DECLARES WAR ON HITCH HIKERS

Authorities and traffic officers on Yonge Street have declared war on the "HITCH HIKERS" and bicycles not equipped with lights. In an interview Traffic Officer Lemon declared such offenders would be taken to court in future.

"There has been altogether too much hitch-hiking on the Yonge street highway and we are going to put a stop to it," declared Officer De-laney. "Motorists are continually bothered with 'thumb-wavers' who stand out on the pavement and flag every car that passes."

"Students from the Earl Haig High School and different public schools in the Willowdale district, walk up and down the highway four and five abreast taking up about one-half of the pavement," stated Officer Lemon. "We have warned them continually to use the sidewalks where they are provided but apparently it is no use. We're going to take a few of them down to court and maybe that will help a little."

Very few cyclists in the district have their bicycles equipped with a light and they are very dangerous on the highway as motorists have great difficulty in seeing them, the officers pointed out. If the non-lighted wheels are not soon fully equipped, their owners will be summoned to court too.

Officer Harry Lemon pointed out that the traffic officers cannot summon hitch-hikers who stand on the sidewalk when they are "thumbing," but can check up those who stand on the pavement and encumber traffic.

FIELD CROP YIELDS ON THE CENTRAL EXPERIMENTAL FARM IN 1934

In spite of comparatively unfavourable climatic conditions in 1934, field crop yields on the Central Experimental Farm, Ottawa, were well maintained. Drought in 1933, resulted in hay crops going into the winter in a weakened condition and dry weather during the season of 1934 aggravated the condition to bring about a slight reduction in hay yields. Grain yields were also slightly lower than average but abundant rainfall was received in September, early enough to provide sufficient moisture for late crops such as corn and roots, the yields of which were above average. The following yields per acre were recorded in 1934 by the Field Husbandry Division. Average yields for a period of 4 to 23 years are shown in brackets. Corn 19.7 tons (16.41 tons) turnips 21.81 tons (18.08 tons), mangels 26.15 tons (22.60 tons), sunflowers 16.35 tons (19.75 tons) potatoes 185.5 bushels (189.68 bushels), barley 43.4 bushels (45.8 bushels) oats 54.3 bushels (57.6 bushels) peas 26.4 bushels (28.6 bushels) mixed alfalfa, red clover and timothy hay 3.39 tons (3.66 tons).

RADIO "RAIDERS" DOOR-TO-DOOR HUNT

Two scouts from the radio Marine Department of the Dominion Government were in town last week, calling door to door on a wholesale check-up of radio licenses, and as a consequence there was a grand rush to the dispensers of licenses by those who had not procured one last April. About half the town was covered by the officers, reports made, and forwarded to Ottawa on those they found without the necessary \$2 license. Just what action the Dominion officials will take remains to be seen, but from results of other places visited, there is every possibility that summons will be issued against some at least.

The officers informed The Tribune that they would return here in a couple of weeks to check up on the remaining half of the community, but why they did not complete the job when here is a mystery to us.

It seems like small business on the part of the Ottawa government to be compelled to send men from door to door to demand a tax of \$2, all of which goes to pay the salaries of the collectors and the upkeep of their cars. If there happens to be anything left over it will apply on the salaries of the Radio Commission the head of which is pulling down \$10,000 per year. No wonder people are coming to think there is nothing wrong in beating a government that will waste their money in such wanton style as to pay Hector Charlesworth, one time newspaper man, such exorbitant salary. — Stouffville Tribune.

Correct this sentence: "We'll not put up a sign here," said the man, "for it would spoil the view."

Barn And Crops Destroyed By Fire

Deputy-Reeve Robert Dooks, of Vaughan township this week suffered the loss of his barns and season's crop by fire. The fire took place on Tuesday, when Mr. Dooks was attending County Council session and the cause is unknown. The damage is estimated at over \$9000.00.

Several herd of cattle and a number of implements were saved by neighbors, but the season's crop was completely destroyed. Kleinburg and Bolton fire brigades were soon on the scene and managed to save a couple of nearby smaller buildings. The damage was partly covered by insurance.

IMPRESSIVE SERVICES MARK ARMISTICE DAY

A most impressive Remembrance Day service was held in Richmond Hill last Sunday afternoon, when the people of this community joined together in paying tribute to the sacrifice of those who laid down their lives in the Great War. Home marched from the north end of the town to the Cenotaph where they were received by Reeve Greene and Canon H. J. Cody.

The address of the afternoon was delivered by Canon Cody who in an eloquent and impressive manner appealed to Canadians to remember those who paid the supreme sacrifice in the war by making Canada a better place in which to live.

Reeve Greene on behalf of Richmond Hill thanked all those who took part in the service and contributed to its success.

Wreaths were laid on the memorial by Mrs. C. N. Cooper on behalf of the Provincial Government, Mrs. J. A. Monkman on behalf of the Village of Richmond Hill, J. Sanders for Richmond Hill Veterans, F. N. Hopper for Richmond Hill L.O.L. and by Col. W. P. Mulock, M.P.

A feature of the program was the presentation of a Union Jack to the Village by the Women's Institute in honor of the memory of those who gave their lives in the war. VOLLEY BALL CLUB NOTES

On Friday last at the Club's opening social night, a business period was held at which the seasons programme was decided on. Old members are anxious to commence early a series of matches between teams having previous experience that will place them on record as to their standing for final honors. It is expected that four teams at least will be available.

Teams comprising players with less experience representative of local organizations will comprise a secondary grouping. The performance of these new teams will be recorded with a view to recognition later.

Past season enthusiasts got under way in practice last Tuesday evening when a goodly number of old members were on hand to get in condition. A standard net is being purchased which will add to the satisfaction of play.

While all possibilities for membership will be solicited individually, the club extends an open invitation to any who are desirous of taking advantage of the benefits of this sport to come along any Tuesday evening and join in.
