ELDER NEWS

Mrs. Forsythe of King was a visitor at the home of Mr. and Mrs. S. McClure last week.

Owing to the illness of the pastor, Rev. J. McKenzie, there was no service at Knox on Sunday. We wish him a speedy recovery and also take this opportunity to congratulate him on his recent marriage to Miss Jessie Lawrence of Palmerston. We welcome Mrs. McKenzie into our midst.

We are pleased to report that Mr. Jack McCallum has sufficiently recovered from his recent operation as to enable him to return to his home.

Mr. W. D. Lawrie left on Monday to resume his studies at O. A. C. Guelph.

We are pleased that Miss Jean Elder is able to be around again after her recent serious illness.

We read of a radio crooner who was knocked speechless by lightning. And still some deny that Nature knows best!—Regina Leader-Post.

What Do You Know About Canada?

DO YOU KNOW

That blasphemy was a serious offence among the early settlers when offenders were liable to exposure on a pillory or a lip incision with removal of the entire tongue in cases of chronic culprits?

That Louis Hebert, called the Abraham of Canada, was our first permanent settler who, after living for a while in Acadia came to Quebec in 1617 to receive the first signiory granted in 1623?

That Nicholas Aubry of Paris was the first clergyman to visit the shores of Canada when spending a winter with a band of colonists on Dechaux Island on the St. Croix River in 1604?

That Eustache Martin, son of the St. Lawrence River pilot, Abraham Martin, born at Quebec in October, 1621, was the first child born of white parents in Quebec?

That the first school in Canada was opened at Three Rivers in 1616 by the Recollet brother, Pacifique du Plessis, for French and Indian children?

That Cardinal Richelieu, Minister of State under Louis XIV, stipulated that none but French Catholics could settle in Canada after 1628?

That in 1639 the Ursulines opened in Quebec the first educational establishment for women in North America?

That Corneille's "Le Cid" was the first play presented in Canada when staged in 1646 in the store-room of the Hundred Associates at Quebec?

That the first marriage in Canada took place in 1618 when Anne Hebert and Stephen Jonquart became man and wife?

That the first horse was shipped to Quebec in 1647 for the personal use of Governor Montmagny?

That guests invited to dinner in French Canada were formerly expected to bring their own knives?

That beaver skins were legal tender in New France and that in 1663 a pound of skin was valued at four francs?

That approximately 1,000 unmarried girls were sent from France by 1672 for the Quebec marriage mart?

That the feudal system was introduced into Canada in 1623 and abolished by Parliament in 1854?

That the parish priests received one-twenty-sixth of all the grain grown by French-Canadian farmers as church tithes?

That trade and travel between Canada and the American Colonies were forbidden at one period of history under the death penalty?

That the Hotel Dieu of Quebec, founded in 1639, was the first hospital in North America?

That the father of an unmarried daughter of sixteen or an unmarried son of twenty was subject to a court fine and that bachelors could not obtain a license to engage in the fur trade—the only non-agricultural occupation of that period.

That the raising of large families was subsidized by a decree passed in 1669 when, for instance, the father of ten living children received an annuity of sixty dollars?

That King Charles I of England in 1625 created the Order of Baronets of Nova Scotia upon those willing to contribute to the founding of that colony and that, of the 280 Barons created until 1707, 34 were given estates both in New Brunswick and Anticosti, 24 in Cape Breton and 15 in Nova Scotia?

That "Spencerwood," the official residence of the Lieutenant-Governors of Quebec, was originally the home of Sieur de Puizeau who gave the property to Paul de Maisonneuve, the founder of Montreal?

That 7,995,470 acres of land were granted ecclesiastical bodies during the French regime of which the Jesuits received 891,845, the Seminary of Quebec 693,324, the Sulpicians 250,191, the Ursulines 195,525, the Hotel Dieu of Quebec 14,112 and the pioneer Recollets 945 acres?

That the first slave sale recorded in Canadian history took place in 1628 when David Kirke sold a Madagascar boy at Quebec for fifty half crowns?

That the estimated population of New France at the close of the French regime was only 60,000 inhabitants?

TEMPERANCEVILLE

The W.A. of St. John's Anglican Church will be having a rummage sale on Saturday, Oct. 6th, in the Parish Hall, Oak Ridges.

The W.I. will meet at the home of Mrs. Geo. Thompson on Wednesday, Oct. 10th. It is expected that Dr. Arabelle McCallum of Toronto will be present and give a health talk. The Roll Call is to be answered by "Sometime for which I am thankful."

The Misses Mary Barker and Ruth Jennings and Mrs. Wilbert Jennings, Mrs. M. B. Beynon and Mrs. W. N. Thompson attended the York County Achievement Day on Saturday, Sept. 29th, which was held at Victoria Square.

