General News & Views

For people who complain so much about the cold in the winter, we certainly complain a lot about the heat in summer.

A contingent of twenty thousand rainbow trout was deposited in the east branch of the Humber River just north of Hicks' Dam, Pinegrove, by the Game and Fish Department of the Ontario Government.

It's not so many months ago that people were kicking about the extreme cold and the heavy fuel bills. Looking back now at such a condition, the retrospect is not unpleasant with the mercury standing in the vicinity of the century mark.

An Order-in-Council, fixing Monday, Oct. 12, as Thanksgiving Day, has been passed by the Dominion Government.

A steady hand at the wheel may mean two less hands in the morgue. Drive carefully at all times but especially during the summer season when traffic is heaviest, says the Fort Erie Times-Review. In its "Try Courtesy" campaign the Department of Highways is striving to instil this idea of care and steadiness in driving. Every motorist should pay heed to the good advice given.

A rich American tourist got lost in the Highlands of Scotland. He wandered about all day, suffering unusual hardships and hoping for the sight of a human being. On towards night, he was rewarded, when he came across a man in kilts. "I'm lost," said the tourist. "Aye, I ken that," answered the Scot. "But have they offered a reward for ye yet?"

A cheering thought. It is prophesied that the winter of 1936-37 will be the most severe this country has ever seen.

Popper Dionne has crashed the sports pages of the New York papers. One enterprising headline writer, following the birth of the 12th child, captioned the story "Dionne Singles."

Testing of cattle in York County in connection with the establishment of a tuberculosis-restricted area has commenced by two inspectors of the Dominion Health of Animals Branch. Testing commenced at Caisreville with one inspector working south into Etobicoke township and the other north along the Peel boundary into Vaughan township. More inspectors will be available later when retesting is completed in Peel and Halton counties.

The projected north and south highway which is to parallel Yonge Street west of Toronto will be a 100 foot right of way capable of development into a four-lane road, Department of Highways officials have said.

Minister of Highways, T. B. McQuestion has announced that he will call for tenders almost immediately on this right of way. These tenders will be for a three-lane highway. The road will go by way of Brown's Line through Kleinburg, Nobleton and Schomberg to Barrie.

Work on the grading, it was reported at Queen's Park is expected to commence this fall and the authorities plan to have the new road well on the road to completion before the end of next year.

In imposing penalties amounting to \$25,000 against a motorist whose car was involved in an accident in which one man was killed and several severely injured, Justice W. H. Black of the Bronx Supreme Court, classed reckless and drunken drivers as "murderers at heart." "In these days of callous and reckless disregard for human life," Judge Black said, "the court is moved to remark that, at least as far as his victims are concerned, the man who drives a car while he is under the influence of liquor or who disregards the most obvious traffic signals and who 'hogs' a highway at early morning when there is no traffic in sight; who drives on the wrong side of the road; who fails to give the right of way to the car coming from his right, or who gambles on his mistaken ability to 'get by' with any sort of foolish driving, is every whit as much a murderer at heart as a man who kills with knife or firearm."

WAY BACK IN LIBERAL FILES

FORTY YEARS AGO

From our issue of July 23rd, 1896
A fine day, a large crowd of spectators, good scientific lacrosse, and a victory by a score of 6 to 4 for Richmond Hill, were the characteristics of last Saturday's game between Polton and Richmond Hill on the latter's ground.

The head coachman of Mr. Wm. Mulock, the new Postmaster General, passed through the Village on Tuesday with a number of driving horses en route for the North York farm and summer residence.

Village Inspector Brownlee has just finished laying down a first-class asphalt floor in Agricultural Hall. The floor appears to be perfectly level, and there will be no danger of the water coming in as it did on the evening of last 24th of May. Mr. Brownlee and an assistant were at the job for 23 days. Besides 40 cubic yards of sand and the same amount of gravel, 27 barrels of coal tar have been used at a cost of -4.80 a barrel. Counting the material and labor the floor has cost over \$200. Of this amount \$50 will be paid by the Agricultural Society, the balance by the Village Council.

