#### VICTORIA SQUARE

So many men, so many minds, So many paths that wind and wind. When the thing the old world needs the most,

Is just the art of being kind.

Let us strive to show kindness to everyone as we make our journey through life and remember that kindness costs us nothing.

On Wednesday evening of last week our local Y.P.S. ball team played and won their last game of the series with Snowball. This sends Victoria Square on to Sharon for the finals on Wednesday, July 24th. Come to the picnic and cheer Victoria Square into front place for 1935.

Mrs. Willows gave a very interesting address in Sunday School, her subject being "Second Peter."

The abundance of moisture and warm weather have contrived to make the many gardens and lawns of our community a bower of beauty. The beautiful garden of Mrs. N. Hagerman is well worth a long drive to see.

Mr. and Mrs. Maurice Botham and daughters Jean and Marjorie of Bradford were Sunday visitors at the Valliere home.

Most frequently heard expression last Thursday, "Er— Warm isn't it" Mr. and Mrs. Arthur Buchanan and children attended the Orange Parade at Fairbank on Friday.

On Saturday afternoon the members and friends of the Baby and Mission Bands and W.M.S. numbering about fifty gathered at the home of Mrs. H. D. McCague for a special meeting and picnic. Miss Scott, a returned kindergarden teacher from Japan, spoke on her work there. Miss Kathleen Butcher, also on furlough from Japan, spoke on her work as a nurse in that country. Music and recitations by the little folk were much appreciated and a dainty lunch, served on the lawn, was enjoyed by all.

On Sunday, July 21st, Arthur Holder, famous radio negro artist, will be present at the church service to sing some of his spiritual songs accompanied by his wife, Hazel Holder. Special collection to defray his expenses. Come and bring your friends.

The monthly communion service was held in St. Stephen's Church on Sunday. At the close a Baptismal service was held when Marilyn Margaret, little daughter of Mr. and Mrs. F. Budd, was christened by the rector, Rev. W. F. Wrixon.

The members of the Women's Institute held a picnic at Hanlan's Island last Wednesday and report a very enjoyable time.

The funeral of Mr. F. Keffer took place on Saturday to the Lutheran cemetery. A private service was held at the home, followed by a public service in the church.

## ELECTRIC LIGHT RATES REDUCED

Following recent negotiations carried on by Reeve J. A. Greene and members of Richmond Hill council with Ontario Hydro-Electric Power Commission officials, a reduction in domestic and commercial lighting rates was announced to-day. The reduction will mean an approximate saving to Richmond Hill consumers of \$723.40 annually, according to last year's consumption figures.

The former rates were, domestic 2.2 per kilowatt hour for 1st sixty hours and 1.1 for each additional K. W.H. The new rate is 2c. and 1c. respectively. The commercial rates are reduced from 2.2 and .75 to 2 and .6 cents.

The new rates will be effective at the next billing and the reductions will be very much appreciated by electric light users. There will be no change in rates for power or street lighting service.

## BOWLING NOTES

That the interest in bowling which at the outset of the season seemed to be waning, is being revived was evidenced by the fact that eight rinks competed in the regular Monday night mixed tournament. Cups and saucers were given as prizes and the winner was skip "Wes" Wellman.

Next Wednesday is the annual tournament at the local green and a large number of rinks are expected. Three local rinks competed in the Stouffville tournament Wednesday, skipped by "Wes" Wellman, A. E. Glass and G. Moodie.

## REEVE URGES UNEMPLOYED TO MAKE PROVISION FOR NEXT WINTER

Interviewed by The Liberal this week, Reeve J. A. Greene expressed the wish that all those who were numbered amongst the relief recipients last winter would take the very best possible advantage of the present busy season to earn money to lay aside for the coming winter. The Reeve said he agreed wholeheartedly with Premier Hepburn who urged unemployed to accept work on farms. "Personally I have secured farm and other employment for many men during the recent weeks," he said.

The Reeve also urged that those who found difficulty in making ends meet last winter would prepare for the long cold months by harvesting as many vegetables and provisions as possible and also take advantage of the berry season to can fruit. We supplied a lot of people with garden seed last spring and we expect those gardens to be a big help to those people next winter, he said.

## C.C.F. LEADER SAYS STEVENS POLICY IS FUTILE

"The Stevens' party platform consists very largely of petty, superficial reforms which offer no solution for Canada's problems—and even the reforms it advocates are incapable of being carried out under our existing economic set-up," said J. S. Woodworth, M.P., federal leader of the C.C.F., after reviewing the manifesto issued this week by Hon. H. H. Stevens.

"Almost everything which Mr. Stevens now proposes has been advocated by the C.C.F. for years," he continued. "For four years Mr. Stevens sat as a member of a government which again and again turned down the measures he now proposes. During that time he enjoyed the prestige and salary of a cabinet minister in an administration which repeatedly blocked the very reforms he now advocates."

## FAVORS HEPBURN PLAN

That Premier Hepburn's announced plan to finance municipalities through out the province by issuing loans through the provincial savings banks at a lower interest rate will be welcomed "with open arms" by all suburban centres surrounding Toronto was predicted by John Doggett, deputy reeve and finance commissioner of East York township.

"Mr. Hepburn is certainly on the right route," said Deputy-Reeve Doggett. "This policy of the government taking control to eliminate the outrageously high interest rates charged by the banks is long overdue. The financing of each and every municipality would be made a much simpler problem and the sooner Mr. Hepburn puts the plan into effect, the better for everybody," he said.

