## O. A. C. Graduate Pays Tribute To Work of the Junior Farmers

The Liberal extends congratulations to Charles Watson, son of Mr. and Mrs. J. W. Watson, Donvale Farms, Todmorden, who has successfully completed his course at the Ontario Agricultural College, Guelph. In 1933 he won the "Ralston Purina Scholarship" and he has had a very successful career as a student at the Guelph college. In his freshman year he was awarded the Group 4 Scholarship in Poultry, Apiculture and Horticulture. He was a leader in the Animal Husbandry Club as he was able to use to advantage the experience he gained as a participant in calf club and county judging competitions. Asked for his opinion regarding junior farmer work, Charlie gave the following reply: "I know the agricultural short courses and Junior farmer clubs in Ontario are wonderful incentives to young people who are really interested in good farming, and I feel I owe my progress to these. I enjoy the work very much. The monthly meetings provide both knowledge and entertainment and the various activities of winter and summer stimulates continued co-operation amongst all the members." Charlie makes a hobby out of showing livestock and has exhibited regularly at the Markham and Agincourt Fairs, also in the calf club competition at the C.N.E. and in the open class at the Royal. He favours Ayrshires but is also interested in Clydesdales, Barred and White Plymouth Rocks, Toulouse Geese and Rouen Ducks. He is in his 22nd year and has lived all his life on the farm purchased by his grandfather in 1831.

## YORK COUNTY TO BALANCE BUDGET FOR YEAR 1936

Canada's fourth largest assembly, the York County Council, is in session at the County building, Adelaide Street East, Toronto, this week. The session opened Tuesday and the feature of the session thus far is the announcement that for the fourth consecutive year York County will have a balanced budget.

The interim report on county finances for the first five months of 1936, presented to the Council today by Treasurer W. W. Gardhouse shows that the funds are well within the allocation for that period.

Controllable expenditure for the five months was \$197,523, or 41.22 per cent. of the amount budgeted for the year, while uncontrollable expenditure stood at \$623,867. The latter figure represents items to which the county is committed for the entire year. Actual expenditure up to May 31 stood at \$259,944, or 41.35 per cent. of the year's budget. The total expenditure for the period was \$457,468, or 41.29 per cent. of a budget of \$1,107,887 for the whole year, leaving \$286,496 as the unexpended portion. A surplus of \$1,353 to date this year, and a balance carried forward from last year, gives an accrued surplus to date amounting to \$27,873.
