NOTICE TO Markham Township Ratepayers

THE 1934 TAX BILLS ARE BEING SENT OUT AND SHOULD REACH YOU IN DUE COURSE.

Tax arrears, which prior to this year, were returned to the County, are now shown on the records at the Township office and are payable to the Township, subject to the same penalties, and will be included in this year's tax notices.

Your attention is hereby directed to R.S.O. 1914 Chap. 195, Sec. 94, which reads as follows:

The taxes due upon any land with costs may be recovered with interest as a debt due to the municipality from the owner or tenant originally assessed therefor and from any subsequent owner of the whole or any part thereof, saving his recourse against any other person, and shall be a special lien on the land in priority to every claim, privilege, lien or incumbrance of every person except the Crown, and the lien and its priority shall not be lost or impaired by any neglect or omission or error of the municipality or of any agent or officer, or by want of registration.

Your prompt attention will avoid additional penalties.

NEWTONBROOK

The Women's Association held a very successful Christmas Bazaar and Afternoon Tea last Thursday afternoon from 2.30 to 5.30, and the social time was much enjoyed by all. There was a large attendance.

A supper meeting of the W.A. members was held at 6.30, which was followed by the annual business meeting. The reports were most gratifying, showing that the ladies were making fine progress and a good substantial balance in the treasury.

Rev. A. H. Halbert conducted the election of officers which resulted as follows: Hon. Pres., Mrs. T. Street, Mrs. H. B. Schmidt; Pres., Mrs. W. T. Wells; Vice-Pres., Mrs. A. W. Stephenson; 2nd Vice-Pres., Mrs. F. Summers; Rec. Secty., Mrs. Walter Johnson; Asst. Secty., Mrs. Allan Wiltshire; Corresponding Secty., Mrs. Jack; Treas., Mrs. Glen Shaw; Temperance Secty., Mrs. F. Summers; Convenor of Flower Committee, Miss Edna Street; Work Committee, Mrs. Caines, Mrs. Jas. Dean, Mrs. F. Foreman, Mrs. Pinder, Mrs. Pharaoh; Parsonage Committee, Mrs. Wells, Mrs. H. Smith, Mrs. F. Summers, Mrs. J. C. Bales, Mrs. A. W. Stephenson; Strangers Secretaries, Mrs. E. Brett, Mrs. T. Wice.

One of our most respected citizens passed away last Sunday evening in the person of Mr. Philip J. Mason. He had been ill only a short time. He died at the home of his son, Philip Mason, 20 Durant St., Toronto. Mr. Philip Mason's native land was in Scotland. He was an exceptionally good Bible student and was a great acquisition to Newtonbrook United Church. He was assistant Bible class teacher and on several occasions would take the pulpit in the absence of the pastor. He was kindly and sincere and much beloved by all who knew him. He leaves to mourn his loss a wife, two sons and a daughter. His first wife predeceased him in 1914. The funeral took place from Trull's Funeral Home, 1111 Danforth Ave., at 3 p.m. on Wednesday afternoon, with Rev. A. H. Halbert officiating. Interment in Mt. Pleasant cemetery, Toronto.

The annual Sunday School anniversary and white gift service will be held in Newtonbrook United Church next Sunday, Dec. 16th, at 11 a.m. and 7 p.m. Mr. Cyril Dyson will be the special speaker at the morning service and the pastor will be in charge at night. There will be special music. The members and adherents are asked to bring gifts of groceries, fruit, pickles, clothing, toys, etc. These will be packed in baskets and given to the needy ones in the community before Christmas. Your Christmas will be much brighter if you help make some one else's happier. Just try it.

The annual Sunday School Christmas entertainment will be held next Wednesday evening, Dec. 19th, at 7.45 p.m. A one hour play will be presented entitled "Snowbound on Christmas Eve." There will also be choruses, recitations, instrumental music, etc. A happy evening is assured.

Special plans are being made for the Christmas services on Sunday, Dec. 23rd. A carol service will be held at the evening service and a string quartette will play Christmas Carols.

Zion United Church Sunday School is holding a Christmas party at the home of Mr. and Mrs. Joseph Trimble on Wednesday afternoon and evening.

Mr. and Mrs. W. H. C. Ruthven and daughters, Misses Jeanette, Eleanor and Eloise, of Alliston, spent the week-end with Rev. A. H. Halbert and Mrs. Halbert.

The W.M.S. held their annual business meeting and election of officers at the parsonage last Tuesday afternoon.

A concert under the auspices of the Y.P.S. was held last Monday evening in the Sunday School Hall. A play was presented entitled "Christmas at Stebbins" under the direction of the Missionary convenor, Miss Janet Riddell. Those taking part were: Mr. Raymond—Ernest Southern, Mrs. Raymond—Doris Soden, Mr. Stebbins—Alvin Brown, Mrs. Stebbins—Janet Riddell, Grandma Stebbins—Margaret Shaw, Hettie Stebbins—Gladys Riddell, Tom Stebbins—Irwin Brown, Joe (a orphan)—Billy Stewardson, Jake—George Street, Mary—Irene Smith.

