WAY BACK IN

LIBERAL FILES

FORTY YEARS AGO

From our Issue of Sept. 24th, 1896
One of the large chimneys on the Dominion Hotel furnished fireworks around "the hub" on Saturday evening for about half an hour, which might have been more exciting had not the roof and surroundings been wet with the rain that fell during the day. After a thorough burning out the sparks emitted from the combustible matter settled down and all was quiet.

The funeral of the late Mrs. Thos. Palmer took place on Friday afternoon. A large concourse of people assembled to pay their last sad tribute of respect to one who was highly esteemed in this section of country. The schools were closed in consequence of the sad occurrence. After the burial an impressive sermon was preached in the Presbyterian church by Rev. J. A. Grant, M.A.

Ignace Paderewski has written a new minuet for the piano, which he has dedicated to his American admirers and given the significant name of "Menuet Moderne." He regards the new composition as his best, and believes that it will meet with greater popular favor than his "Menuet a L' Antique," written in 1883, of which over seven million copies were sold in a single year. It is the first minuet written by Paderewski since "L' Antique," and was composed by the famous pianist expressly for The Ladies' Home Journal.

THIRTY YEARS AGO

From our Issue of Sept. 27th, 1906
There is now an attendance at the High School of 101 pupils, and several others are expected in a few days. That is the largest attendance in the history of the school.

Mr. Crosby is making alterations in the Fire Proof Store which when completed will be occupied by Mr. A. J. Hume as a tailoring establishment. Miss Coulter purposes converting Mr. Hume's present shop into a dwelling.

Mr. Jesse Winger of Carrville has purchased in Toronto, Autocar No. 2438. The machine is a good mover, and Mr. Winger will doubtless make good use of it in his extensive business.

The perpendicular stairs in Trench's Carriage Works have been replaced by another flight built on the angle of an hypotenuse. The change, doubtless, has been made to meet the wishes of the senior workman of the shop.

The town of Aurora are advertising for tenders for the purchase of Water Works Improvement Debentures, amounting to \$10,000. The debentures bear interest at 4½ per cent yearly, and extending over a period of 20 years.

TEMPERANCEVILLE

The monthly meeting of the W. I. met at the home of Mrs. Roy Follott last Tuesday. A very fine educational program was given, which was prepared by Mrs. Wilkins and Mrs. W. Jennings. The roll call was answered by defining an educated person. Mrs. M. B. Beynon gave a splendid paper on "Co-operation between parents and teacher." Mrs. Wilkins who served for a number of years as a school trustee, gave a very interesting and instructive talk on "The Duties of Trustees and School Laws." At the close of the meeting a dainty lunch was served by the hostess and committee.

Harvest Home services are being observed in St. John's Oak Ridges on Friday, Sept. 25th and on Sunday, Sept. 27th at 11 a.m. S.T. Rev. P. S. Scanes will be the speaker on Friday evening.

St. John's A.Y.P.A. will open their season's activities by holding a corn and weiner roast at the home of Mr. and Mrs. G. Kerswill. A good program is being arranged. Come and have a good time with the young people.

The Mission Band Rally was held in the United Church on Saturday afternoon. Aurora band was well represented and put on several numbers of the program. The worship service was led by the local band. Miss Campbell of Toronto who spent 29 years as a missionary in Angola, Africa, was the guest speaker, and gave an interesting talk on her work there. Games were played, and lunch served.

General News & Views

Barrie business men report the summer trade in that town the biggest in years.

Wheat this week jumped several cents per bushel to establish a record high for a period of six years.

There were just as many careless drivers 30 years ago, but the horses had more sense.

Monday, October 12th will be Thanksgiving Day.

A man wrapped up in himself makes a very small package.

Sales made at the Toronto Exhibition, were 40 per cent. ahead of last year, though the attendance was slightly down because of unfavourable weather. Such an increase is an encouragement to be optimistic regarding business conditions.

Renewal of trade with Russia promises to open up a market for much of Canada's surplus cattle. The opinion seems quite general among farmers and cattle dealers that such an outlet would materially improve the condition of the cattle market in this country—something that is greatly needed.

She could swing a six-pound dumb-bell,
She could fence and she could box;
She could row upon the river,
She could clamber 'mong the rocks;
She could golf from morn till evening;

And play tennis all day long;
But she couldn't help her mother—
'Cause she wasn't very strong.

Official reports from the weighing-in station of Collingwood Fishing Association reveal that W. S. Bremer of New Washington, Ohio, is still leading in the trout fishermen's race for the association trophy with a catch of 19½ pounds.

With Councillor Joseph Vale alone dissenting, Newmarket council has passed a resolution asking for the provision of "facilities for sterilization" of mentally deficient persons.

All will agree with Chief Justice Hugh E. Rose, when he declares that reckless driving in Ontario will stop only when people of the Province seriously make up their minds that it is going to stop. Many will also agree when he says: "I am not sure that we are following the logical course in prosecuting only when there has been a serious accident or death. We attach too much importance to results."

The North Ontario Plowman's Association are holding their annual plowing match in Uxbridge on Oct. 15th, 1936. The match is to be held on the farm owned by Mr. Thomas Ball, which is one mile west of Uxbridge.

The grounds committee of the East York Plowmen's Association have located a suitable place to hold the match this year. Mr. John Grant's farm at Milliken has been chosen and according to the secretary, Clark Young, it should be a fine spot. The land is quite level and the soil of the best with both sod and stubble.

The fellow who never talks unless he has something worth saying, usually has time to think between talks.

Without tolerance, mutual understanding, mutual goodwill and co-operation there can be no such thing as peace or happiness and these necessary virtues are far from prevalent in these irrational days. It's a mad world.

It is not good for any man to get the notion that he has done too much for his town and community. The man does not live who can do as much for his community as it has done for him. He may think that his efforts are unappreciated at times, and maybe they are. At the same time, whatever success he may have had has been dependent upon the community and its people some way or another—and he should not forget that.

LIGHTNING FIRES ALBION BARN
On Wednesday morning lightning struck and fired the barn of Howard Baguley, well known Albion Township farmer.

GOOD YEAR "PATHFINDER" has the famous "All-Weather" Tread — FINEST OF 1936!

Look where you will, you'll find no tire value to equal it — for the simple reason that the Pathfinder is actually a "first-line" quality at a big discount in price.
