. IT'S TIME FOR A CHANGE. Vote for Morgan Baker in North York and for T. Harry Sanders Reeve of Scarborough in East York.

Light Weight Lambs
 The marketing of spring lambs at too light weights is a most unfortunate practice, since it incurs a heavy loss of revenue to the producer and causes a decrease in consumption. In the main, it is quite feasible for the producers to hold back their lambs until the animals have reached around 60 pounds and show reasonably good finish. Thin, underweight spring lambs sell for less than half the price of acceptable weights, well finished.

Current Crop Report
 Continued drouth during the month of May in most districts of the province has seriously affected the hay outlook. Fall wheat, strawberries, in fact the majority of crops have also suffered from lack of moisture. Frosts occurred in some parts of Ontario, with Grey County reporting a loss of 70,000 tomato plants in the Meaford area from this cause. Peel County reports sales of baby chicks by chick hatcheries well up to the average of recent years, also a pronounced drop in chick disease inquiries. 90 per cent of the baby chicks sold there were from blood-tested flocks. Essex has thousands of acres of good alfalfa and red clover, standing thick on the ground, but frosts and dry weather have held these crops back, too. York County estimates a loss of two-thirds of its hay crop. Crops of peas, oats, soy beans and millet are being sown to replace the lost hay crop. Prescott and Russell in Eastern Ontario reports that most of the shrubs, vines and fruit trees were seriously affected by cold weather last winter.

Pasture and Hay Grasses
 Such grasses as red top, which have a creeping root system and grow from early spring to late fall if the weather is favorable, are especially fitted for pasture, as they stand tramping and provide green food the whole season. On the other hand, they are not good for hay, as most of the leaves are rather close to the ground. Timothy and similar grasses are less adapted for pasturing, as their bunchy growth and shallow root

system make them liable to be uprooted, or at least injured by tramping. But this type of grass furnishes excellent hay. To obtain a heavy yield "it is not sufficient to choose grasses which are heavy producers when grown alone. They must be adapted to the soil and climate and be able to thrive together and make the best possible use of every inch of ground."

The Password is Quality
 "If Canada is going to get its share of the British trade in poultry, in bacon, in live cattle, or in any other of its agricultural products, the value and necessity of doing things better, not worse than competitors must be regarded as all important," said Hr. W. A. Wilson, Canadian Government Animal Products Trade Commissioner in London, England, during his present visit to the Dominion. "We made a good reputation with our first shipment of turkeys, because the quality was there and they were graded and packed according to government standards. The British trade responds to work well done. There is the market for Canadian poultry and other products and the password is Quality."

"The season for exporting poultry to Britain should be designed for the 12 months of the year. Buyers over there do not want to change their source of supply if they can be assured of the demand being met at all times."

"Canada should follow the same policy in connection with the present opportunity open for the export of dressed chickens as it has done with turkeys exported to Britain for the 1932 and 1933 Christmas trade. The 1,000,000 pounds of turkeys shipped in 1932 were 100 per cent as to quality. In 1933 they were not quite so good as the previous year but this was due to some unusual difficulties associated with the shipping and are surmountable. Turkeys for the British Christmas trade must reach the buyers at least one week before Christmas day."