We congratulate Miss Mary Barker on winning the second prize in the third year sewing project.

Mrs. William Pellatt of Toronto is spending a few days here with her parents, Mr. and Mrs. Carr.

A very pleasant evening was spent last Friday with the family when a number of Mrs. Pellatt's girl friends called as a surprise party.

Mr. Wm. Barker and family motored to Holstein on Sunday where they visited Miss Annie Barker.

Mr. and Mrs. M. B. Beynon and family visited at the homes of Mr. and Mrs. Leslie Mount and Mr. and Mrs. Geo. Paxton of Kettleby on Sunday.

Miss Mabel Jennings attended the Y.P.S. convention at North Bay last week-end.

The United Church will celebrate over one hundred years anniversary on Sunday, Oct. 7th, and Sunday, Oct. 14th, the week inclusive. On Oct. 7th, Rev. R. B. Beynon of Thornton a grandson of John Beynon, one of the founders of the church, will preach in the morning at 11 o'clock. In the evening at 7.30 p.m. Rev. Herbert Lee of Stouffville, a brother-in-law of Rev. R. B. Beynon, will have charge. On Tuesday evening an old time supper will be given. On Wednesday evening the W.M.S. will have charge. On Thursday evening an Oxford group, under the leadership of Aubrey Love, descendant of the Love family who gave the present property for worship. On Friday evening an address will be given by Rev. Geo. Little of Toronto, this meeting will be in charge of the Y.P.S. and Sunday School. All are invited to attend these memorial services.

NEWS AND INFORMATION FOR THE BUSY FARMER

Advanced Registry in swine is catching on in Ontario. Applications for entry are increasing rapidly, and the first testing station in Ontario located at New Hamburg with 34 pens is filled to capacity, and scores of litters will be put on test on the breeders' farms this fall. Swine raisers are wanting to know what is back of the sow or boar they purchase, and the best way to provide that information is through official feeding and slaughter tests.

Grain Burnt Lambs
 The use of legume hay, either alfalfa or clover, is considered essential for success in lamb fattening. Home grown grains may be combined to make an excellent ration for fattening lambs, but range lambs require a considerable period of building up before being fed a heavy amount of fattening grain. Where the grain is increased too rapidly to include barley and wheat, lambs may become grain burnt, or overfed on grain. In such cases they practically go off feed and stop making gains. These lambs are very difficult to handle. They should be taken off grain entirely, and fed on alfalfa hay and roots for a period of three weeks to a month. The grain feed may then be gradually increased until the lambs are being fed a full fattening grain allowance.

Weekly Crop Report
 Reports from Bruce, Dufferin, Middlesex, Wellington and other counties state that frequent rains during September have greatly improved pastures, with a resulting optimism as to wintering of stock since beef cattle are gaining and will go into stable in very fair condition. Warm weather also resulted in a wonderful growth of fall wheat. In Huron County all root crops will be above the average of last year. Corn-cutting and silo-filling has been the order of the day in most sections. Reports of threshings in Wellington continue to give details of splendid yields and the grain is of higher quality than for two or three years. Sweet clover seed there has yielded as high as ten bushels to the acre and while timothy yields were not as high, good prices are very encouraging. Haldimand also reports higher yields than at first anticipated. Mangels will be a bumper crop in Middlesex, so the supply of feed for livestock will be much larger than expected.

Poultry Field Day at the Central Experimental Farm
 A special poultry field day on the finishing, dressing and grading of poultry will be held at the Poultry Division, Central Experimental Farm, Ottawa on October 18th. Demonstrations and lectures will be given on fattening feeds for poultry crate feeding and crate feeding practices, killing and plucking, and grading of dressed poultry. Farmers and poultrymen who would be interested can secure programs either through the Experimental Farm or by notifying their local Agricultural Representative.

Extend Ontario Boar Bonus Policy Until Next March
 In pursuance of the present policy of encouraging the production of bacon hogs suitable for the Export Market, it is announced that the Federal share of the assistance offered under the Ontario Boar Bonus Policy will be continued until the end of the present fiscal year, March 31st, 1935. Under this policy a bonus of \$5.00 is offered to owners of purebred boars of approved type available for public service. If such boars are from sows qualified under Advanced Registry, the bonus payable is \$7.50. Applications should be sent to H. J. Maybee, 59 Victoria Street, Toronto 2, Ont.

Crate Feeding of Poultry
 Crate feeding of poultry gives the highest quality flesh, and feeding in clean sanitary pens makes the best substitute. Only healthy birds of any kind will pay for feeding. Before confining them in crates or pens they should be given a laxative and made clean of lice. Feed sparingly at first. Two to four weeks are required for the finishing. It has been found that almost any good mixture of home-grown grains finely ground and mixed with milk will answer. A satisfactory finishing ration may be composed of the following:
 One part finely ground whole wheat
 One part finely ground whole barley.
 One part finely ground whole oats.
 Fresh skim, whole or buttermilk should be used as a mixer. This ration is satisfactory for all market poultry except geese and ducks.

