Truck Driver's Manners Offer Example For All

COURTESY ON HIGHWAYS PARAMOUNT TRANSPORT OFFICIAL DECLARES
Lauds McQueen

Toronto, July 14.—To say that a motorist has "the manners of a truck driver" is no longer an expression of contempt, but is actually a desirable compliment, because the manners of transport drivers—in Ontario at least—have reached a point where they offer a profitable example to the average motorist, according to George E. Parkes, St. Catharines, who last night was elected president for the ensuing year at the annual meeting of the Automotive Transport Association of Ontario in the King Edward Hotel here.

He declared that the Ontario minister of highways, Hon. T. B. McQueen, had put his finger on the crux of the whole problem of highway safety when he launched his current educational campaign to promote courtesy and consideration between drivers.

"The safety of life and property involves much more than the mere effort of the individual motorist to avoid mishaps to himself," Mr. Parkes said.

"It must spring from a definite desire of motorists to make driving pleasanter and easier for each other, and I heartily recommend to every driver Mr. McQueen's profound slogan 'Try Courtesy'."

In presenting diplomas to 175 transport drivers who had fulfilled a pledge to have no accidents between March, 1935 and March, 1936, Mr. Parkes observed that courtesy meant much more to transport drivers than mere ceremonious etiquette. It was a real, practical thing which expressed itself in a helping hand extended to the stranded driver wherever he might be met. It had earned for transport drivers the reputation as the modern prototype of the original Good Samaritan.

Only motorists who had been stranded on some lonely stretch of highway, and had been passed by dozens of unconcerned "fellow" motorists, finally to be rescued by an overalled truck driver, realized the spirit of helpfulness that transport drivers generally manifested on the road. Under the seats of all trucks there were flares, tow chains, fire extinguishers, and tools which were always at the disposal of one who might be in need.

The 175 drivers with the clean record were among 200 who had voluntarily enrolled for a year's test and who had travelled 6,338,000 miles (averaging more than 30,000 miles per driver) without a serious mishap, Mr. Parkes announced. There had been no fatal accidents whatever; only two in which people had been injured and even then not seriously; and but 60 "property damage" mishaps, almost all of which had amounted to less than \$10.00.

MAJOR BOWES AND HIS INCOME

Major Edward Bowes of "Alright, Alright" an income of \$650,000, divided like this:

Income from short subject motion pictures, Major Bowes, clocks, games, etc., \$52,000; salary as managing director of the Capitol theatre, \$52,000; income from 14 travelling units of amateurs, estimating an average of \$500 a week from each, \$364,000; salary from the amateur hour program, \$182,000.

To an interviewer, Major Bowes, who is about 62 and overweight, said:

"I consider my financial affairs to be my own concern. I can tell you that estimates that I'm making more than a million a year are gross exaggerations.

"It's no picnic, this job of mine. I have 14 units on the road now. They are a bunch of young mustangs that don't understand the show business, and keeping them working on schedule is one of the greatest theatrical enterprises in history.

"I give 600 auditions a week. I have to prepare my Sunday morning broadcast. I have to put on my Sunday night amateur hour, I get 1500 letters a day. I've started a new radio magazine and sold 165,000 copies the first month. I'm having 350,000 printed for the next number."

Major Bowes came to the amusement world from the real estate field. He owned extensive real estate in San Francisco before the earthquake and fire of 1906. His amateur hour was pretty much of a local affair until last March, when it was taken over by a coffee company. He purportedly received \$3,500 weekly from the company.

For those that are too young to remember what horse blankets looked like, it might be explained that their patterns generally were similar to those of men's shirts this summer, except that the horse garb was usually a little more conservative.

Letters From The People

HAVE WE A CHRISTIAN CIVILIZATION?

Aurora, Ont., July 13, 1936.
Editor, The Liberal
Sir:—

The recent case where two youths of sixteen years were sentenced for a hold-up to five years in the penitentiary and ten lashes will only confirm that large section of modern youth which is definitely in revolt against the so-called civilization to which they found themselves born and with this mill-stone tied around their necks it perhaps would have been better for these two if they never were born since the chances will be at least a hundred to one that they will come out of Kingston definitely embittered against society and I for one would not put the blame on their shoulders.

Ironically enough these lads will be compelled to attend the prison church each Sunday to have Christian principles expounded to them just as Italy is arranging to send scores of christian missionaries to Ethiopia after civilising them. Is it not plain that such a sentence given judiciously by a mature adult may be a greater error of judgment than the original crime of these mere boys and involve a greater menace to society.

In the name of our common humanity I wish to protest vehemently and trust that those who feel the same way about this matter will also put themselves on record. How about it fathers and mothers who like myself have a young man growing up. Let's hear from you.

J. R. HARRISON.
Aurora, Ontario.

CONCORD

An Ice Cream social was held on the lawn of Mr. and Mrs. Arthur Evans, Concord last Wednesday night, July 8th in honor of the bride and groom, Mr. and Mrs. Ernest Evans, who were presented with a lovely Chime Clock and an Electric Toaster, also a Boston Bull Terrier dog, given by the charivari boys and girls.

Miss Ruth Reaman read the following address:—

To Mr. and Mrs. Ernest Evans: We, your friends and neighbours, have gathered here tonight to offer you, Evelyn and Ernest, our heartiest congratulations upon your recent marriage. We wish you the greatest joy and happiness in your future life.

You have grown up among us and have both been favourably known in our community. We hope that the pleasant relationship existing among us may always continue.

As a tribute of the esteem in which we hold you we ask you to accept these gifts as a mark of our friendship. When you use them we hope that they will remind you of the high regard in which you are held in this community.

Evelyn and Ernest we extend to you the very best wishes of this community in your future life. We shall follow you with our interest. We shall rejoice with you in your success. We shall sympathize with you in your sorrows. We hope God's richest blessings will be yours.

Signed on behalf of the Charivari Boys and Girls.

Mr. Wilfred Bowes, Warren Reaman and John Baker made the presentation. Ernest thanked them all in a very amiable manner and in his jovial way wished to show them their appreciation of all this kindness. Evelyn also added her thanks in a most kind and appreciable manner after which they all joined in singing he's a jolly good fellow, then lunch was served, followed by all the lemonade, ice cream and watermelon and everything that goes to make a party a success. Then into that spacious kitchen which all know so well and enjoyed dancing until the small hours of the morning.
