

TELEGRAPH MESSAGE IS FASTEST CYCLIST

Robert McLeod, a Canadian National Telegraphs messenger boy, of Toronto, is Canada's fastest bicycle rider. As such he left Wednesday afternoon, last, on The Inter-City Limited, for Montreal, where he will compete as a Dominion entry in the British Empire Games. Although but 20, McLeod holds several enviable records, including the half-mile championship of 1934, and the Dominion championship for the half, one and two mile races. Prior to his leaving, D. E. Galloway, Assistant Vice-President, Canadian National Telegraphs, in behalf of the officers and staff of headquarters, presented him with a handsome travelling bag.

SALMON RUN MAKES NEW RECORD

Vastly improved over last year, so much so, in fact, that there is no comparison, the sockeye salmon run in Prince Rupert district during the first ten days of the 1934 season has given promise of a production which will compare favorably in volume with the previous big cycle year of 1930, when a pack of 132,356 cases of this variety was recorded. All indications now point to an excellent run and good pack. The general average for the first ten days on the Skeena and Naas rivers has been placed at from twenty to twenty-five fish per boat with the highest boat reported as having had 174 fish. There are slightly over 1,000 boats fishing on the Skeena river and some 225 on the Naas river. Early reports from the southern areas of Prince Rupert district also indicate a good run of sockeye.

TROUT FISHING EXCELLENT AT JASPER

This looks like the best season since 1929 for the tourists, according to John O'Brien, veteran manager of Jasper Park Lodge. Bookings for premium accommodation at the Lodge are better than for five years and a large percentage of the visitors are taking an extra few days to visit the scenically marvellous Maligne Lake, where the speckled trout fishing is now just about the finest on the continent. The opening of the Sunwapta Falls drive has also made available more fishing streams. The many changes on the golf course have made this championship layout more attractive than ever.

Each year the up-to-the-minute developments in agriculture are shown at the Canadian National Exhibition. Horses, cattle, sheep, swine, poultry, goats, pet stock, dairy products, vegetables and grain, machinery and other farm equipment make this the outstanding agricultural show of the world.

CONSERVATIVE M.P.P. PAYS TRIBUTE TO HEPBURN AT PICNIC

Speaking at the Lennox Memorial Picnic at Jackson's Point on Monday, Wilfrid Heighington, M.L.A., mentioned as one of the possibilities for the Ontario Conservative leadership sounded words of praise for Premier Mitchell F. Hepburn's courageous dealing with important public questions. Premier Hepburn's record of action was compared by the conservative member of the circuitous, dilatory floundering of the late Henry government. The speaker also commended the new Liberal government for its action in doing away with highly paid commissions.

Sincere tribute was paid by the gathering to the memory of the late Col. T. Herbert Lennox. Other speakers included Capt. Breules, C. Case, Hon. R. C. Mathews and others. A varied program of sports was enjoyed.

NOVA SCOTIA BUILT CRAFT FOR FAR NORTH

There will be seen shortly on the waters of James Bay a 42-foot boat which was built at Shelburne, on the south shore of Nova Scotia, according to the Industrial Department of the Canadian National Railways. The boat weighs twelve tons, has an iron keel weighing 5,000 pounds and is powered with a forty-horsepower diesel engine. There is accommodation for a crew of four. The vessel is an inspection boat built to the order of Revillon Bros., Montreal, and has been named "Jacques Revillon" with the name Shelburne on her stern. She was designed by J. Bistche, Montreal.

THE GIRL GUIDE RANGER NEWS

A very pleasant week-end Camp was spent at Green Gables Bush. On Friday evening merry and strong young ladies hiked over to their destination pulling behind them their provisions, on a make-shift cart which resembled very much the carts they used to use in the army, which caused much comment and amusement on the road, but nevertheless did the trick beautifully.

The girls looked forward to sleeping in the barn on the hay, some with enjoyment, some with awe.

Sleep came to most of the girls almost as soon as they "hit the hay."

Sunrise saw them stirring and scurrying about making preparation to remove their provisions to the Bush. An old stove, sans legs, sans bottom, sans lids, and sans chimney, formed a wonderful range, and better results could not be obtained from the finest electric or gas range anywhere. A straight and strong cedar pole made an excellent staff for our flag.

The Union Jack waved in the breeze with a back ground formed by the tall pines and bright blue sky, and the sun smiled down on the ten happy girls eating whole wheat porridge and everything else which goes to make a good breakfast.

