

HEALTH

STEALING

Would you punish your child because he developed a rash? Certainly you would not do so, because you know what the rash is due to any one of several causes, and the child could be held in no way responsible for its appearance.

You do not blame your child if he contracts measles, nor do you find fault with him if he is the victim of eczema. You realize that in such cases, there is a change in the skin, a rash, which is a symptom or sign of an abnormal physical condition, such as measles or eczema.

Would you punish your child for stealing? We imagine that the negatives would be drowned by the definite answers in the affirmative. Yet, all would agree that if the child is to be punished, the only reason for the punishment which could be given is that the child is responsible for his stealing.

Just as there are unhealthy physical conditions, so there are unhealthy mental states, and when these latter occur, they are the result of heredity

and environment over which the individual has no control. The child does not select his parents, so he does not choose his heredity and, as his parents control his environment, they, not the child, are responsible for the product of their training.

Unless parents teach their child what is meant by ownership, through allowing the child pleasurable associations with personal possessions, it is not to be expected that he will later possess this socially desirable attitude. When the child is young, his taking of things which do not belong to him may be considered "cute," and he is encouraged to develop an antisocial habit, which, as he grows older, is called stealing.

In order to give the child an appreciation of the use of money and to teach his how he must do without now so as to save for the securing of pleasure later on, it is advisable for him to have an allowance. This is an important part of the child's education, because in later life, it is essential that he know how to use money properly.

Children of poor intelligence often feel inferior because they cannot keep up with their class-mates. It frequently happens that such children steal in order to have money to spend on their companions and, in this way, make good fellows of themselves, thus making up for their inferiority in other ways.

We believe that stealing is a symptom that is comparable to a rash, and that it should be dealt with in the same manner, by finding and treating the cause. Merely treating the symptom does not help; the cause must be given attention.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

VELLORE

The August meeting of the Vellore Women's Institute was held at the home of Mrs. J. Harrison. Mrs. Roy McDonald presided and the roll call was answered with "A Favorite Pickle Recipe." The motto for the month was "Good management is better than a good income," and very appropriate papers on the subject were given by Mrs. S. Jones, Mrs. C. Bryson and Mrs. G. Jarrett. A splendid report of the Girls Conference held at Guelph was given by Mrs. Nelson Kerr, Miss Marion Phillips, Miss Laurena Rutherford and Miss Gladys Harrison. The Vellore Institute very generously sent these girls to Guelph as delegates. A "Beef Contest" conducted by Mrs. Wm. Bates proved very educational. Miss Gladys Harrison was in charge of a contest on "Helpful Household Hints." Mrs. M. McDonald gave very newsy "Current Events." Lunch was served by the hostess and the committee in charge.

Miss Laurena Rutherford spent Sunday with friends at Roche's Point, Lake Simcoe.

The sympathy of the district is extended to Mrs. D. A. MacKinnon in the loss of her brother, Mr. George Wood of Weston.

Mrs. (Rev.) S. F. Sharpe and Mrs. T. Langford of Simcoe, Mr. and Mrs. W. Wood and Miss P. Wood of Woodbridge called on Mr. and Mrs. C. H. Rutherford on Saturday.

The Vellore Junior Farmers will hold their August meeting on Tuesday evening, Aug. 14th. Victoria Square Clubs will be their guests for the evening and will provide the program. Come and bring your friends.

Mr. and Mrs. C. Rutherford attended the Bolton Old Boys and Girls Reunion on Monday.

"With the Maple Leafs."

Ike Boone and his battling Toronto Maple Leafs are thoroughly prepared for the final drive during the closing weeks of the International League to clinch a place in the post-season play-off series.

During the first week or so of the current month, the Leafs were riddled by injuries, but the unfortunate players are swinging back into action and Manager Boone will have his Maple Leafs at full strength for the closing league games.

Since our last bulletin, Maple Leafs have optioned Catcher Crouch to Nashville and sold Harry Rice to the same club. From Cincinnati came Catcher Francis Laveque and Outfielder Lincoln Blakeley, two lads with much promise. The biggest news of the month was the transfer of Pitcher Don Brennan and Infielder Jake D'Arcy Flowers from the Cincinnati Reds to the Maple Leafs. Brennan for many seasons was a sensational hurler with Newark and the Maple Leafs figure he will be just the man needed to put the finishing touch to the Toronto pitching staff. Brennan, while with the Reds this season won four and lost two games.

Flowers is a veteran infielder and can fit in any place, giving Boone that needed infield protection. Flowers is no mean hitter thus adding several points to the Leaf's offensive punch.

An attractive list of games at the Maple Leaf Stadium in Toronto is presented for all Ontario boosters of the Maple Leafs. All night games are listed for the current week with the exception of Saturday, August 18. Newark Bears conclude their series with a night game starting at 9 p.m. on Monday, August 13. Baltimore

Orioles are in for quite a session as Manager Ike Boone and the Toronto boys are keen to avenge their recent series in the Maryland city when the Orioles took four out of five games. The Orioles will be at the Maple Leaf Stadium for night games with the Toronto club on Tuesday, Aug. 14th—Wednesday, August 15th—Thursday, August 16th—and Friday, 17th, all games starting at 9 p.m., Toronto time. On Saturday, August 18th, Toronto opens a six game series in three days with Syracuse Chiefs. A double-header will be played on Saturday, August 18th, and two games on Monday, August 20th, the first starting at 6:30 p.m. and the second at 9 p.m. On Tuesday, August 21st, the third double-header will be held with games at 6:30 p.m. and 9 p.m.

Returning home after a short road trip, the Leafs open with Rochester Red Wings on Friday, August 31st, and on Saturday, September 1st, at Maple Leaf Stadium. Morning and afternoon games are scheduled for the Labor Day holiday, Monday, Sept. 3rd, with Buffalo Bisons. Tuesday, Sept. 4th, is a red-letter day on the Toronto Baseball program with Buffalo meeting the Leafs at 2 p.m. and none other than the famous New York Yankees with Babe Ruth and all the stars on hand for the 4 p.m. contest. Buffalo Bisons will be on hand for a single game Wednesday, Sept. 5th. The final series of the schedule at Fleet Street Stadium brings the colorful Montreal Royals on Thursday, Sept. 6th, Friday, Sept. 7th and Saturday, Sept. 8th.

With Al Hollingsworth again back in the sensational pitching form that raised him to the front rank of International League hurlers during the first month of the season and Keith Frazier ready to resume his fine hurling after being out for two weeks

because of a tonsil operation, the Leafs are once again back at full strength and battling every inch of the way to win a place in the coming International League play-offs.

Come to Toronto, visit the Maple Leaf Stadium and help cheer Ike Boone and his live-wire team to the International League championship. All Ontario is behind the Toronto Maple Leafs this season, be sure and do your share.

It isn't hard to be popular. All the world loves a good customer.
