GENERAL NEWS AND VIEWS

King's Jubilee celebrations and Richmond Hill Fair are two big events on the horizon.

Reeve Greene and members of the council meet to-night with representatives of local organizations to discuss the celebration to be held here on May 6th to mark the King's Jubilee.

Just what form of celebration will take cannot be stated until after this meeting. One thing is sure the school children will have a holiday.

A "Better Farming" contest will be conducted this year by the Richmond Hill Agricultural Society. Who is the best farmer in the district? The contest will be judged by independent judges and points will be awarded for the various departments of farm operation.

Everyone is invited to attend the Agricultural Society banquet to be held in the United Church Wednesday evening, March 27th, when Principal Christie of Guelph Agricultural Society will be the speaker.

Ananda Malndol, eleven year old King of Siam, wants his spending allowance raised from fifteen cents to twenty-five cents a day. Boys and girls the world over will be in full sympathy with him in his request—or is it a demand?

The United States still controls one third of the world's monetary gold. Great Britain controls 80% of the world's tin. Gold will buy bullets and hire soldiers, if need be, in time of war, but tin is absolutely necessary in making certain high explosives. So we can picture Mr. U.S. Gold making a deep salaam to Mr. J. B. Tin and saying, "You're a better man than I am, Hunk-o'-Tin." The two gentlemen better stick together and control this war business.

His father once tarred and feathered his mother, often beat her with straps and a piece of hose. So claimed a boy who might stand under your arm. "So I gave him the works," said this Buffalo eleven-year-old. A news clipping from a non-religious source seems to fit right here. It says: "What this country needs is not more money, but more morality; not more specific cures for depression but more spirituality." The churches are open every Sunday and the papers generously announce their welcomes. "But though you lead a horse to water . . ."

Whitchurch township council has honored the memory of the late William Crawford, for many years clerk of the township, by having a portrait of the late clerk hung in the township hall at Vandorf.

A correspondent in this issue asks if the operation of the various kinds of slot machines is legal. This is a difficult question to answer because in some centres, Richmond Hill included, the machines operate unlicensed, while in other centres they are confiscated.

With the approach of spring many householders will have many odd jobs to do and many of the local unemployed will be glad of the chance to earn a little money. Reeve J. A. Greene who has been untiring in his efforts to secure work for local men says that he will be glad to find a man for any job you may have.

Eddie Downey will be the only one of the 1934 line-up missing when the Orillia Terriers, Dominion lacrosse champions of last year, take the field this year according to reports from the northern town. This being the case the Terriers should make a good bid for the honors in 1935. It is understood the 1935 Mann Cup winners will represent Canada 2at the 1936 Olympic games.

Salaries of all teachers in the High and Public Schools of Midland are to be reduced on order of the government supervisors.

Hon. T. A. Crerar, formerly Progressive and later Minister of Railways in Mackenzie King's Cabinet, was nominated as the Liberal standard bearer in the Federal constituency of Churchill.

Machines that sort, brush and polish potatoes were put into operation in the grading stations at Orange-

ville and Hillsburg on Monday. Revolving cylinders set with brushes take off the dirt, another set puts a polish on the cleaned tuber, while a mesh belt over which the potatoes travel to the basket, is so constructed that any less than two inches in diameter drops through.

Late in March there will be issued thousands of silver dollars in Canadian money. When these cart wheels get in circulation we'll be rolling in wealth.

A way of realizing the meaning of a million is to think of what it means in time. Few people realize that there are less than a million days in the whole Christian era; in fact, if we count back a million days from 1933, we come to a date well before the founding of Rome, while a million hours would take us back to the Battle of Trafalgar. The great war lasted about two million minutes and, taking the total casualties as ten millions, this gives an average of five casualties per minute throughout the period of hostilities.