All took their parts very creditably and the Christmas Spirit was very prominent all through the play. The Christmas Carolers were four little girls who sang outside the window. A romance between Jake and Mary was most amusing and ended up in the usual way—living happy ever afterwards. Miss Riddell from Fairbank contributed four numbers and Messrs. Gloucester and Hunter played several violin selections with Miss Dorothy Woods at the piano. There was a fine attendance present

VELLORE

We would like to know where the weather wizard is who prophesied a mild winter. Our sympathy goes out to the fur bearing animals whom he claims made very little provision for the winter.

Mr. Milton McDonald of Maple has converted his former residence at Vellore into a duplex to accommodate the proprietor, Mr. Pete Craib, of "Prospect View Fox Farm."

Miss Jean McKinnon of Weston was home for the week-end.

Miss Mabel Rumble of King and Mr. Albert Rutherford returned home from Chicago last Saturday where they spent a week along with a party of sixteen young people from other counties of Ontario. This trip was awarded to Mabel and Albert for their high standing in York County Judging Competition held in the spring.

Mrs. A. P. MacLachlan of Buckingham, Quebec, and Mrs. R. N. MacLac of Lochaber Bay, Quebec, visited with the formers sister, Mrs. C. H. Rutherford, on Saturday.

The Vellore Euchre Club met on Monday evening in the Memorial Hall. There were fifty people present regardless of the cold evening. Prize winners for the ladies were: 1st, Mrs. J. A. McNeil, 2nd Miss Laurena Rutherford, 3rd Miss Deborah Davidson, and consolation, Mrs. Wm. Bates. Prize winners for the gents; 1st, Mr. Howell Price; 2nd, Mr. Bob Julian; 3rd, Mr. D. A. McKinnon, and consolation, Mr. Alex. Yorke.

The next meeting of the Euchre Club will be held Thursday, Dec. 27th. The ladies are asked to bring candy or fruit for the lunch while Mr. Alvin Puterbaugh will provide the beverage.

The December meeting of the Vellore Women's Institute met at the home of Mrs. Cameron Walkington. There was a large number of members present and the roll call was answered by "A Christmas Gift for the needy." It was decided to hold their January meeting in the Memorial Hall for the purpose of quilting quilts for relief work. Miss Laurena Rutherford outlined the activities of the Juniors during the last month. The topic of the program was "Relief." Mrs. E. Carson gave a very interesting paper on the topic. Newsy current events were given by Mrs. C. Walkington. Excellent reports were given by the delegates, Mrs. E. Harris and Mrs. C. H. Rutherford, assisted by Mrs. A. L. McNeil of the 33rd Annual Institute Convention of Central Ontario, held in the Royal York Hotel last month. Mrs. S. Jones rendered a delightful piano solo. Lunch was served by the hostesses and the committee.

Don't forget Vellore School Concert, Monday, Dec. 17th.

TRAGIC STORY IS TOLD BY DOCTOR

Moving swiftly to relieve distress along the shores of Newfoundland, the new commission government in less than a year has taken three thousand fisherfolk off the dole and sent them back to the sea in ships. It has planned, too, to make farmers out of five thousand families who cannot now make a living. But with another winter coming on, the spectre of poverty still hovers over many of the outports and the problem of direct relief remains.

Hope has been expressed in official quarters that reports like the one brought from St. Mary's by Dr. James McGrath will be few.

The doctor, a visitor in the capital, said the fishery was a complete failure in the whole of St. Mary's Bay. Traps from St. Mary's to St. Peter's River had not averaged more than 30 quintals each and there had been no fall fishery owing to the lack of bait and the prevalence of dogfish.

With three bad fisheries in succession and no prospect of employment, except possibly a little pit-prop cutting at Salmonier, the people were facing the worst prospects within their memory.

In one section where there were eighty families, seventy-five were getting relief with no prospect of alleviating their condition, the doctor reported.

He said that between sixty and seventy per cent of the 4,000 people in St. Mary's Bay would be forced to accept dole this winter.

During the last three years they had been disposing of their livestock and now had no resources except the produce of their gardens which would be consumed before long.

There isn't much real love, it isn't the grand passion if he says, "She's perfect, except—"

NEWS AND INFORMATION FOR THE BUSY FARMER

Poultry Grades

Most of the poultry being offered on the market this year is being graded in accordance with government standards, with the class and grade marked by tags affixed to the breast of the bird. There are two classes of poultry, "Milk-fed," distinguished by white fat, and "selected," distinguished by yellow fat. Within these classes are the grades "Milkfed A," "Milkfed B," "Selected A," "Selected B" and "Selected C."

