FORTY YEARS AGO

From Our Issue of Dec. 12th, 1895
The High School during the short day season will close at 3.30 instead of 4 o'clock. This is to enable those pupils driving from a distance to get home while it is daylight. The half hour is made up by shortening the noon allowance and afternoon recess.

The Curling Club met on Tuesday evening and appointed the following skips to play for the Smith medal: Messrs. W. H. Pugsley, J. Palmer, Wm. Atkinson, H. A. Nicholls, M. Boyle, Rev. J. Vickery.

The new English Church at Maple will be opened next Sunday, the 15th. There will be services at 10.30 a.m., 3 p.m. and 7 p.m. Rev. C. H. Shortt, Toronto, will conduct the services morning and evening, and Rev. F. C. C. Heathcote will conduct the afternoon service.

At the recent meeting of the County Council the Metropolitan Railway asked for and received an extension of time to November next to extend the electric railway to Richmond Hill. The extension was built on the understanding that the Company would give a bond of \$1,000 that the line would be built inside of a year.

A beautiful large skating and curling rink has been almost completed at Thornhill and will be opened in the near future by very prominent men when we trust a large crowd may patronize the venture so ably carried out by the Company to completion.

Mr. James McDonald, a most respected citizen of Maple, passed away on Saturday after a lingering illness. The remains were interred in Maple cemetery on Monday after which Rev. A. Bedford preached a very impressive sermon from the 23rd Psalm.

THIRTY YEARS AGO

From Our Issue of Dec. 7th, 1905
Mr. Carnes Marsh has sold the old homestead, the property of the late Robert Marsh. A gentleman from Kingston is the buyer.

The Board of Education met Friday. Mr. J. H. Sanderson resigned the position of trustee, and Mrs. Wiley resigned the position of teacher in the junior department of the Public School after having held the position for 29 years. Both resignations were accepted. Mrs. Lillian McConaghy was engaged to fill the position vacated by Mrs. Wiley at a salary of \$275. The Board adjourned.

The Hockey Club have re-organized with the following officers: Hon. President, J. H. Sanderson; President, J. Glover; 1st Vice-President, A. Boyle; Secretary, I. H. Sanderson; Treasurer, A. G. Savage; Captain, G. Sims; Committee of Management, R. Goode, A. Glass, J. Naughton.

SCOUTS

HOLLAND ASKS NEXT WORLD SCOUT MEET

Holland made a bid at the International Scout Conference for the World Scout Jamboree to be held in 1937. Decision will be announced early in November.

TRAINING JUNIOR FIREMEN

Selected Boy Scouts of Blackpool, England, are being trained for their Scout Fireman's Badge by the Superintendent of the Blackpool Fire Brigade. They will serve as an emergency section of the department. Similar training is given Canadian Boy Scouts by many local fire chiefs.

MORE SCOUTS LESS JUVENILE CRIME

Addressing a Scout gathering at Kenton, England, Magistrate Charles declared that if there were more Scouts in the country there would be less need for reformatories, and fewer cases in the juvenile courts, the number of which at present was very disturbing.

SCOUTERS OF 24 NATIONS MEET

Delegates from twenty-four nations attended the 8th Biennial International Conference of Scout Leaders held in the Parliament Buildings at Stockholm in August. The assembly was opened by H.R.H. Prince Gustaf Adolf, President of the Swedish Scout Union, and was addressed by Lord Baden-Powell.

TROOP SHIP TO HAVE DEEP SEA SCOUTS

So impressed were the officers of the troop ship Nevasa with the bearing of the 1200 British Rover Scouts carried to and from the World Rover Moot in Sweden this summer that it was decided to form a Deep Sea Scout unit among the officers aboard. One of the officers was invested as leader.

TWO TYPES OF DISCIPLINE

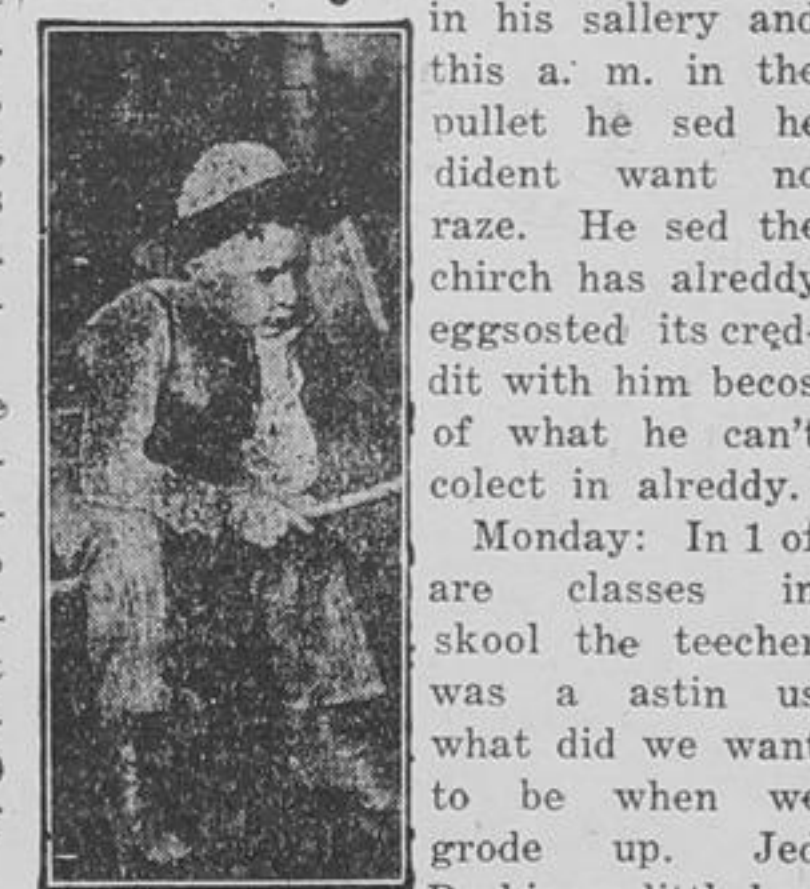

An interesting comparison of two

types of discipline,—military, and that of Boy Scouting, which is self-imposed, as part of the Scout code,—was provided officers of the troop ship Nevasa, chartered to carry some 1200 British Rover Scouts to the World Rover Moot in Sweden. The comments were distinctly in favour of the Scouts. Other comments were that the Scouts "settled down" much more quickly than the soldiers, and that they ate "half as much again."

COMMUNITY CHRISTMAS TREE
Arrangements for Richmond Hill's annual community Christmas tree were left in the hands of councillor James McLean. As usual a decorated tree will be placed in front of the municipal hall, Yonge Street.

In short, German atrocity stories were true during the war, untrue after the armistice, and now true again.

World's Greatest Plague Being Overcome

Not so many years ago, consumption was the world's greatest scourge. It is still a deadly menace but not so potent because of the effective means which have been taken for its prevention and cure.

The physician, the dietitian and the sanitation expert have all combined and with the aid of the sun and fresh air and rest, have materially checked the great inroads which tuberculosis made upon our population.

The National Sanitarium Association operates the Muskoka Hospital for Consumptives, the Toronto Hospital for Consumptives and the Queen Mary Hospital for Consumptive Children, which combined have a total capacity of just over 1,000 beds. They are thoroughly equipped and have all facilities for the modern treatment of this disease, and it is largely through their efforts that the death rate from consumption has been so greatly reduced.

These hospitals are not operated for the well-to-do but are maintained solely for the poor who are afflicted with tuberculosis and are without means to pay for their treatment and care.