A landmark in Sharon, Mount Albert district for well over a century, the giant elm tree on the Mount Albert road was recently cut down. Old residents of the district state that their grandparents spoke of driving their teams of oxen past this tree when the road was but a trail. Bob Wheeler of Mount Albert was the axeman, and it is estimated that there is 2,500 feet of lumber in the logs. The elm was 126 feet high and more than fifteen feet around the base. The bottom ten feet of the trunk was decayed.

Not in the past 13 years has Easter Sunday fallen on as late a date as it will this year. And it will be some time before it again comes as late. Occurring on April 21, Easter does not arrive until a month after Spring's official arrival.

Easter can never fall later than about 35 days after the spring equinox, so that this year only a few days separate Easter from the latest date on which it can come under any circumstances. Easter Sunday is set as the first Sunday after the first full moon which follows the spring equinox.

In 1930 Easter fell on April 20. Previous to that, as far back as 1922, the Easter week-end came much earlier than this year.

Bearing nineteen lambs, all normal in every regard, and with all but one living, is a record for one ewe, claims Reeve Donald Cameron, of Tiverton. Recently this ewe gave birth to its third set of triplets, to bring the total to three sets of twins, three of triplets and one of quadruplets.

The Houston Press recently received a letter from a subscriber, asking for help in figuring out her family relationships. But for once the newspaper fell down.

Here is her problem: "My father's brother married my husband's sister. They had 10 children.

"My husband had seven children when I married him. We have five. "My father's brother's oldest son married my husband's second daughter. They had five children.

"Now four of those children are married and have children. Three of my children also have children.

"What relation are these children?" "We cannot figure out how we are related."

"Neith," the Press replied, "can we." Can you?

RAILWAY BARGAIN FARES

Following fares apply from Toronto.
Friday and Saturday, March 22nd and 23rd, to numerous points in Southwestern Ontario including Niagara, and Goderich Districts.

Friday and Saturday, March 22nd and 23rd, to various points Toronto-Winnipeg and Toronto-Cochrane lines west to Nipigon and Hearst Districts respectively, also to Collingwood, Meaford, Midland and Penetang.

Friday and Saturday, March 22nd and 23rd, to Windsor, Detroit and Chicago.

A supply of Cooper Products on hand—Dri-Kil, Kerol and Warble Fly Powder. It pays to use these products.

Products Big Boon To Local Builders

SHEPPARD & GILL LUMBER CO. LTD. HANDLE MATERIALS THAT AID PERMANENCE

Sheppard & Gill Lumber Co. Ltd. with a yard at Richmond Hill is a progressive institution, always on the lookout for new products and new specialties that are being placed upon the market for the building trade. Their service is prompt and one need not fear any delay when ordering lumber or supplies from this reputable firm. They maintain a most comprehensive stock of lumber, lath, shingles, frames, sash trim, doors and dimension lumber of all kinds, as well as asphalt roofing and gyproc. This concern is always pleased to be of assistance to builders. Take your problems to them. They will gladly assist you in outlining the proper materials for the work you have in view. There one is met with promptness, thoroughness, cordiality and understanding. Upon these virtues they have solidly built their business. We suggest that you let them help you build solidly.

Before one builds a home or commercial building, whether it be large or small, consult Sheppard & Gill Lumber Co. Ltd. They will be glad to supply your needs from the world's best stocks. The local manager of this company, Mr. F. Schissler, has spent many years in this business and is thoroughly conversant with every detail. It has always been their desire to see only the finest type buildings erected throughout this section, and due to the high grade materials supplied by this company are many of the community's finest and most substantial structures.

No business could exist and prosper for such a length of time without giving maximum values. The long, enviable record of Sheppard & Gill Lumber Co. Ltd. is undoubtedly the soundest protection to prospective builders. This establishment may be pointed out as one of the distinctive factors in our industrial progress. Do you know what recent outstanding structures this firm have supplied materials for?

\$3 cash prizes given weekly for nearest correct answers to questions in these articles. Call the above firm to assist you.