"NO WONDER YOU FEEL AND LOOK SO MUCH BETTER"
 —said the physician.

Half in fun and half because he occasionally "felt punk", a college chap joined 39 other students to form a test class or clinic. A certain physician wanted to test on this class the recuperative power of a certain tonic preparation, the formula of which had inspired his confidence.

Like the other 39, this young man's blood was tested and the "count" of red corpuscles and red colouring matter was found well below normal. No wonder he "felt punk" at times. He was given the tonic and returned in thirty days to have his blood tested again. There was no doubt about improved health. He looked it and felt it. His blood test showed that red corpuscles and red colouring matter had strikingly increased. "No wonder you are feeling and looking better," said the physician.

Would you like to feel better, too? Would you like to be keen again about study or work or play? Then take this "tested tonic" which proved such a benefit to the forty college students. It restores well-being by increasing the red corpuscles and red colouring matter of the blood—those carriers in the blood stream which must be kept up to normal numbers if the person is to possess health and vitality. This tested tonic is Dr. Williams' Pink Pills. Easy to take whether at home, at college or at business. Recommended for all who feel run-down, over-tired, nervous or "low", or are under-weight. Your druggist has this tested tonic—Dr. Williams' Pink Pills, price 50c.

Pretty Nice Weather Now

But soon the cold winds will blow—the frost and snow will come—the cheery warmth of a comfortable coal heated home—will be necessary.

Do not delay—ORDER YOUR COAL NOW—get the best Anthracite coal produced "BLUE COAL." Sized to suit every home burning condition. HARD WOOD, also SLABS cut to suit. Call us.

THE COW

The cow is a female quadruped with an alto voice, and a countenance which has no guile. She collaborates with the pump in the production of a liquid called milk. Provides the filler for hash and at last is skinned by those she has benefited as mortals commonly are.

The cows tail is mounted aft and has a universal joint. Persons who milk cows and come in contact with this tail have vocabularies of peculiar and impressive force.

The cow has no upper plate, all of her teeth are parked in the lower part of her face. This arrangement was perfected by an efficiency expert to keep her from gumming things up, as a result she bites up and gums down.

The cow has two stomachs. The one on the ground floor is used for a warehouse and has no other function, when this filled, the cow retires to a quiet place where her ill manners will cause no comment and devotes herself to belching. The raw material then is conveyed for the second time to the interior of her face, is then delivered to the auxiliary stomach where it is converted into cow.

The young cow is called a calf and is used in the manufacture of chicken salad.

The male cow is called a bull and is used extensively to advertise a certain brand of tobacco.

A slice of cow costs eight cents in the cow fourteen cents in the hands of a packer and two dollars and sixty cents in a restaurant that specializes in atmosphere—and that's what a cow is.

THIS IS QUEER

Call a girl a chick and she smiles; call her a hen and she howls. Call a young woman a witch and she is pleased; call an old woman a witch and she is indignant. Call a girl a kitten and she rather likes it; call a woman a cat and she hates you. Women are queer.

If you call a man a gay dog, it will flatter him; call him a pup, a hound, or a cur, and he will try to alter the map of your face. He doesn't mind being called a bull or a bear, yet he will object to being mentioned as a calf or a cub. Men are queer, too.

GINGER-SNAPS

Conductor (helping stout lady on car)—"Ye should take yeast, mother, ter 'elp yer to rise better."
 Stout Lady—"Bake some yerself, lad and then yer'd be better bred."—(Sheffield Telegraph).

VILLAGE OF RICHMOND HILL
 Treasurer's Sale of Lands in Arrears of Taxes

By virtue of a Warrant issued by the Reeve of the Village of Richmond Hill dated the 5th day of July 1934 and to me directed, commanding me to proceed with the collection of arrears of taxes, together with the fees and expenses, I hereby give notice that the list of lands liable to be sold has been prepared, and is being published in the "Ontario Gazette" under the dates of August 4th, September 1st and October 6th, 1934, and that, unless the said arrears of taxes and costs are sooner paid, I shall, on the 15th day of November 1934 proceed to sell the said lands to discharge the said arrears of taxes and the charges thereon.

The sale will be held on the above date at the hour of ten o'clock in the forenoon in the Municipal Hall in the Village of Richmond Hill.

Copies of said List may be had at my office.

A. J. HUME,
 Village Treasurer
 Dated at Richmond Hill
 August 2nd, 1934
