IMPRESSIVE REMEMBRANCE DAY SERVICES AT RICHMOND HILL

Richmond Hill paid fitting tribute on Armistice Sunday with an impressive service which was attended by a large throng of citizens from town and district. Headed by Richmond Hill Trumpet Band, York County Veterans, Boy Scouts, and Girl Guides paraded from the north end of the village and were met at the Memorial by Reeve J. A. Greene, W. P. Mulock K.C.M.P. president of the North York Veterans, Hon. Major C. G. Powers Minister of Pensions for Canada, after which a fitting service was carried out.

Led by the North Toronto Salvation Army Band the gathering joined in singing "Oh God Our Help in Ages Past," after which followed prayer and a scripture reading by Rev. E. W. Follett of Richmond Hill United Church. Hon. C. G. Powers addressed the gathering paying tribute to the sacrifice of those men who gave their lives in the war and emphasized the great loss sustained by Canada in their passing.

Rev. (Major) E. E. Pugsley of Thornhill United Church delivered an impressive and inspiring address urging that we as a people fight for peace rather than just against war. If we are to succeed our efforts must be positive, he said. He declared that in the next war, if such ever came, about everyone would be soldier. The "dollar-ten" of the private soldier would be the pay of all and everyone would be soldiers. Munition makers and everyone would be paid alike, he said, or there would be no Canadian army.

During the singing of "Lest We Forget" wreaths from the Village of Richmond Hill, Province of Ontario, Women's Institute were laid on the memorial by Mrs. J. A. Monkman, Mrs. C. N. Cooper and Mrs. William Cook.

The ceremony was brought to a close with the National Anthem and the parade formed up and marched northwards the salute being taken at the radial station by Hon. C. G. Powers and W. P. Mulock M.P.

Man—"My wife always gets historical when I stay out late at night." Friend—"Hysterical, you mean." Man—"No, historical. She digs up all my past."

LETTERS FROM THE PEOPLE

DEPLORES DIMINISHING REVENUE OF CAR LINE

Richmond Hill Nov. 11th, 1935 Editor of The Liberal, Sir:—

I was interested to read your comments last week on the transportation question and also interested in the figures reported in your news columns showing results of operation of the radial line.

Like yourself, I was among those who voted for the purchase of the present line and at that time was very firm in my conviction that its retention was a necessity for the district. However, I now frankly admit that I have been disappointed in the patronage which has been extended to our radials. I have observed that residents of Richmond Hill and district use the cars as a mode of transportation only as a last resort. It looks as only when every other means of transportation has been canvassed and failed folks condescend to buy a ticket and ride on the cars.

Frankly I can see no just reason for the steadily diminishing revenue as shown by the reports published in your paper from time to time. If people do not like radial transportation we are paying dearly for providing something which our people do not want.

I think something should be done at once to improve things somewhat that radial service will be more popular with our people, and I congratulate The Liberal on its interest in this question of such vital importance to all our citizens.

TAX PAYER SUGGESTS LOWER FARES

Langstaff, Ont. Nov. 9th, 1935 Editor, The Liberal, Sir:—

In your last issue you drew attention to the radial question and the reduced income of the line. If you want a solution as you say I can give it to you. The fares are too high. By hitch-hiking a ride, as you call it, I can save more money than I have made in most days in the past five years so can you blame me for "thumbing" for a ride. If the fares

weren't so high we'd jump right on the car and not bother wearing out our thumbs in the cold and rain. But with the present fares we make good money "thumbing." In these days when thirty-five cents looks as big as thirty-five dollars used to we have got to make the best of things as we find them, so we thumb a ride to save the fare. Cut the fares Mr. Editor and you will have more passengers. Why not look up fares paid in suburban areas of cities in England and United States and compare them with what we pay up here on North Yonge Street.