Grading of the birds in this manner enables the householder to choose good dressed poultry with great ease.

Meal Mixtures for Pigs in Winter
For pigs newly weaned and up to four months of age the following meal mixture is recommended: Middlings, 3 parts; oats, 2 parts; shorts, 1 part; bran, ½ part. Three pounds of skim-milk or buttermilk per pound of meal mixture should be fed at this stage.

The following meal mixture is recommended when the pigs are between four and five months old: shorts, 2 parts; oats, 2 parts; barley, 1½ parts; bran, ½ part. With one pound of this mixture feed two pounds of skim-milk of buttermilk.

From the time the pigs are five months old and weigh about 150 pounds, up to market weight, they may be fed the following finishing ration: shorts, 1 part; oats, 2 parts; barley, 2 parts. With one pound of this mixture, feed one and one-half pounds of skim-milk or buttermilk.

Purchasing Feed Stuffs

The advantage of co-operative purchase of feed stuffs is sometimes lost through the feeding of those feeds which can be purchased in carlot quantities without regard to balance or suitability of rations. Carlot purchase of feeding stuffs should be undertaken from the standpoint of both economy and efficiency. Dollars per ton is not the all-important angle. The cost per pound of food nutrients is more important and, better still, the price per unit of feeding value and the suitability for balancing home-grown or other feeds are the important factors to consider. There are several steps to follow in the purchase of supplementary feeds. They are: (1) Know what is on hand in the form of home-grown feeds. (2) Know what best balances the feeds on hand, taking into consideration both quality and cost. (3) Purchase supplementary feeds in quantity sufficient to take advantage of the best prices and lowest freight rates. (4) Know the production records of the livestock fed.

Care Means Cash on the Farm These Days

One of the very practical lines of instruction given to all regular students at the O.A.C. is in the adjustment, repair and care of farm machinery and other farm equipment such as tools, harness, ropes, belts, etc.

So great is the need for care and economy on the farms just now that it has been decided to offer a course in instruction and practice along these lines to any young men who attend the ten-day short course at the College, January 2 to 11, and who wish to spend their time on this kind of work.

These men will participate in the same evening program of games and entertainment as those taking other lines of work in the daylight hours.

Great Shorthorns Too

"That was a great story in last week's press about your remarkable Holstein cow and her large family," said a visitor at the College this week "but have you no outstanding beef cattle to show to young farmers who come to your short course in January?"

"Plenty of them," said Professor Raithby, "Shorthorns, Heresfords and Angus. For instance, there in our fine Shorthorn cow, Augusta Fancy—166122. She is 15 years old and last August she dropped her 13th calf. Three of her heifers are still in the College herd and six of her seven bull calves have been sold for breeding purposes.

"Then, too, we have in the herd many of the offspring of Augusta Fancy's grand old half-sister, College Augusta VI, who, when she was 17 years old, gave us her 16th calf. A fine sturdy strain they are, of good type and great usefulness.

"Yes, we have lots of good cattle of both beef and dairy breeds for our demonstrations in January, and we expect to have several hundred keen young fellows here to handle and discuss these cattle and to enjoy ten days of real active, intimate College work and life."

Weekly Crop Report
Prevailing weather in most parts on Ontario until the first week in

December was quite exceptional. Whereas last year cattle had been fed for five or six weeks prior to this time, the open fall this year permitted farmers to leave their cattle on pasture, thus shortening the winter feeding period materially. It was a fine autumn for plowing too. Grey county reports that never for the past few years has so much grain been marketed. This is largely due to the fact that prices of cattle were low, grain was comparatively high and there were exceptional grain crops this year. Several carlots of livestock have been shipped from Brant and Haldimand counties to the United States in the past few weeks. Copious rains relieved the water shortage in many districts so far as wells and cisterns were concerned. First-grade poultry is selling in Lincoln at 25c. to 28c. lb., with wholesale prices, 20c. to 23c. Young turkeys are bringing 27c. lb. in Wentworth. A strong demand for hay is noted in Hastings, with mixed hay selling at \$14.00 a ton.

In Peterborough county, potatoes have been selling at 45c. to 50c. a bag, and McIntosh apples at \$1.60 a bushel, and Northern Spies at \$2.00 to \$2.25 a bushel. Frontenac reports that these products produced this year have decreased 15 per cent., while butter production has increased equally. Butterfat prices range around 19c. lb.

LOW STEAMSHIP FARES FOR CHRISTMAS

INFANTS' COLDS Relieved!

Young children easily catch cold. So Mrs. Russell Ward, of Hilton Beach, Ont., wisely says: "If I notice that there is any sign of a cold I give Baby's Own Tablets and find they are a great help." Thousands of mothers do the same not only for colds but for fretfulness, indigestion, constipation, teething troubles, colic, upset stomach and so on. Baby's Own Tablets are safe and sure in relieving childhood's common ailments. Price 25c.