## CATTLE OWNERS VOTE IN FAVOR T.B. FREE AREA

Canvass Still Incomplete But Returns Indicate Large Majority In Favor

Reports on the bovine T.B. restricted area campaign now being carried on in York County indicate that the success of the campaign is assured and it is likely the plan to include York in the restricted area will be carried out. R. E. White, York County Agricultural Representative, interviewed by The Liberal this morning, said that while reports from all districts were as yet incomplete, the returns already indicated that the great majority of herd owners were in favor of the plan. Mr. White also urged that any of the canvassers who have not yet finished their canvass to make a real effort to clean up their districts this week. We want all returns in the end of this week if at all possible, he said.

In two townships the work of canvassing has been completed. Scarborough Township voted 92 per cent in favor and Whitechurch 84 per cent in favor of the establishment of a restricted area. Up to date incomplete returns from other townships show a very large majority in favor of the idea. In Markham, King and Vaughan the canvass is not quite complete but there is no doubt but the result will show a large majority in these townships in favor of adopting the plan.

The proposal is that with the co-operation of the government a bovine T.B. restricted area would be created including the counties of Peel, Halton, York and Ontario counties.

## LACROSSE NOTES

Tuesday night Richmond Hill juveniles almost defeated the highly rated Maple team in a hard game at the local arena. The game ended 4 to 3 in favor of Maple but the local squad put up an excellent game and gave hope to their supporters that in the next encounter they can take the Vaughan township team into camp. Thornhill midgets defeated Richvale 4-1 the same evening. Last Friday Maple won from Thornhill and Richmond Hill juveniles won from Richvale.

The crowd at both games was large and there was lots of thrills and excitement. The games this week are: July 19 Midget—Maple vs Richmond Hill

Richvale vs Thornhill

July 23 Midgets—Thornhill vs Richmond Hill

Juvenile—Maple vs Richvale

Juvenile—Richmond Hill vs Thornhill.

We have been pleased from time to time to exhibit in The Liberal office window the choicest fruits of this fertile and productive district but this week we have had something new in products of the land in a piece of "twitch" grass which measures 81 inches in length. We do not want to be in the position of encouraging the growth of the bugbear "twitch" grass but if any of our readers have ever had a longer sample we would be glad to hear of it. This particular piece on display in our window was from the farm of Mr. E. Klink of Victoria Square.

## WHEAT FROM THE PRAIRIE

We have had on display in The Liberal office window this week some Marquis spring wheat from the farms of "Sandy" Pugsley of Sedley, Saskatchewan. The wheat has just started to head out and measures 34 inches high. We understand as a general rule wheat on the prairie starts to head out when at a height of about 12 to 16 inches. So if the wheat in The Liberal office window is any indication of the crop prospects in western Canada it looks as if the stookers will have a heavy job. However, as Mr. Pugsley remarks in his letter "plenty of things can happen in western Canada between now and the harvest."

## CELLOPHANE WRAPPED?

Many things to-day are cellophane wrapped. However, an exception was doubtless made the other day when police raided a nudist camp on the Island of Loban in the Danube. The nudists dove into the water followed by the police who captured them and "after wrapping them up" took them to the "hoose-gow."

### Confident of a E. York Victory

"With organization and unity we should win a victory for the people of East York in this election that will break the 40-year rule of the Conservative machine and bring in better conditions for the working families of the riding," Goldwin Fleming, Liberal candidate declared this week as the Liberals of the riding, rounded out plans for an intensive campaign.

Son of the late R. J. Fleming, the Liberal candidate comes of a prominent family of East York, and has entered the contest determined to seek a clean up of present economic conditions.

"The people should realize that a vote for the Liberal party is the only vote against Conservative misrule," pointed out Mr. Fleming. "A vote for the C.C.F. or Stevens-Conservatives or Communist is just a vote to put the Conservatives back in power. The Conservative record of the past five years should be sufficient warning against that. We need unity of organization and a unity of opposition to Conservative misgovernment."

Mr. Fleming has been a member of York county council and has upheld the interests of the farmer and the industrial worker.

A life-long Liberal and member of a Liberal family, he is satisfied that the only way to save the workers and unemployed of Canada is through Liberal principles and ideals.

"I want to get into action and try and help clean up this mess that has been growing worse. That is my reason for entering the field now," Mr. Fleming says.

Going overseas in 1915, Mr. Fleming had a distinguished record of service until 1919. He is married and has five children.

## Bruels Supports Bennett In This Coming Election

While the date of the federal election is still not definitely settled it is likely to be held either late in August or early in September. With the break in the Conservative party caused by the announcement of Hon. H. H. Stevens that he could no longer support Mr. Bennett there promises to be a new list of candidates entered in the race. There will be Bennett conservatives and Stevens conservatives and speculation is active in political circles as to which branch of the conservative party will form the official opposition after the election. From coast to coast it is conceded that the Liberal party will sweep the country but whether Bennett conservatives, Stevens conservatives or the C.C.F. will form the official opposition is now the subject of some considerable speculation.

Any doubt as to where H. Bruels recently nominated as the conservative candidate in North York would stand was settled this week when Mr. Bruels came out with a statement definitely placing himself in the ranks of the Bennett conservatives. Whether or not there will be a Stevens conservative candidate in North York is not known at the present time. In the by-election held here last fall when Mr. Bruels was defeated by Bill Mulock, Hon. H. H. Stevens spoke in the riding for Mr. Bruels and the unsuccessful candidate's election posters urged the electors to support the "Stevens New Deal." In his statement recently issued, Mr. Bruels said, "Mr. Stevens is in the position of a member of a ship's crew who, after a disagreement with the captain of the ship, throws overboard life preservers and planks, and then hurriedly constructs a platform upon which he invites the crew and passengers of the ship to embark. That raft may hold together for a week or a year but will eventually be broken up under heavy seas, and the people upon it will be politically lost."
