NOTICE TO Markham Township Ratepayers

THE 1934 TAX BILLS ARE BEING SENT OUT AND SHOULD REACH YOU IN DUE COURSE.

Tax arrears, which prior to this year, were returned to the County, are now shown on the records at the Township office and are payable to the Township, subject to the same penalties, and will be included in this year's tax notices.

Your attention is hereby directed to R.S.O. 1914 Chap. 195, Sec. 94, which reads as follows:

The taxes due upon any land with cots may be recovered with interest as a debt due to the municipality from the owner or tenant originally assessed therefor and from any subsequent owner of the whole or any part thereof, saving his recourse against any other person, and shall be a special lien on the land in priority to every claim, privilege, lien or incumbrance of every person except the Crown, and the lien and it's priority shall not be lost or impaired by any neglect omission or error of the municipality or of any agent or officer, or by want of registration.

Your prompt attention will avoid additional penalties.
CHAS. HOOVER, Township Treasurer, Unionville

CAN IT BE DONE? — By Ray Gross

THREADLESS SEAMS
WHY NOT A MACHINE THAT WOULD CEMENT AND PRESS THE TWO EDGES OF A FABRIC TOGETHER AS ONE PIECE IN STRENGTH AND APPEARANCE? CAN IT BE DONE?

Do you think this idea is practical? Write Ray Gross in care of this newspaper

TEMPERANCEVILLE

The annual bazaar of the Mission Band was held in the basement of the church on Friday evening. Many useful and fancy articles were sold. The following program was given: Recitations by Fay Bernard, Jean Umehara and Ewart Jennings; vocal duet by Reta Rumble and Gertrude Henshaw, and a short play "Why do we work for Missions." After a short recreation period a dainty lunch was served.

Some seven tables of ardent euechre fans attended the first progressive euechre party held at the home of Mr. and Mrs. Scott Bovair on Thursday evening. Prize winners were: Ladies, Mrs. S. Bovair; consolation, Mrs. Giles Kerswill; Gents, Mr. Geo. Thompson; consolation, William Nichols. A dainty lunch was served by the hostess.

A large number from the neighborhood attended the euechre and dance on Tuesday evening which was held at the home of Mr. and Mrs. C. H. Henshaw.

The following visited Mr. and Mrs. W. N. Thompson on Sunday: Mr. and Mrs. J. Beck, Mr. and Mrs. N. Kerr of Vellore, Mr. and Mrs. J. H. Snider of Victoria Square, and Mr. and Mrs. E. Diceman and daughter Reta of Teston.

Mr. M. B. Beynon and son Carl celebrated their birthdays on Sunday at the home of the former's sister, Mrs. Arthur Sambrook of Aurora.

"If you get up earlier in the morning than your neighbor," said the philosopher, "and work harder and scheme more and stick to your job more closely and stay up later planning how to make more money than your neighbor and burn the midnight oil planning how to get ahead of him while he is snoozing, not only will you leave more money when you die than he will, but you'll leave it a darn sight sooner."

"I am afraid, doctor," said a woman to her physician, "that my husband has some terrible mental affliction. Sometimes I talk to him for hours and then discover that he literally hasn't heard a word I said."

"That isn't an affliction," was the reply; "that's a divine gift."

The United Church Sunday School is busy practicing for the annual Christmas Entertainment which will be held on Wednesday, Dec. 19th.

The Women's Association will hold a Christmas Bazaar and Afternoon Tea in the United Church Sunday School Hall next Thursday afternoon, Dec. 6th, at 2.30 o'clock. This will be a splendid opportunity to buy your Christmas gifts at a very reasonable price. There will be a special table of gifts from 25c. to \$1.00. In order to make this event the usual success you are invited to attend and bring as many others as possible. There will also be a Rummage Sale which includes clothing and household goods of every description. Remember the date, Dec. 6th, at 2.30 p.m.

The Mission Band met last Monday at 4.15 p.m., with a fine attendance and Miss Hope in charge. A splendid program was presented.

Miss Barber of Prince Albert, Sask., arrived last Saturday to stay with her uncle, Mr. A. W. Galbraith.

A little baby daughter came to brighten the home of Mr. and Mrs. Harry Duggan on Nov. 20th. Congratulations.

Mrs. Reid and Miss Reid have left their home here to spend the winter in Toronto.

Mrs. W. T. Wells has been confined to her home through illness. We wish her a speedy recovery.

Mr. Mason of Goulding Ave, was taken to the hospital last Sunday. We hope he will soon be able to be with us again.

Rev. Dr. Bell of Aurora preached a very inspiring sermon in the Newtonbrook United Church last Sunday morning to a large congregation.

