Only nine more shopping days until Christmas.

A year's subscription to The Liberal makes an ideal Christmas gift, one that will be appreciated 52 weeks in the year. Attractive gift cards with each subscription.

We know what's the matter with business. The economic experts have had it turning corners so long it's dizzy.

Have you ever heard this one: "At the earnest solicitation of my friends I have been persuaded to enter the race."

This is the time Mr. and Mrs. Moth decided they really can't put up with the old location any more and move from the heavy underwear to an elegant new location in the bathing suit.

An effort is being made to organize a girl's hockey team in Aurora.

An advertisement is an invitation. Deal where you are invited and patronize those merchants who extend an invitation to you through the columns of The Liberal.

Modern progress is indeed wonderful. It has made it possible for a man to get indigestion and a remedy for it at the same drug store.

On the old-fashioned, narrow highways, just wide enough for two cars to pass, many a time a couple of cars would collide. But now they're building highways much wider, enabling three or four cars to smash at one time.

The home appears to have lost the control that it once had over children, and now depends, on the school to teach good manners, respect for elders and spiritual development. Kenneth G. B. Ketchum, headmaster, of St. Andrew's College, told the Board of Trade Club at its weekly dinner recently in the King Edward Hotel, Toronto, "Good manners, respect for elders and the ability to mix with others are things that are not inherited but rather have to be learned," Mr. Ketchum declared.

"Water is a light coloured, wet liquid, good for man or animal. It turns dark when you wash in it." This was handed in by a pupil when the teacher asked the class to write a short story on "Water."

The business man who found himself on the receiving end of this hot one is still pondering. A small boy was loitering near the apple box in the store and longingly eyeing the contents. Watching him for a while the grocer finally asked him if he was trying to take an apple. The lad replied, "Naw, I was just trying not."

Streamlined turkey that looks like a duck is the goal of United States Department of Agriculture scientists in a series of experiments. The type of turkey, is realized, will be—bad news for Willie—smaller legs, good news for Dad—broader backs, and with great news for the entire family—plump breasted bodies.

The reason there are not better ideas to solve our problems is that folks have discovered that the concentration necessary to evolve a medium sized idea is as much a drain on energy as lifting a two hundred pound sack of salt. So most people go back to their puttering or moderate physical effort and growl about the intellectuals being a lazy lot.

Letters From The People

THINGS TO BE THANKFUL FOR

Richmond Hill,
Dec. 1st, 1935

Editor, The Liberal
Sir:—

I just want to write to you to say how thankful people of Richmond Hill should be for at least two things. First was the big majority against selling beer by the glass here and the other was the banishing of slot machines. Beer parlors are not an asset to any community and I think the slot machines were a real curse. I know the business men who had them as well as all citizens should be glad that they are gone. Why authorities tolerated them so long was a mystery to me. Now if we could just clean up the menace of the illegal sale of intoxicants in the district we could call it a good year. I would humbly suggest that that very splendid organization which carried the wonderful victory against the beverage rooms keep up their efforts now and clean up the bootleggers.

WANTS COUNTY COUNCIL GIVE SOME CREDIT

Unionville, Ont
Dec. 2nd, 1935

Editor of The Liberal
Sir:—

I always enjoy getting The Liberal which I count as one of the newsiest and best home papers I have ever read. I note that you are always glad to take a rap at the County Council and while in much of your criticism of that body and their needlessly long sessions I heartily agree. I think they might merit some praise from your pen when we note the fine financial showing made this year by them and reported in your last issue. I think any body which can balance its budget in these times deserves some praise. Give them a break, Mr. Editor, give praise where praise is due.

"A READER"

Note: We certainly are pleased with the news that the County Council has balanced its budget, however, we cannot give too much praise to members of the County Council. Unless we are mistaken it was not until the bank absolutely laid down the law and started dictating the financial policy of the county that county financial affairs were put in order, and spending kept within the budget. (Ed)

SOCIAL CREDIT

Editor of The Liberal
Sir:—

W. A. Tutte, student and writer on economic problems, has become an endorser of Major C. H. Douglas' Social Credit proposals for Canada.

It is difficult to discuss any issue that bears upon political service. Yet the urgencies of life demand from us such contribution as we may be enabled to make for the national up-buildings of our people. May I ask from your readers a patient study of an issue which at least attempts to place before the people of Ontario, a statement by a student and writer of economic issues, dealing with one of the life problems of our citizens that will aid them to better judge the practical outcome of new lines of service which will affect the well being of the community by their adoption.

W. A. Tutte of Vancouver, one of Canada's best students and writers on economics, has followed the Social Credit teaching of Major C. H. Douglas of Great Britain, the outstanding exponent of a better way of supplying the national requirements of the people of Great Britain. Impressed with the soundness of Major Douglas' teaching Mr. Tutte has discussed their application to the economic problems of our people here in Canada.

In a book of three parts in twenty chapters Mr. Tutte has dealt with the many sided questions which arise out of Major Douglas' proposals, as they will affect our people here in Canada, with a clearness of statement that is helpful to all the students of the problems we have to meet.

Personally I have tried to understand and to judge the soundness of the arguments and statements, which Mr. Tutte has placed before the people of Canada, with their application to our own national and social needs. By so doing I have also become convinced of the sound reasoning of both

Major Douglas and of W. A. Tutte, believing that the application of the principles and methods of both these outstanding leaders of Great Britain and of Canada can do much for the advance of sound thought of our people and the final adoption of a new and highly worthwhile system of Canadian development.
Henry Moyle.

CARRVILLE

The Carrville school children are very busy practising for their annual Christmas concert which is to be held on Thursday evening, Dec. 19th. This promises to be a very good concert, so keep this date in mind.

Miss Dorothy Durie spent the week-end with friends in Toronto. Mr. and Mrs. Howard Burton of Toronto visited at Mr. Les Burton's on Sunday.

The W.A. of Carrville Church met Wednesday afternoon in the church. Mr. and Mrs. Cyril Baker have closed their house and moved to Toronto for the winter months.

Mr. Douglas Cranmar of Griffen, Sask., is visiting at Mr. W. Reaman's. Mr. Jack Oliver and Miss Sadie Middleton spent Sunday at Mono Mills.

Mr. and Mrs. D. Middleton took tea at Mr. J. Barton's on Sunday. Mr. Walter Reaman, Miss M. Reaman, Mrs. E. A. Baker and Walter spent Friday afternoon with Mr. and Mrs. Dan Reaman at Concord. Mr. and Mrs. Bert Middleton and baby Marion spent Sunday with Mr. and Mrs. Walker at Edgeley.

A number of the Y.P.S. of Carrville attended the League Rally in Toronto on Monday evening.

Life, a wonderful adventure, an empty dream, or a continual round of pleasure! Whatever it is, it's nice.
