LACROSSE NOTES

Good games continue to feature the Richmond Hill lacrosse league games at the Richmond Hill arena every Tuesday and Friday evening. Tuesday night Richmond Hill and Thornhill midgets played a 4-4 tie game and the close score clearly indicates the kind of game it was. It was hard fought from start to finish and both teams displayed some real speed and ability. In the juvenile fixture Maple defeated Richvale 6-3.

Friday night Maple and Richvale midgets meet and Richmond Hill and Thornhill juveniles. The first game will start SHARP AT 9 p.m. and a team not on the floor and ready to start on the stroke of nine will lose the game by default. This is the warning handed out by league officials and we hope players and team managements will take the tip. From now on all games must start on time.

The remainder of the schedule is as follows:

- July 26 Richmond Hill vs Thornhill, Juvenile.
- Maple vs Richvale, Midget.
- July 30 Maple vs Thornhill, Juvenile.

Twenty rinks took part in the annual tournament held Wednesday by the Richmond Hill Bowling Club. Rinks were present from Whitby, Toronto, Newmarket, Uxbridge, Aurora, Markham, Stouffville and Agincourt. The Mulock Trophy was won by skip Bill Walton of Agincourt, 2nd prize by skip Harry Marshall of Newmarket, 3rd by skip Burton of Stouffville, and for fourth prize skip Norm Eade of Aurora and skip Dr. Brown of Markham had to play off a tie with the Aurora rink winning the extra ends. At the conclusion of play W. P. Mulock, K.C.M.P., presented the cup to skip Walton and the prizes to the other winners of the day. The ladies of the local L.O.B.A. served meals to the bowlers in the Club House.

RELIEF RECIPIENTS MUST WORK

The Hepburn Government will issue an order to compel physically fit relief recipients to aid in bringing in Ontario's bumper crops or be cut off relief. With relief costs continually ballooning, the Premier's office stated that it was certain his Administration would so rule in order that the recipients of Treasury aid might do something in return for the taxpayer.

York County Crops Suffer Storm Damage

Promising Fields Flattened By Wind and Rain—Loss Estimated At Many Thousands of Dollars

York County crops suffered severe damage as a result of wind and rain storms of the past week. Almost daily downpours which oftentimes were accompanied by heavy wind have left many promising fields flattened so badly as to make it doubtful if they will be of any great value. A drive through the district in the wake of Monday night's storm revealed many fields flattened "as flat as a pancake." A steam roller could not have made them any flatter. Other fields were down with odd patches twisted every way and standing up here and there through the fields. A great many fields will have to be cut one way, if they can be cut at all, and this will add greatly to the work and expense of harvest. One farmer told us that the scythe would have to be used on some fields, and then too there is the sad danger that some of the crops now down will not be worth cutting.

Following a haying season in which much of a bumper crop was lost due to catchy weather the latest development in local crop conditions is very disappointing to the farmers. The prospects for a real bumper harvest were never better until the storms came along and flattened them.

Residents of Richmond Hill and district witnessed an unusual cloud formation and movement in Monday evening's storm which was termed by old timers as a "twister" or cyclone. Dark clouds were noticed travelling rapidly towards each other from the east and from the west. As the two cloud formations met the one began to churn violently round and round and in time became smaller until it appeared like a long spiral shaped funnel of white smoke in the dark sky turning round and round with tremendous speed. Whether a "twister" or a cyclone or whatever it was it left a trail of wreckage in its wake. It struck Elgin Mills and flattened the silo on the Kerswill farm, tore a piece out of the barn, and lifted whole sections of rail fence and landed them intact several rods away. Trees were ripped up as if they were mere shrubbery and general havoc wrought by the raging elements. The strip hit but the "twister" at its worst was comparatively small but the general storm damage is estimated at many thousands of dollars to the farmers of York County.

SCHOOL BOARDS GIVE "HOME TOWN" TEACHERS FIRST CHANCE

An exchange remarks on the practice which this year seems pretty general of school boards giving "home town" applicants the preference in engaging teachers. In almost every instance school boards throughout Ontario to-day when engaging a new teacher give an applicant from the home section or town the preference. In these days when the profession is crowded and many find it difficult to obtain a school the practice seems most commendable and certainly meets with the approval of the ratepayers. When filling a vacancy this year the Richmond Hill School Board adhered to this principle when Miss Jean Middleton of Richmond Hill was appointed to fill the vacancy caused by the retirement of Miss Corner.

Liberals Win Every Seat In P. E. I. Election

The national swing towards Liberalism took on new momentum in the Provincial elections held in Prince Edward Island on Tuesday when the last surviving provincial conservative government in Canada was swept out of office with not a single survivor. Every Conservative candidate in the election was buried under an avalanche of votes and every one of the thirty constituencies returned a Liberal member.

The election was watched closely by independent observers throughout Canada as an indication of what is likely to happen in the Federal election in September. Federal issues were freely discussed in the campaign and the unpopularity of the Bennett government contributed largely to the defeat of the MacMillan ministry. Rt. Hon. W. L. Mackenzie King and other leading Liberals at Ottawa commenting on the result expressed no surprise as it is evident the electors from one side of Canada to the other are tired of the policies which have governed the country for the past five years. Everywhere the great sweep is taken as a definite indication of what will happen in the coming Dominion voting when it is conceded that the Liberal Party will be returned with a big majority.