Some of the much enjoyed victuals were veal stew, black current pies, cherry pies, six or seven dozen bananas, three dozen oranges, a watermelon, beans, potatoes, carrots, beets, tomatoes, lettuce, cucumbers, a veal roast, ice cream and many other things too numerous to mention.

On Sunday morning seven of the girls went to Headford United Church two of them remained at Camp to prepare dinner.

Friends and relatives of the girls visited the Camp Sunday afternoon.

Sunday night fell on a Camp tidy and neat but abandoned awaiting the arrival of the girls some time in the Fall to make it stir and hum with life once more.

The Rangers are planning to have a Gypsy Tea probably two weeks from Saturday. Watch for further announcements.

CARRVILLE

There was an attendance of fifty at Sunday School last Sunday, which was very encouraging and it is hoped it will keep up.

The W.A. of Carrville Church will hold a sale of work, home made candy guessing contests and social on the church grounds on Wednesday afternoon, Aug. 15th.

Mr. and Mrs. Crowley spent Sunday at Mr. Geo. Woods.

Mr. and Mrs. Clark, Mrs. Hancock and Madelene spent Sunday with friends at Barrie. Mrs. Hancock and Madelene remained there for a week's holidays.

Letters From The People

J. E. Smith, Esq., Editor, Richmond Hill Liberal, Richmond Hill, Ontario.

Dear Mr. Smith:—

In 1884 the Young Canadians of Richmond Hill won from the Excelsiors of Brampton the gold medal they had held for the years 1882-3-4 signifying they were champions of the Western District.

The Young Canadians held this medal for the years 1884 and 1885 when the Western District was disbanded.

I have been trying to locate this medal to reproduce in "From Rattlesnake Hunt to Hockey," my forthcoming book on sport. In this book I reproduce the pictures of the Young Canadians for the years 1884-5.

It occurs to me that perhaps a letter in your valued columns would help locate this medal. It was in the possession of your Club or some of its members and seems to have been misplaced or lost sight of.

If anyone will send it to me or leave it with you I am willing to pay the value of the gold in it plus a premium of 50% of its value and to place the medal in the Peel Historical Collection now being made where it would be the property of and accessible to the public for all times to come.

If, on the other hand, I cannot get access to it for this purpose, I will pay \$5.00 for the privilege of reproducing it.

Trusting you will find room for this in an early issue of your valuable paper. Needless to say the source from which the matter comes may be things either publicly, privately or "nothing."

I am sending a copy of this letter to the Peel papers in the hope that perhaps in some way the missing medal may turn up.

Thanking you in anticipation of your courtesy, I am,

Yours sincerely, Wm. Perkins Bull

VAGABOND CRUISES ATTRACT TOURISTS

The "vagabond cruises" of the Canadian National Steamships to the West Indies are steadily proving their popularity with tourists who have the time to make a leisurely tour of five weeks. With all the comforts but none of the "frills" of their sister ships, the Lady boats, the Colborne and the Chomey, offer a vacation at a rate appreciably cheaper than that of the ordinary first-class hotel. There are six more sailings of these vagabond ships from Montreal during the present summer and fall season, Aug. 9, Aug. 23, Sept. 20, Oct. 4, Nov. 1 and Nov. 15. They go "vagabonding" in and out of various islands in the Caribbean Sea apparently in order to please their passengers but in reality are answering to the demands for the discharge or taking on of cargo, the passengers sharing the advantage without extra cost of any additional calls or extended time consequent to such requirements of trade. On this trip, the Colborne on her southbound voyage will call at Halifax, Bermuda, Puerto Rico, Guadeloupe, Barbados, Trinidad, and British Guiana in South America, before commencing her northbound voyage back to Montreal.

Canadian National Exhibition authorities, in answer to an oft-repeated question, point out that the grandstand seating accommodation is 18,600 but what with standing room in the structure and in the paddock almost 24,000 spectators have watched the pageant on one night.

To find how free you are, divide your inalienable rights by the number of people in your community.

And in the spring an old man's fancy lightly turns to thoughts of a new wife.

And the first young monkey that walked upright doubtless was ashamed of the old folks who couldn't.

He may dress to look young, but no young man enjoys discussing his efforts to quit smoking.

An information bureau for the free distribution of literature and a directory of private residences where Exhibition visitors can be accommodated has been opened at Yonge and Wellington Sts., Toronto. Courteous attendants will be glad to assist you. Drop in for a rest.

Funny man! He slaves to make money that he hasn't time to spend and calls that success.
