THE RECORD OF THE BENNETT GOVERNMENT IS THE ISSUE

A number of speakers interested in the return of the Bennett candidate in this riding are going up and down the constituency doing a lot of talking, throwing up smoke screens, drawing red herrings across the trail, in fact doing everything except discussing the one issue of the election which is THE RECORD OF THE BENNETT GOVERNMENT. There is little use of these speakers trying to again fool the people by telling what should be done and what wonderful things they are going to do when they are ashamed to discuss their own record of the past four years. The Bennett government has been in office four years and on Monday next the electors have an opportunity of expressing their opinion regarding the kind of administration given by Mr. Bennett and his cabinet.

The electors of North York face an important duty. The question is ARE YOU SATISFIED TO PLACE YOUR STAMP OF APPROVAL ON THE RECORD OF THE BENNETT GOVERNMENT? If you are, vote for the Bennett candidate. If you are satisfied that the policies of the Bennett government have been in the best interests of this country and satisfied with the economic conditions of these years, by all means vote for the Bennett government candidate. If on the other hand, like the great majority of people of this Dominion, you are thoroughly disgusted with the failure of the Bennett government to appreciate the wishes and needs of the people, if you are tired of its failure to bring relief from the trials, economic difficulties and hardships of the past four years then VOTE AGAINST THE BENNETT CANDIDATE AND AGAINST THE BENNETT GOVERNMENT.

On the strength of the most extravagant promises ever made by any political party in any country Mr. Bennett was elected to office. He promised to cure unemployment in three days. When he took office according to his own figures there were 117,000 unemployed. To-day there are OVER ONE MILLION ON DIRECT RELIEF IN CANADA. Mr. Bennett promised to help the farmer get better prices for his products. He has failed and the farmers of this riding in common with the farmers of all parts of Canada have experienced the hardest four years in history. Their standard of living has been driven down and many have been unable to keep going and have been sold out. During the four years of BENNETT GOVERNMENT the citizens of Canada have witnessed conditions of DISTRESS, POVERTY, AND DESPAIR never before equalled in this history of this great young country. In the face of these conditions Mr. Bennett as Prime Minister makes great speeches and tells us that poverty and privation after all are good for the people. In the face of the want and the suffering and the difficulties of the people MR. BENNETT defies parliament and the people's representatives and spends his time paving the way for the RETURN OF THE PEOPLE ARE FACING THE GREATEST DIFFICULTIES OF LIFE MR. BENNETT IS TALKING ABOUT TITLES FOR HIS FRIENDS. Never before in the records of Canadian history has there been a government so out of tune with the needs and wishes of the people as the BENNETT government which has been in power in Ottawa for the past four years.

TAXATION HAS BEEN INCREASED, the DEBT has been tremendously increased, and MR. BENNETT has gone on and on paying fabulous salaries to high officials and even creating new boards and commissions such as the RADIO COMMISSION. MR. BENNETT introduced the TAX ON SUGAR, the TWO DOLLAR RADIO TAX and a hundred and one other taxes all born by the common people of this country and while he has been ignoring the needs and wishes of the people and piling new weight on their tax burden he has not been unmindful of his corporation friends who have been handed favor after favor.

Your choice on Monday next is between a candidate supporting MR. BENNETT and the candidature of Col. W. P. Mulock who on every platform in this riding has denounced these conditions and the policies of the Bennett government which have been responsible in a large measure for these conditions. Col. Mulock as the Liberal candidate offers policies which will open again the avenues of trade and provide markets for Canadian products and work for Canadian labor.

If by any mischance due to the indifference or carelessness of the people a Bennett candidate should be elected in any one of the five by-elections on Monday Mr. Bennett will take it as an endorsement of his policies. He will take that he is right when he says poverty and privation are good for the people and he will go to still greater lengths in exploiting the masses of the people. THE PEOPLE HAVE THE REMEDY IN THEIR OWN HANDS. If the electors of North York let party prejudice or some unworthy motive stand in the way of duty next Monday they will have no one but themselves to blame if they have some more of BENNETT TAXES and BENNETT EXPLOITATION.

