WOODBIDGE DISTRICT NEWS

Pine Grove Cottagers Hold Community Meeting

A few years ago a parcel of property adjacent to the Little Humber at Pine Grove was sub-divided and since then a good sized Village of Cottage Dwellers from the City has been established. This colony is conducted entirely with a community spirit "All for one and one for all," it is safe to say. At present a community dam is being constructed with Fred (Tom) Hickey in charge. A meeting held at the site of the dam where about 50 of the cottagers were present, plans were made and funds raised for the continuation of the dam's construction when it is expected a swimming pool will be ready for use in a few days. Active members of the Committee are W. W. Gillespie, chairman; J. Galbraith, Treasurer; Frank Searle, Secretary. Other leading men in the community are, Robert Fraser, J. Jacksie, A. Bryant, Captain Geary V.C., Tom Hickey, E. Darling, T. Joyce, B. A. Brestow, J. Windross, J. A. Creighton, R. Mitchell, J. J. Gahagan. While all the homes are attractive special mention should be made of the beautiful surroundings of the homes of Mr. Windross, Mr. Gahagan, Mr. Galbraith, Mr. Day and Mr. Fraser, the latter having won the special home surroundings prize offered last year by the Woodbridge Horticultural Society. Mr. Fraser took a piece of acreage of the swamp class and made it a veritable garden of lilies and roses with fish ponds and everything possible to make his home surroundings attractive.