Rev. A. H. Halbert conducted the morning service last Sunday in Epworth United Church, Toronto.

There will be a song service next Sunday evening in the Newtonbrook United Church at 7 o'clock. Hand the choir leader your favorite hymn this week.

The Boys Club of Newtonbrook United Church held their first meeting on Tuesday evening at 8 o'clock with a large attendance. Very splendid moving pictures and lantern slides were shown by Mr. A. W. Galbraith and were very much enjoyed by the boys.

NEWTONBROOK

A quiet wedding was solemnized at Newtonbrook United Church Parsonage last Friday afternoon when Elizabeth McCormack of McIntyre, Ont., was united in marriage to Edgar Barker of Newtonbrook with Rev. A. H. Halbert officiating. Mr. and Mrs. Charles Barker of Toronto were the attendants.

The Girls Mission Circle held their regular meeting at the parsonage with a very good attendance. Miss Irene Smith presided and led in the worship period assisted by Miss Lorene Brown. A duet was given by Miss Norma Anderson and Freda Copeland and the topic for the evening was presented by Miss M. Kirby. It was decided that the Circle send a donation of Christmas gifts to a Mission School in Northern Ontario and that each member dress a doll. The parcel to be sent the first week in December. The election of officers resulted as follows: Hon. President, Mrs. A. H. Halbert; President, Miss Irene Smith; Vice-President, Miss M. Kirby; Rec. and Corresponding Secty., Miss Lorene Brown; Temperance Secretary, Miss Doris Soden; Supply Secretary, Miss Edna Street; Treasurer, Miss Alberta Brown. A committee was appointed to prepare the program for each month.

A number of folk from here attended the Royal Winter Fair in Toronto and report it one of the best ever held.

The United Church Sunday School is busy practicing for the annual Christmas Entertainment which will be held on Wednesday, Dec. 19th.

The Women's Association will hold a Christmas Bazaar and Afternoon Tea in the United Church Sunday School Hall next Thursday afternoon, Dec. 6th, at 2.30 o'clock. The Grain Class open to Agricultural Societies at the recent Ottawa Winter Fair resulted in very keen competition among Societies in Eastern Ontario, where the production of high class grain has developed so rapidly in recent years.

The purpose of the competition was to encourage the Society to foster the production of different kinds of high class seed grain by its members.

The Renfrew Agricultural Society was awarded first position, with a total of 450 points of a possible 500. The lots of peas, barley, alfalfa and oats each scored over 90%, wheat alone fell slightly below this high standard.

The leading Societies were placed as follows:

- 1st, Renfrew Society, 450 points.
- 2nd, Pakenham Society, 439 points.
- 3rd, Carp Society, 434 points.
- 4th, Vankleek Hill Society, 422 pts.
- 5th, Drummond Society, 420 points.

Burning Stubble
When stubble has been burned off and the land again seeded, after a minimum amount of cultivation, the yields of grain have proven this method to be superior to any other treatment. Objections to the burning of stubble are loss of nitrogen, loss of moisture, and some loss of soil fertility; while supporting the practice are weed control, clean crop and convenience.

Potatoes For Poultry
Farming increases in value as an occupation just in proportion to the extent to which incidental by-products can be marketed at a profit. Not only must the farmer sell all his good quality products at a fair price, but he must also find a market for as much as he can of the unsaleable product. It has been found that greater net profits per bird can be made and a finished bird of finer quality and flavor produced through crate-feeding on a ration of equal parts of middlings, rolled oats, boiled potatoes and skim-milk than is the case where cornmeal is fed. Potatoes, finely ground or boiled, are proving exceptionally good for finishing poultry particularly when fed in conjunction with the "white" grains and milk. Crate-fed poultry offers a really attractive market outlet for cull potatoes.

Cod Liver Oil and Cattle
Cod liver oil has never attained very great prominence in supplementing the rations of the larger farm animals because the nutrients which it can supply, or help to make available, can be procured almost equally well, and much more cheaply from the ordinary farm live stock feeds, plus a minimum of purchased supplements such as protein feeds and minerals.

There are some occasions, however, when cod liver oil constitutes a valuable feed for the larger farm animals. Pigs being grown during the winter months sometimes develop an unthrifty rachitic condition, resulting from an evident deficiency of some of the vital feed elements. Such animals can often be brought into better condition by feeding cod liver oil. If trouble is anticipated, small doses of the oil will probably correct any tendency to a rachitic condition.