Ever since his election Mr. Bennett's cry has been that prosperity is just around the corner. He is still saying so. The supporters of the Bennett candidate in this riding are saying so. The people of North York will not be fooled again by MR. BENNETT and his promises.

VOTE AGAINST THE BENNETT GOVERNMENT BY VOTING AGAINST THE BENNETT CANDIDATE IN NORTH YORK. Serve notice on the Bennett Government that the people of North York want a decent chance to make a decent honorable living which is the right of every citizen. BEAT BENNETT AND BAD TIMES. Vote for BILL MULOCK, defeat the Bennett candidate and give the people a chance.

IT IS YOUR DUTY TO VOTE

The extreme unpopularity of the Bennett government throughout Canada is so evident that it is doubtful if a Bennett candidate could be elected in any riding of the Dominion. It is generally conceded that all of Monday's five by-elections in Ontario will register strong disapproval of Mr. Bennett and his policies. In North York it is conceded that the people will not tolerate the election of a supporter of the Bennett government. In fact this feeling is so general that there is a danger of the electors feeling so

sure of the result they may neglect going to the polls. It is so easy to let something of a business or social nature interfere with this duty when you feel that the result is so sure anyway. However, electors must remember that the only votes counted are those in the ballot box. No matter how much you disapprove of the Bennett government your wish will not be recorded unless you go to the polling booth and mark your ballot. LET NOTHING INTERFERE WITH YOU DOING YOUR DUTY NEXT MONDAY. Your most important act on that day in the interests of yourself and your family will be the casting of your vote against the BENNETT candidate. GO TO THE POLLS NEXT MONDAY AND PILE UP A MAJORITY FOR BILL MULOCK WHICH WILL BE A STRIKING NOTICE TO R. B. BENNETT THAT THE PEOPLE ARE NOT SATISFIED WITH PRESENT CONDITIONS AND ARE ASKING FOR A NEW DEAL.

Do You Know Your Canada?

Interesting Things About Ontario You May or May Not Know

Do you know what part of the world was first to rise out of the ocean? What town is built in the form of a wheel? Where the first clear telephone transmission took place? Where the world's largest suspension bridge and the world's largest liftlock are located? What canal locks through more ships in eight months than the Suez and Panama canals do in a year?

In the formation of the world, the first land to rise from the ocean which covered almost its entire surface, was the height of land north of Lake Superior. At least, so the geologists tell us. As the waters receded more and more, a very high range of mountains formed around Hudson's Bay, but in the Ice Age, when the glaciers swept down from the north, the rock was ground down and distributed by the glaciers over what is now the Mississippi Valley. The town of Goderich is built on the lines of a huge wheel. The original plans were intended for Guelph and represented a large central octagonal place, with streets radiating from each angle of the octagon. Napoleon III's street arrangement of Paris may have been the initial inspiration for the idea.

The home of Alexander Graham Bell, inventor of the telephone, was in Brantford and now serves as a telephone museum. According to one of Bell's letters, the first clear, successful message was sent along a line strung from Brantford to Paris, Ont., in 1876.

The Ambassador Bridge, connecting Sandwich, Ont., and Detroit, is the world's largest suspension span. Five lanes of traffic at one time may cross the bridge, branching out to twenty-eight lanes at either terminus. Five thousand cars make the crossing at once, when the bridge is carrying its full capacity.

The liftlock at Peterboro is the largest of its kind in the world. The complete lift, made by hydraulic pressure, something like an overgrown barber's chair, is sixty-five feet. Each lock measures 140 feet in length by 33 feet in width and may accommodate shipping with a draft of nine feet, ten ins. The entire locking system is automatic.

Connecting Lakes Huron and Superior, the five Sault Ste. Marie canals lock through more shipping in the short lake season of navigation than do both the Panama and Suez canals the whole year round. It is possible for the largest ocean liners built to pass through this great inland chain of canals.

