WAY BACK IN LIBERAL FILES

FORTY YEARS AGO

From our Issue of Sept. 17th, 1896
The homestead of the late H. Quetton St. George, is advertised for sale elsewhere in this paper. This place with its beautiful sheet of water, and its magnificent grounds, is one of the loveliest spots in the Province.

The adjourned meeting of the Board of Education was held on Monday, September 14th. Present: Messrs. Switzer, McDonald, McConaghy, Naughton, Storey, Harrison, Clubine, Lynett, Palmer, Boyle, Newton. Mr. Naughton in the chair. The chairman announced that the meeting was held for the purpose of considering the advisability of procuring a furnace for the High School. The secretary read tenders which had been received from the McClary Manufacturing Company, Toronto; from Wm. Buck, Brantford; and from the J. F. Pease Company, Toronto. After carefully examining the tenders the Board decided to accept that of the Pease Company. The price to be paid is \$137.50 for The Economy, No. 16, capacity 40,000 cubic feet. It is the intention of the Board to start the excavation at once.

The well-known legal firm of Mulock, Miller, Crawther & Montgomery have removed their offices from the corner of King and Church Sts., Toronto, to more commodious rooms over the Dominion Bank on the corner of King and Yonge Streets. This is the best stand in the city.

A large number of people attended the auction sale of farms at the Palmer House on Saturday. Auctioneer Saigeon first put up the Metcalf farm, on the 2nd Concession of Vaughan which was bought by Mr. Wm. Rumble. The price paid was \$4,410. The Bernard place at Elgin Mills was afterwards offered and this was knocked down to Mr. Inglesby, the price paid being \$5,525.

Mr. Wm. Hardy, of the Township of McGillivray paid the Village another visit, calling on old friends. He says the Village has improved. His last visit was just thirty-five years ago.

Rev. A. P. Brace of Lemenville, formerly of Carville and Maple circuit, was presented with an address of welcome by his congregation, on his return to the circuit from his recent wedding trip.

THIRTY YEARS AGO

From our Issue of Sept. 13th, 1906
Mr. William Jones has sold to Mr. Vanderburgh, of Callender, Muskoka, his house and ten acres of land being part of Lot 27, 2nd Concession, Vaughan. Mr. Jones has purchased Mr. Cable's property, corner of Centre and Elizabeth Streets, and will remove here in a few months.

A walk through the Richmond Hill Cemetery will show that more than a century has passed since the burial of some of our earliest inhabitants in "the city of the dead." A little to the south of the walk may be seen a tomb stone bearing the inscription "Abner Miles, died July 26, 1806." Mr. Miles who was the first owner of the Palmer farm, lot 45, is said to be the first man buried in the cemetery. The stump of a pine tree about three feet in diameter, sawed off close to the ground a number of years ago, and which was planted after the burial, is an indication that many years have elapsed since the first burial.

Mr. Neighorn, trustee for the Artesian Water Company, and his solicitor, Mr. Werrett, attended the council meeting Tuesday evening and got permission to lay pipes along Yonge Street through the Village. The above gentlemen have also received permission from York and Vaughan townships, and hope to have a similar privilege from Markham township. The company are asking the Ontario Government for a charter to allow them to bring water from artesian wells on the 8th Concession of Whitchurch, near Ringwood, to Toronto Junction and other places along the line. The piping will strike Yonge Street about Elgin Mills, and will leave it at York Mills. This is a luxury to be looked forward to with pleasure.

Mr. P. S. Gibson of Willowdale, was in the Village Friday surveying Centre Street west, with the object of widening that street.

Officials of the new James Bay Railway made a trial trip over the new road last week stopping at Richmond Hill where they were met by Reeve Crosby and Councillor Sanderson and made an inspection of the new station, water tank, etc.

General News & Views

Pretty soon now you'll be seeing predictions that it'll be a long hard winter; a short open winter, or a winter like we always get despite predictions.

Municipal elections will be held in Newmarket on Monday, December 7, this year in stead of January 4, the town council decided at a meeting held last week. It is thought the new date would be more convenient to both voters and candidates.

Motorists are warned to exercise great care in passing cars with trailers attached, while rounding a bend in the road. Several accidents have been reported recently due to the fact that the trailers swung over sufficiently to hit passing cars.

One more cutting of grass, and we shall be able to beat our lawn mowers in snow shovels. Fall fairs are here, and winter will not be long following.

Merchants who advise people to "buy at home" and who deal out of town themselves are about as consistent as a Christian Science medical doctor if you can imagine such "an animal."

The annual plowing match of the North York Association is to be held some time in October at the farm of Geo. Rodanz (the Robert Miller Farm) at Ringwood. There are some eight hundred acres available on the farm for the match so it is expected there will be room for all plowmen who desire to take part in it.

They say that hard work never killed anyone, but it has saved a lot of people half to death.

Judith—I'm getting a divorce the moment I've saved up enough.
Marion—Cash?
Judith—No, evidence.

