General News & Views

You are invited to attend the Mulock Picnic at Woodbridge, Saturday, August 22nd.

Dangerous question: "How's your garden?"

There was a heavy traffic over Civic Holiday but there was no serious congestion on Yonge Street.

The tons of beeswax used in automobile manufacturing require the labors of 93,000,000 bees.

An impulse that isn't irresistible is one to call up your dentist to make a date to have a tooth filled.

A citizen is a man who demands better roads, better health services, better schools, better houses — and gets higher taxes.

The machine age hasn't entirely robbed us of exercise. We can still get plenty of work removing the cellophane.

Many stories are in circulation about the tricks practised by those on relief, of which the following is an example, vouched for by an American newspaper: "A relief official took a load of supplies to a Colorado farmer and investigated a report that the farmer drove a car, but the farmer said he drove one only when it was loaned to him by his brother-in-law's sister, who sometimes let him drive it. After the official left, the man chuckled with glee that the investigator had not stumbled onto the fact that his brother-in-law's sister was his wife."

A market for at least 200,000 houses has been lost permanently in the States, it is estimated, as the result of approximately 100,000 persons having given up permanent homes to live in automobile trailers. In such affairs, apparently, these meandering families live throughout the whole year, touring northern roads during the summer and moving to Florida, California, or some other warm clime when autumn frosts begin to appear.

During the 1936 tourist season alone, it is expected that nearly a million Americans will be leading the lives of gypsies. Trailer manufacturers are helping the trend along with radically improved and compact new sleeping models.

It is always better to be thought a fool than to open your mouth and remove all doubt about it.

A newly married woman was shopping, and was determined that the grocer should not take advantage of her youth and inexperience.

"Don't you think these eggs are very small?" she said critically.

"I do," answered the grocer, "but that's the kind the farmer sends me. They are fresh from the country this morning."

"Yes," said the shopper. "That's the trouble with those farmers. They're so anxious to get their eggs sold that they take them out of the nest too soon!"

Up in School Section Number 11 East Gwillimbury they take their school matters seriously. A meeting called last week to discuss the proposed dismissal of the teacher following a poor showing of her entrance class ended up in a fist fight. The meeting by a vote of 33 to 12 finally endorsed the reappointment of the teacher.

All of which goes to prove that a job in the teaching profession these days is something to fight over.

The annual Flower Show in many towns throughout Ontario has been cancelled this year owing to the scarcity of good flowers following the drought.

The blueberry crop around Washago has been almost totally ruined by the long dry spell.

A hail storm last week did considerable damage in the Bradford district. Quite a number of oat fields were damaged and on some sections of the marsh onions fifteen or more inches in height had the tops cut off. During the storm hail the size of marbles fell.

Orval E. Storey, Highway Traffic Officer, Owen Sound, was instantly killed last week when his machine was struck by an automobile while

on duty. He had been a member of the provincial force for six years, and served for a time on Yonge St.

Owing to the continued drought the Ontario potato crop this year will be very light, stated a Dominion Agricultural official this week after completing a survey of potato growing areas. There is apt to be a scarcity of late potatoes and the early varieties yielded only about 25 per cent. crop.

If motor car registrations are any criterion, Ontario has prospered in the last year, for the department of highways reports 23,534 more passenger cars in the province than a year ago—an increase of 5.1 per cent. Trucks have increased from 60,942 to 63,768, or 4.6 per cent.; trailers from 18,245 to 21,426—17.4 per cent.

The picnic season is here and if you are one of those people who delight in spoiling the pleasure of other people you will scatter paper, banana skins and other refuse around the spot where you enjoyed your picnic. By doing this you will make your day complete, for lovers of nature who come to the spot will see your papers and refuse and move on. In this way you may have your favourite spot all to yourself throughout the summer and you may sit among your papers and skins in solitary, if undignified grandeur.

Motorists going to Manitoulin Island by way of Bruce Peninsula and the ferry to the island, report of having to slow down to avoid deer. It is not an every-day occurrence, but it has happened to more than one party on this route this year.

R. V. Malloy of the Owen Sound Transportation Company, which operates the ferry between Tobermory and South Bay Mouth, states that despite the fact the centre road between Wiarton and Tobermory is more heavily travelled than usual this year, deer are encountered on its northern section. He himself had the thrilling experience, along with passengers in another car, this week. Two full-grown deer caused both cars to come to an abrupt stop as they bounded into the bush to safety.

NEWTONBROOK

Newtonbrook United Church Parsonage was the scene of a pretty wedding last Saturday, August 1st at 4.30 p.m. when Miss Betty Round, youngest daughter of Mr. and Mrs. James Round of 141 Athabaska Ave., Newtonbrook, became the bride of Mr. John Revell Keeling, only son of Mr. and Mrs. Alfred Keeling of Toronto. Rev. Alexander H. Halbert officiated. The bride was becomingly dressed in a forget-me-not blue costume with white hat and white accessories and carried a beautiful bouquet of sweetheart roses, corn flowers, gypsophila and fern. She was attended by Miss Mary G. Paterson of Lansing who wore a white costume with yellow hat and yellow accessories and carried a bouquet of Talisman roses, baby's breath and fern. The groom was supported by Mr. Chesley Brett.

A reception was held at the home of the bride's parents with the immediate families present after which the happy young couple left on a motor trip. On their return they will reside in Toronto. We extend best wishes to them for a long and happy wedded life.

Mr. and Mrs. W. T. Wells and daughters Ann and Elise attended the Old Boys and Girls re-union at Lis-towel last week-end.

Rev. A. H. and Mrs. Halbert came home from Lake Simcoe last Friday. They left this week on a motor trip to Temagami and on their return will attend the 50th anniversary services of Hillside United Church, near Huntsville, next Sunday, August 9th where Mr. Halbert was a pastor for four years.

Rev. Dr. G. Sidney Smith and Mrs. Smith and children Raymond and Wanda left last week for their summer cottage at Hillside, Lake of Bays. Dr. Smith will be one of the special preachers at the Jubilee services at Hillside United Church next Sunday where he spent a pastorate many years ago.

Miss Margaret Graham has returned home after spending a three weeks' vacation with relatives in Cobourg.

Miss Winnifred Stevenson and her sister Mrs. Brown of Listowel were guests last week of Mr. and Mrs. W. T. Wells.

Be Happy on the HOLIDAY!

Come in today and **GOODYEAR** get that new set of **PATHFINDERS**

Size 30 x 3 1/2	5.55
Size 29 x 4.40-21	7.85