The idea of Standard Time, now used the world over, was first invented by Sanford Fleming in the old Canadian Institute Building on Berti Street in Toronto, now the headquarters of the Sons of England lodges.

When Governor John Groves Simcoe first settled in Toronto, he made his home in a tent that was originally the property of Captain Cook, discoverer of New Zealand. Governor Simcoe purchased the tent from the Cook family in England, brought it out to Canada, and set it up at the mouth of the Garrison Creek what is now the foot of Bathurst Street.

Still, naughty pictures always corrupt somebody else—never the one who is telling you about it.

Obsolete saying: "When I work for a man, I give him the best I've got."

EDGELEY

Eighteen members and eight visitors of the Edgeley Women's Institute met at the home of Mrs. Robt. Mitchell on Thursday, Sept. 13th.

The president opened the meeting with the "Institute Ode" followed by "The Lord's Prayer." The roll call "A Canadian Beauty Spot" was well responded to. During the business session it was decided to send a donation to the Manitoulin Hospital.

Following the business a splendid program was given with the Historical Research Convener, Mrs. W. Watson, in charge. The program consisted of a solo "School Days" by Mrs. Dalziel, two very interesting papers "The History of the McLeary Farm" and "The History of Edgeley" by Mrs. Watson. A reading "How to cook a Husband" by Mrs. A. Aitchison and a piano duet by Misses Bertha and Greta Stong.

RAILWAY BARGAIN FARES

Friday, Sept. 28th, from Toronto to Tweed, Irondale, Bancroft and other points.

Friday, Sept. 28th, from Toronto to points on Toronto-Port Arthur line Mount Albert north via Muskoka Lakes to Nipigon District, also to points on Temiskaming Railway North Bay to, Cochrane and Kapuskasing.

Saturday, Sept. 29th, from Toronto to Napanee, Kingston and Brockville.

Saturday, Sept. 29th, from Toronto to points in Lindsay, Peterboro and Haliburton Districts, also to points on Toronto-North Bay line, Aurora to Burkes Falls, including Midland, Meaford and Penetang.

Full particulars from any C.N.R. ticket agent.

CAPITOL THEATRE

WILL ROGERS PLAYS
VARIED PICTURE ROLES
In "Handy Andy" Comedian Adds Henpecked Druggist to List (Advance)

The thing they do best and often the identical thing that got them into pictures, they are never permitted to do on the screen.

Take Will Rogers, for instance. A cowboy, expert with the rope, he is never given an opportunity to show the wares that led to his present high place on the screen.

He has made 15 pictures for Fox Film and has never played the role of a cowboy.

In "They Had to See Paris," he was a small town mechanic; in "So This is London," he was a well-to-do country merchant; in "Lightnin'," he was the shiftless husband of an ambitious wife who ran a hotel; in "A Connecticut Yankee," he played the role of a radio expert; in both "Young as You Feel" and "Business and Pleasure," he appeared as a business man, and in "Ambassador Bill," he was a politician.

Rogers was permitted to play himself in "Happy Days," but the role savored nothing of wild west. In "Down to Earth," he was a plutocratic business man, and in his next picture, "Too Busy to Work," he became a ragged, happy-go-lucky tramp.

Next, in "State Fair," he played the role of a farmer who specialized in hog raising. In "Doctor Bull," he was a country physician; in "Mr. Skitch," he appeared as the owner of a "fixit" shop; in "David Harum," he was a banker and horse trader, and in his latest picture, "Handy Andy," coming to the Capitol Theatre on Friday and Saturday, Sept. 21-22, he enacts the part of a small town druggist.

Judging from advance reports "Handy Andy" is the funniest of the lot. Rogers portrays a henpecked husband whose wife wants him to sell his drug store and learn how to play. And he does! Peggy Wood plays the wife, and Conchita Montenegro is one of the playmates.
