Toronto Maple Leafs Make Gallant Bid for Leadership

Three to four games out of first place and battling all the way to bring that International League pennant back to Toronto—such is the program of Manager Ike Boone of the Toronto Maple Leafs right now. Ontario baseball fans are behind the Toronto Leafs in their drive to succeed, as proven with the response of all Ontario to the broadcast of the games. While the pitching fell off a bit during the last road trip through the southern end of the circuit, the Leafs have maintained their hitting power and with additional help—to the amount of four new players from Cincinnati, due to join the Maple Leafs by Civic Holiday, great things can be expected.

Already the third base problem has been solved with the deal that sent Outfielder Ray Fitzgerald to Buffalo for Third Baseman Bill Regan. The newcomer is a smooth fielder and is a standout at picking up the hot grounders around third bag. He is also a hitter of .300 average.

And the return of "Poison Joe" Brown to active service is great news for fans of the Toronto club. Brown has worked out the cold in his arm and is now ready to give his best for the Maple Leaf cause. There isn't a better hustler in baseball than the same Joe Brown and he should prove to be just the man needed to steady the younger players during the final dash to the finish of the regular schedule.

Charles Stainton (Steamer) Lucas is another reason for the success of the Toronto Leafs. When the pitching staff slipped a bit, Lucas arose to the occasion as a relief hurler, winning no less than five games in two weeks as a "pinch-pitcher." Lucas has a fast ball with a little dinky curve that makes the best

hitters in the league appear foolish when it is working.

The August home stay opens with two afternoon games at the Maple Leaf Stadium on Civic Holiday with Albany Senators as the attraction. The Albany club is the team to watch right now. They have secured several outstanding players from major league clubs and are making a real fight to get into the play-offs. Pitcher Beck and Catcher Sukeforth are the latest to join the Senators from Brooklyn. They have Billy Brubaker, with the Leafs last season on third base. Del Bissonette, veteran slugger, on first, and of course the League's leading hitter in Jake Powell playing centre-field. Harris, Jones, Prim, Pilley, Milligan and Cy Blanton give the Senators a strong pitching staff. Toronto and Albany play a night game Tuesday, August 7th, starting at 8:30 p.m. The fourth game of the series will be played Wednesday afternoon, starting at 3 p.m. The final game of this important series is listed for Thursday night, August 9th, at 8:30 p.m.

Then the fireworks start. Newark Bears, present leaders of the International League race, open a four game series with the Leafs at Maple Leaf Stadium, Friday evening, August 10 at 8:30 p.m.

Maple Leafs and Bears broke even in their last series at the Fleet Street Stadium but, without trying to alibi, the Leafs should have won all four games on the play. Manager Boone fully realized the importance of taking this series from Newark. Two games are scheduled for Saturday, August 11th in the afternoon, and one of the biggest Saturday afternoon crowds of the season should be on hand for the fun. A single game Monday afternoon, August 13th concludes the Newark series.

This Newark-Toronto series will be a shooting match all the way as the Bears want to keep away from the Ike Boone threat and, on the other hand, Ike Boone would like nothing better than shove his former Newark mates out of first place and keep them out.

The second week of the August home stay at Maple Leaf Stadium finds Baltimore Orioles listed for games on August 14, 15, 16 and 17.

Syracuse Chiefs are next in line for two games on Saturday afternoon, August 18th, and single games on Monday, August 20 and Tuesday, August 21.

The entire International league has strengthened for the final weeks of the season so keenly fought games are in order from now until the finish of the regular schedule.

Buffalo sent Les Mallon to Boston and purchased Ray Fitzgerald from Toronto. They also secured an infielder from Boston and Marvin Olsen from Baltimore.

Syracuse purchased third baseman Eddie Taylor from Atlanta, while Rochester added more power to their hitting attack with the arrival of outfielder Buster Mills from St. Louis. Harry Smythe and Clyde Casselman, two fine pitchers, gave the Montreal Royals extraordinary help in the pitching department.

Even the lowly Baltimore Orioles have a new manager in Guy Sturdy.

Delighted with the success of Steamer Lucas and the fine showing of Earl Cook in Beckley, West Virginia, Manager Ike Boone has started a Baseball School for Toronto and Ontario amateur players who wish to improve their knowledge of baseball. The Toronto Club has no desire of operating an amateur team this season or next, but they are anxious to give Canadian boys an opportunity of finding the way to a career in professional baseball if they so desire it.

Join the crowd and cheer the Toronto Maple Leafs to the International League pennant during the next two and a half weeks at the Maple Leaf Stadium.

It did not take long to convince the directors of the Canadian National Exhibition that the withdrawal of the Strolling Troubadours on Music Day was unpopular. Public opinion demanded its return last year and this year the national groups of singers and instrumentalists in the costume of their respective countries, singing their national airs, will again be an attraction on Music Day.

Even yet you can find towns where a bank robbery provides a topic of conversation for a whole day.

NOTICE

The Council has under contemplation the building of a storm drain on Roseview Avenue at a cost of approximately \$1500.00. The labour cost will be \$800.00, two-thirds of which will be paid by the Provincial Government. The balance of \$967.00 is to be met by a frontage rate on the properties on both sides of Roseview Avenue, which, spread over ten years would cost approximately 5.5 cts. per front foot per annum.

If the residents of this locality desire the work to proceed, the Council wishes that a sufficient petition be drawn up and presented to it at an early date.
