About thirty of the members and friends of the Women's Association of the United Church, inornam, gathered at the home of Mrs. N. J. Johnston, Colborne St., on Wednesday afternoon to do honor to her mother and father, Mr. and Mrs. H. Connel on the occasion of their forty-third wedding anniversary. After enjoying a brief programme to which Miss M. Lechin and Mrs. Armstrong contributed instrumental and vocal solos, the pastor, speaking on behalf of the women's association, lauded Mr. and Mrs. Connel on their happy achievement of such an extended period of married life and Mrs. K. Simpson presented Mrs. Connel with a Life Membership Certificate in the Women's Association. On behalf of Mrs. Connel and himself, Mr. Connel very suitably repaid thanking the ladies for the honor done Mrs. Connel in this highly prized Life membership. Mrs. Connel also added a few words of thanks on her own behalf.

Following this Mrs. W. B. Oke read a brief address and Miss Fannie Bowes presented a copy of the hymnary to Mrs. Geo. Rowbottom, marking her attainment of seventy years of life and her long service to the Women's Association Mrs. Rowbottom suitably replied. A very lovely tea, including fine wedding cake for the Bride and Groom was served by the ladies and brought a happy afternoon to a close.

"DAMAGED LIVES" SHOWN HERE MON

The Canadian Social Hygiene Council will bring "Damaged Lives" to Masonic Hall, Richmond Hill, on Monday, April 6th, one day only. With the picture there will be added a lecture dealing with the anatomy and physiology of reproduction and giving detailed information as to the technical aspects of Venereal Diseases.

The Canadian Social Hygiene Council is a national association carrying on health education work in all phases of health throughout the whole of Canada. The Council has as its aim the emphasizing of the need for prevention in order that the extremely high costs of unnecessary illness throughout the Dominion may be avoided. While the cost of the Great War was approximately 400 million dollars a year for four years, the cost of illness in Canada, including the cost of post-ponable death, is estimated to reach more than three times this amount every year, namely \$1,311,000,000. The Council's publications state that 180,000 people (2% of the entire population) are constantly ill and unable to work. The Council has taken an interest in such matters as pasteurization of milk, prevention of diphtheria, periodic health examination and the establishment of County Health Units.

The Council was responsible ten years ago for the establishment of the first grants for health purposes to be made to the Provinces, namely the Venereal Disease grants amounting to as much as \$200,000 a year. These grants have been given continuously until last year when the grant of \$100,000 for the support of Venereal Disease clinics was withdrawn from the Dominion estimates, in addition to the grant for the Council's own activities.

It was hoped that a grant of \$200,000 would be made by the Dominion Government to the Provinces for the establishment of County Health Units. This grant has not materialized as yet owing to the depression.

The Council emphasizes the fact of high, unnecessary hospital costs. The statement is made that in the Venereal Disease field alone, largely because of the intensive work of the last ten years by the Council, a great many hospital beds which were filled because of the end results of Syphilis have been freed. General Paralysis of the Insane, heart disease, early apoplexy, bone syphilis, blindness, congenital syphilis are some of the results of the spread of these diseases which have diminished in virulence very markedly since this work was commenced ten years ago.

The film "Damaged Lives," with its supplementary lecture, constitutes a remarkable example of the extent to which the education of the people is possible.

"Damaged Lives" constitutes a part of the educational programme for the eradication of Venereal Diseases carried on by the Canadian Social Hygiene Council throughout Canada.

CHICKS WEIGH

1 1/2 Lbs. Each AT 6 1/2 WEEKS

BRAY chicks surprise even those of us who are working with them all the time and know how good they are. On the Bray Poultry Farm at Bronte, Ont., the other day, we weighed a bunch of New Hampshire chicks, just 6 weeks and 4 days old. They AVERAGED 1 lb. 8 oz.—1 1/2 lbs. at less than 7 weeks!

New Hampshires are fast-growing birds, of course. But on the same day, we weighed a bunch of White Leghorn chicks, just a week younger—5 weeks and 4 days. They AVERAGED 1 lb. 4 oz.—1 1/4 lbs. at less than 6 weeks!

Bray customers see the same rapid growth in their flocks. Mrs. Harry Barton, Embro, reports her Bray Barred Rock cockerels reaching 2 lbs. at 8 weeks. Remember, we don't claim anything we can't prove, and that our customers aren't glad to help us to prove. Call, write or phone for our 1936 catalogue.