Students of Canadian political history have been thumbing through record books searching vainly for a parallel to the Prince Edward Island election which resulted in the Liberals capturing every seat. If preliminary tabulations are correct, there will be no opposition in the Legislature, believed unique in Canadian history.

The closest to a clean sweep they could find was in Nova Scotia in 1905 when 36 Liberals and two Conservatives were elected; and in British Columbia in 1912, when 40 Conservatives and two Socialists were chosen.

There have been landslides before where a governing party has been wiped out. In fact the Prince Edward Island election was the third in 19 months where a Conservative Government was annihilated, the Island voters following the lead of British Columbia and Saskatchewan.

But in Saskatchewan five Farmer-Laborites were elected with a Liberal block of 50 members; while in British Columbia 35 Liberals were chosen, with the remaining 13 composed of Co-operative Commonwealth Federation, Independents, one Unionist and one Labor.

The Prince Edward Island election ousted the last provincial Conservative Government in Canada, leaving only the federal administration outside the hands of the Liberals, Progressives or Farm parties. The Liberal sweep started with British Columbia, then Saskatchewan, Ontario, Nova Scotia, New Brunswick and finally Prince Edward Island.

PRIZES AWARDED IN THE BETTER FARMS CONTEST

Judging in the Better Farms Contest sponsored by the Richmond Hill Agricultural Society was completed this week and the handsome silver trophy emblematic of the best farm in the district which includes the whole of the townships of Markham and Vaughan was awarded to Clark Young of Milliken with 87 1/2 points. The farms were inspected by two judges just before haying and for the second time this week. The judges on the first visit were James Loughlin director of extension for the O.A. C. Guelph, and J. V. Smith of the Ontario Department of Agriculture. This week the judging was done by H. A. Dawson of Cheltenham, a well known farmer and grower of registered seed grain, and George Downey, well known crop judge of Bolton. In each case the judges scored separately and at the conclusion of the judging the four score cards were totalled to determine the winner.

The prize winners were as follows: Clark Young, Milliken, 87 1/2 points. Charles Witty, R. R. Woodbridge, 84 1/2 points. W. E. Watson, Woodbridge, 80 1/2 points. Arthur Evans, R. R. No. 2, Maple, 78 points. R. Stiver, Unionville, 72 1/2 points. Fred Clark, Gormley, 71 1/2 points. Stanley Keffer, R. R. Maple, 67 1/2 points.

VICTORIA SQUARE NEWSY NOTES

The world needs more commonsense men and women—just plain everyday folks who belong to the commonsense party. The motto of the New Party is this: Do unto others as if you were the others. Keep good-natured. Do not look for slights or insults. If you can't get the job you want, then take the one you can get. The only way to get a big place is to show that you are not ashamed to fill a little one. Commonsense Cultures, when in doubt, mind their own business and if they do not know what to say, do not say it when they speak of their neighbours, they mention only the best concerning them, for Commonsense Cultures know that none of us are so very good—certainly not good enough to be put in a glass case.

Thursday was the day of the big Community picnic at Ratcliffe's picnic grounds. This was a new experience for our community and the crowd in attendance showed the interest in such an affair. Games, races and contests were held for the children and women in the afternoon. The single ladies were the ones who really disgraced themselves in the days proceedings. Beaten in the afternoon by the boy's ball team they also went down to defeat against the married ladies. What's the reason! You will have your own solution! Perhaps the married ladies are receiving more practice in fighting the battles of life. At any rate they don't seem to need any new recruits for their ranks. Maybe they have the men trained to the work for the married men failed to lick their single brothers. Considering the sports, the social time and the boat rides a really pleasant day was enjoyed. May it lead to other such occasions in the future and none of our families kept home by haying. Many thanks to the W.A. Friday night on the home sport field the men's team played Milliken and Saturday they went to Ratcliffe's to play the 6th line team. The results weren't so good. What's the matter boys? Too many games in the hot weather.

On Sunday afternoon the children of the Sunday School were pleased with a number by Arthur Holder, coloured spiritual singer, in the Sunday School session. Mr. Holder was most generous with his music and sang three lovely solos, accompanied by his wife, during the church service. Mr. Gerald Lyon was the speaker for Young People's on Sunday night on the subject of worthwhile reading. George Wellman gave two guitar selections, Alec Williamson sang a solo and Misses Bessie Valliere and Viola Avison gave readings. Mr. Floyd Perkins is taking a special summer course in Manual Training at Hamilton this year. Misses Bessie and Margaret Anderson were visitors at the Avison home last week. Miss Muriel Freeland has been holidaying at the Robertson home. Bonnie is also enjoying the companionship of her twin sister Betty this week. The Willows family enjoyed a reunion picnic at Uxbridge on Monday where Mrs. Willows met many relatives. Mr. and Mrs. J. W. Brown spent a few days with Mr. and Mrs. Haig and the Bennetts last week.

HOW TO MAKE ICED TEA

Infuse six heaping teaspoons of Salada Black Tea in a pint of fresh boiling water. After six minutes strain liquid into two-quart container. While hot, add 1 1/2 cups of granulated sugar and the juice of 2 lemons. Stir well until sugar is dissolved; fill container with cold water. Do not allow tea to cool before adding the cold water, otherwise liquid will become cloudy. Serve with chipped ice.