The Board of Education met yesterday afternoon. Members present: Messrs. Naughton, Switzer, McDonald, Storey, Newton, Harrison, Palmer and McConaghy. An account from T. F. McMahon amounting to \$13.60 for supplies furnished for Departmental Examinations was read and ordered to be paid. Messrs. A. Newton and J. Switzer reported having seen the High School Inspector relative to providing better accommodation. Among other requirements the Inspector insists on better heating and better ventilation in the High School. A resolution was carried to make an assessment of \$300 for High School purposes for the ensuing year. On motion a committee was appointed to make inquiries as to the cost of putting in a furnace for the High School. The Board adjourned.

THIRTY YEARS AGO

Carpenters have commenced building the new James Bay Railway station at Richmond Hill. The new structure will add considerably to the appearance of the East side.

Mr. John Knowles was on Monday elected by acclamation, Mayor of Aurora, succeeding Mr. F. T. Daville who was recently appointed sheriff of York.

Mrs. Page of Concord has purchased a lot from Mr. David Gray, directly north of the latter's residence, and will erect thereon this summer a brick clad dwelling for which plans have already been drawn. Mrs. Page and daughters will remove here as soon as their new home is finished.

Mr. Harry Blanchard and Mr. John Startup have been overhauling the Village tanks and putting them in proper condition. A few days ago they uncovered the two large tanks opposite the Public School, cleaned them out, put new tops on, and had them refilled with water. The south tank was placed in position over 30 years ago, and the lumber is in very good condition.

Jefferson Football team played a friendly game with Richmond Hill here on Friday evening with the local team the winners. The game was refereed by Mr. A. Hart of Jefferson. The line-up was as follows:—Jefferson: E. Cooney, goal, J. Campbell, V. Jones, J. Jones, J. Phillips, J. Grady, F. Grady, S. Wilson, H. Hopper, F. Lyons, H. Sackfield. Richmond Hill, D. Atkinson, goal, F. Burnett, A. Watson, L. Soules, W. Trench R. Goode, G. Topper, Wyc. Trench. J. Glover, F. Grady, B. Newton.

In looking over the minutes of the last village council meeting of Bolton as appeared in the Enterprise last week we noticed the following motion: Moved by Mr. Armstrong and seconded by Mr. Westlake—That several complaints having come to the council complaining that young ladies and young men are coming to the village with their bodies not being properly covered, that they be notified through the Enterprise that this council will not tolerate this in future.

The 7th annual basket picnic of the Peel and Halton Old Timers Association of Manitoba was held at Souris, Man., on Wednesday, June 24 with 125 in attendance.

NEWTONBROOK

Mrs. Glen Shaw and daughter Miss Margaret Shaw returned home last Thursday from a two weeks' holiday at Georgian Bay.

Rev. and Mrs. A. H. Halbert motored down from Alcona Beach last Monday and made some calls on sick folk.

Mr. and Mrs. W. D. Murchison have returned from their honeymoon spent in U.S.A.

The Young People's Union of Newtonbrook United Church held a picnic to Innisfil Park at Alcona Beach last Saturday and spent a most enjoyable afternoon. A baseball game, races, contests, swimming and boating were the chief attractions. Miss Freda Copeland was winner in a ball throwing contest, Mr. Irwin Brown in a blindfold race, Miss Ruth Allan in the young ladies' race and Mr. Raymond Round in the young men's. Supper was served in the shady grove at the Point and all did ample justice to the good things with an abundance of watermelon and ice cream for the last course. It was an ideal day and an ideal place for the picnic and everyone had a happy time.

Mr. and Mrs. Norman Anderson accompanied by Warren, Norma and Lorna Anderson and Miss Gladys Riddell spent the weekend at Wasaga Beach.

Farmer (to new hired hand from the city)—Now, when you are attending to these mules, I warn you not to approach them from the rear without speaking to them first.

New Hired Hand—Why is that, is it a question of etiquette on the farm?

Farmer—No, it ain't a matter of etiquette a-tall. But one of them mules is liable most any time to kick you in the head, and I don't want any lame mules round here to wait on.