Preparing Turkeys
Turkey growers are now beginning to finish or fatten their birds for the Christmas holidays. It is customary to begin the process of preparing the luscious turkeys for the nation's festive dinner tables by feeding them small amounts of grain which grad-

An Italian named Tony opened a restaurant and became noted for his famous "Rabbit Pies," which soon exhausted the supply of rabbits in that vicinity, necessitating a little deception on Tony's part. For adding other meat, he was called before the magistrate who asked him what kind of meat he was using to make up for the shortage of the rabbit meat. Tony honestly and innocently replied, "Horse meat, Your Honour." Then the judge asked, "What per centage of horse and rabbit meat do you use in your famous rabbit pies?" Tony replied, "About fifty-fifty." "What do you mean by fifty-fifty?" quoth the judge, and Tony's astonishing answer was, "One rabbit, one horse."

Man has one advantage. He needn't rub anything on his face to improve his appearance. It just grows.

Preparedness is sensible, but, alas! people can't prepare their country for war without preparing their minds for it, too.

Correct this sentence: "Bill hates this society stuff," said the wife, "and I won't have him being a martyr for my sake."

NEWS AND INFORMATION FOR THE BUSY FARMER

The second estimate of wheat production in the Prairie Provinces for 1934 is two million bushels lower than the preliminary estimate of 265 million bushels made on September 11th last.

In the Boys' and Girls' Farm Clubs competition at the Royal Winter Fair, Ontario carried off the trophy in the Dairy Cattle project through the Markham Dairy Calf Club, and also the trophy in the Seed project through the Durham County Boys' Grain Club.

Why Burn Straw Stacks?
When with the use of suitable chemicals they can be converted into manure the question "Why burn straw stacks?" is really pertinent. Straw is worth something more than as a bedding material, and not the least valuable is its use for the making of artificial manure. The use of 100 pounds of ammonium sulphate and 100 lbs. of lime to each ton of straw, and this thoroughly soaked with water produces a manure of distinct fertilizer value. From three to six months are required for the organic changes to become effective and the resultant substance has much of the appearance and practically the same value as barnyard manure.

Grain Class Winners
The Grain Class open to Agricultural Societies at the recent Ottawa Winter Fair resulted in very keen competition among Societies in Eastern Ontario, where the production of high class grain has developed so rapidly in recent years.

The purpose of the competition was to encourage the Society to foster the production of different kinds of high class seed grain by its members.

The Renfrew Agricultural Society was awarded first position, with a total of 450 points of a possible 500. The lots of peas, barley, alfalfa and oats each scored over 90%, wheat alone fell slightly below this high standard.

The leading Societies were placed as follows:

- 1st, Renfrew Society, 450 points.
- 2nd, Pakenham Society, 439 points.
- 3rd, Carp Society, 434 points.
- 4th, Vankleek Hill Society, 422 pts.
- 5th, Drummond Society, 420 points.

Burning Stubble

Such animals can often be brought into better condition by feeding cod liver oil. If trouble is anticipated, small doses of the oil will probably correct any tendency to a rachitic condition.

Preparing Turkeys
Turkey growers are now beginning to finish or fatten their birds for the Christmas holidays. It is customary to begin the process of preparing the luscious turkeys for the nation's festive dinner tables by feeding them small amounts of grain which grad-

ually are increased until the birds are on full feed. Due to the large supply of wheat available, this grain should be used to advantage in the fattening ration. Wheat has nearly the same fattening qualities as corn, but does not produce the rich yellow color of flesh that yellow corn does. It is important, however, that all grains be free from moldiness and they should be fed in hoppers to counteract certain diseases that cause heavy loss. Do not confine turkeys for fattening especially if they have been run on a range, for range birds cannot stand confinement.

32 Boys' and Girls' Farm Teams
Competed at the Royal Fair
In the annual National Club Contests in connection with the Boys' and Girls' Farm Club movement thirty-two club teams of two members each, representing all of the Provinces of the Dominion, competed in several live stock and field crop projects at the Royal Winter Fair in Toronto, last week. The actual contests were conducted on November 20 and the sixty-four contestants remained in Toronto until Friday evening, Nov. 30, visiting the Royal Winter Fair and other points of interest under the direction of the Canadian Council on Boys' and Girls' Club work. These club teams earned the right to compete in Toronto by winning their respective provincial elimination contests.

An unusual feature of these contests was the inclusion of an oral examination with a judging competition to form the complete contest in each of the projects included in the national contest program. After several years' experience, it is felt that this form of contest provides an opportunity to measure the general ability and knowledge of the contestants, and, in turn, has the effect of encouraging, on the part of all club members, more thorough study of the projects in hand.

Reports for 1934 show a total of 1544 fully organized boys' and girls' farm clubs in Canada with a total enrolment of 26,700 members. The projects undertaken include a variety of farm activities under the general headings of live stock, poultry, field crops and home economics. The results that are being obtained are significant and it is widely recognized that this junior club work, has far-reaching economic and educational importance.
