

TOO Bad!

"Here you are, sir," said a bus conductor as the bus pulled up.

One on the Wife

"I woke up in the night and found my wife going through my pockets."

There still is a wide difference of opinion on the subject of what constitutes a real lady.

Man didn't invent lying. Nature's "protective coloration" makes the animals say they aren't what they are.

All speech-making seems silly to the man who is scared stiff when asked to make a few remarks.

Yet think what fun it would be to wash dishes if men claimed the job as a masculine privilege.

The middle class is that fortunate group neither high enough nor low enough to get in the headlines.

The man who needs \$10,000 to get him out of a hole must envy the fellow who needs only \$5.00.

Nothing is worse than to be stuck with a fancy name that's completely out of style.

A slip of a pen can cause a man a lot of trouble, says an exchange. But so can a slip of a girl.

Knocking never built a business, improved a community, or helped anyone.

In every town there are a lot of men who should stop doing things they ought not to do and start doing the things they should do.

If it is true that all of the vitamins are in the peeling, think what a blonde loses when she sunburns.

VELLORE

The recent rains have promoted growth of the spring and roots crops, although interrupting haying which was well under way.

The school children are busy with their promotion examinations while the entrance class are cramming their brains with knowledge as their tests are next week.

Miss Elma Farr has been re-engaged as teacher of the Vellore school for the ensuing year.

The W.M.S. of St. Paul's Vaughan held their monthly meeting at the home of Mrs. S. Jones.

Mr. Art McNeil spent his holidays with his parents, Mr. and Mrs. J. A. McNeil, and attended the Old Boys Re-union of O.A.C. Guelph on Saturday.

A number from the district attended the Edgeley Farmers Club picnic held at E. T. Stephens Farm on Saturday afternoon, and report a good time.

About two hundred friends attended the shower given in honor of Mr. and Mrs. Nelson Kerr in the Memorial Hall.

The preacher declares it, The paper has said That a youth and a maiden Were just lately wed.

The young couple to join, We see them with pride, Are Nelson Kerr the groom, And Gwen Beck, the bride.

This evening your true friends Have gathered here, The young lads and lassies To wish you good cheer.

We trust that your future Will always be bright, Your pathway be joyous Your troubles be light.

Now if shadows should come Just both whistle and sing, It will make the clouds vanish And much brightness bring.

Gwen, be to your husband A kind, loving wife, And then he will love you The rest of your life.

Nelson, be a good sport Don't be cranky or pout, Then your wife will be happy, When you are about.

Now on this occasion We have brought you to-night, These our gifts Which we hope you will like.

Please accept these gifts, As a token we pray Of love and esteem We shall bear you always. Signed on behalf of your friends and companions.

Nelson and Gwen responded, thanking the people for the beautiful gifts and good wishes and offered their hospitality in their new home at Vellore.

We are sorry to report that Mrs. J. Beck is confined to her bed. We hope for a speedy recovery.

The Vellore football team are in the semi-finals of the league having defeated Maple 1-0 on Monday evening.

The members of St. Paul's W.M.S. met at the home of Mrs. C. H. Rutherford on Monday afternoon for a quilting bee.

The "Summer time" affliction is again bothering at least eleven of Ontario's 28 cities but her rural population goes calmly on its way in the old accepted "standard time."

Friday, July 13th, from Toronto points to Chicago. Friday, July 13th, from Toronto to Rochester via Cobourg and ferry.

The steamship business isn't uncertain. Given the tonnage and horsepower, you can always figure the deficit.

The six-hour day won't work. No wife can find ways to keep her man busy 18 hours.

SALADS

During the hot months nothing is more tempting to the appetite than a delicious salad, and to serve a salad is a very special art.

First, you must be certain your vegetables or fruits are fresh, crisp and cold. In preparing salad greens such as lettuce, cresses, endive and parsley, wash when picked or procured from market, cleaning leaf by leaf, roll in wax paper or fresh tea towel and place in refrigerator or in a cool place to crisp.

Salad-making is an art which calls for a good deal of imagination. There is no end to the variety of salads that can be made. Ingredients may be combined in so many ways that you may never tire of salads.

Here is a recipe for a plain dressing which lends itself to a number of variations:

- 1-4 tsp. pepper 1-2 tsp. salt 1-8 tsp. paprika 2 tbsps. vinegar 4 tbsps. oil

Mix ingredients in order given, beat vigorously. This recipe may be varied by the addition of one of the following—onion juice, finely chopped green peppers, a little chili sauce.

Then too the colour combinations and decorations of the salad are of great importance. A salad that is tastefully decorated and pleasing to the eye attracts the appetite.

Mayonnaise or Oil Dressing is very popular and can be made as follows: Mayonnaise Dressing

- 2 tpsps. mustard 1 tsp. salt 2 egg yolks 3 tbsps. vinegar 1 tsp. lemon juice 1 pound salad oil

Beat the egg yolks, add salt and mustard. Beat in a little vinegar, then a little oil, alternately until all the vinegar is used. The remaining oil may be added in a thin stream.

Salad ingredients should be combined at the last moment and the dressing added just before serving. It may be put into a salad bowl lined with lettuce or placed on individual plates on crisp lettuce.

Tomatoes, apples, celery, onion, chopped tomatoes, green peppers, cream cheese, molded spinach, diced beets, sliced egg, asparagus, onion, tomato, hard boiled eggs, mushrooms, potatoes, onion, parsley.

For Those Who Care RICHMOND HILL CONCRETE BLOCK COMPANY PHONE 97 RICHMOND HILL The compression strength of a concrete block is partly determined by its solidity. A properly tamped 10 inch. concrete block should weigh approximately 70 pounds. All of our blocks are properly tamped and material carefully proportioned. Should a block weigh say 60 pounds and 800 are used for the foundation of a building (the most vital part of any structure) that foundation lacks 8,000 lbs. or 4 tons of material. It is false economy to use a light block. Quality is the true test of cheapness.

NOTICE TOWNSHIP of VAUGHAN Property Owners and Tenants Weeds, Weeds Public notice is hereby given to all property owners that unless weeds which are growing on their lands within the Township are cut down or destroyed by July 4, July 4th, 1934 and also subsequently, the Township may enter upon the said lands and have the weeds cut down, charging the costs against the owners concerned in the taxes. Poison Ivy must be either uprooted or as an alternative a close board fence erected to prevent its contact with the public. W. HERON, S. IRELAND, G. DEFERRARI, Weed Inspectors.