The man or woman who takes out a driver's license performs a voluntary act which involves an implied contract with his fellow citizens. Surely one of the terms of that contract is a declaration on the driver's part that he possesses and will exercise that speck of sense which tells him that brakes are life-savers. It is no life-and-death matter if the engine won't turn over, but a car that can't be stopped within a reasonable distance is the equivalent of a mad elephant.—Winnipeg Tribune.

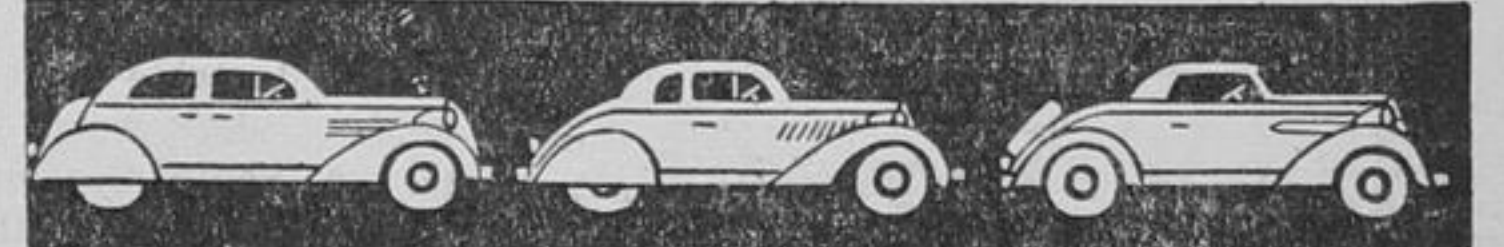

Dr. and Mrs. C. E. Hill, Lansing, returned home Sunday after an absence of over seven weeks spent on the Vimy Pilgrimage and travelling in Europe and the British Isles. They report a very enjoyable time and like all travellers the best part was the homecoming and again meeting their children David and Nancy and their friends. Dr. Hill said that the most outstanding events were the Vimy Ceremony, Premier Baldwin's Reception and the Cenotaph Service, King Edward's Garden Party, 6 days in Paris, a 6000 feet ascension by Alpine railway up Mount Pilatus in Switzerland, 120 mile trip down the Rhine from Wiesbaden to Bonn, a trip across the Zuder Zee to Merkin, and an 100 minute trip by a Royal Dutch Air Liner from Amsterdam to London.

FLOWERS OF THE MIND

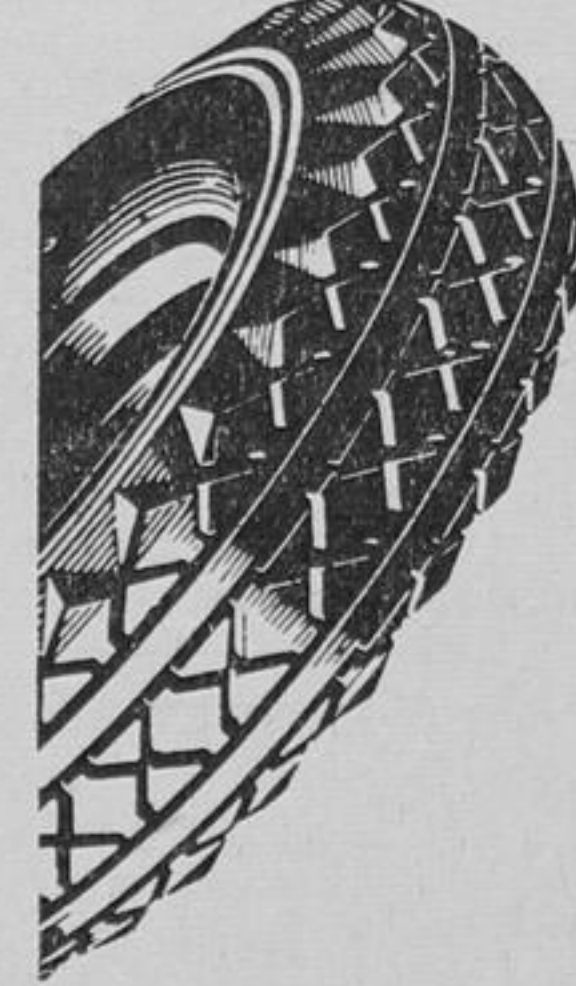

Last winter, when I was in bed with the 'flu
And a temperature of a hundred and two,
I was telling the gardner what he should do.
You must keep the Neurosis well watered, I said,
Be certain to weed the Anaemia bed.
That yellow Wypis is getting too tall
Tie up the Lumbago that grows on the wall.
Those scarlet Convulsions are quite a disgrace,
They're like the Delirium — all over the place.
The pink pyorrhea is covered with blight,
The golden Arthritis has died in the night.
Those little dwarf Asthmas are nearly in bloom—
But just then the doctor came into the room.
—Reginald Arkell in 'Green Fingers.'

When a wife says, "you men are so helpless!" it means her husband is stalling to escape a job he doesn't like.
